Rule 195-11-.13. Service Obligation and Board Approval of Practice Location.

- (1) The initial scholarship award and each subsequent annual renewal of the scholarship award requires a one year service obligation upon completion of the recipient's graduate medical education. The scholarship recipient is required to practice medicine on a fulltime basis (at least 40 hours per week) in a practice location approved by the Board in an area of this state which is rural or underserved by primary care physicians as determined by the Board, in a regional area of this state composed of rural counties where an unmet need for certain primary care and other critical need specialty physicians exists as determined by the Board and approved by the commissioners of Community Health and Public Health, or in a medical facility operated by or under the jurisdiction of the Department of Public Health, the Department of Behavioral Health and Developmental Disabilities, the Department of Corrections, or the Department of Juvenile Justice. For the primary care specialties of family medicine, general internal medicine, and general pediatrics, rural and underserved area is defined as a rural county in Georgia of 50,000 population or less according to the United States decennial census of 2010 or any future such census or an area of this state which is rural and underserved by primary care physicians as determined by the Board. For scholarship recipients receiving awards prior to July 1, 2014, practice locations for Obstetrics/Gynecology and other critical need specialties include regional areas composed of counties located in rural Georgia where an unmet need for physicians exists as determined by the Board and approved by the commissioners of Community Health and Public Health.
- (2) The scholarship recipient must begin practice in a location approved by the Board within 90 days of completion of graduate medical education.
- (3) Counties eligible as practice locations shall be determined on the basis of the county population published in the official census of the United States for the decade in which the recipient's initial scholarship award contract was signed. Regional areas shall be determined by the Board, and approved by the Commissioners of Community Health and Public Health, on the basis of where an unmet need for Obstetrics/Gynecology and other critical need specialties exist.
- (4) Payment of the service obligation of the scholarship contract is calculated on the basis of one year (12 calendar months) of service for the initial scholarship contract, and one year of service for each renewal scholarship contract. Credit toward meeting the service obligation is calculated on a daily basis from the date the recipient begins practice in a Board approved practice location.
- (5) Leave of absence for more than 7 weeks (35 workdays) per year from the medical practice for medical, personal, formal education, or other reasons is not credited toward meeting the service obligation of the contract. Vacation, holidays, and time for continuing medical education shall not be construed to be "leave of absence" unless it extends past the 7 week period.
- (6) Board approval in writing is required for all practice locations the recipient selects to meet the service obligation of the scholarship contract.

- (7) Recipients may change practice locations with written approval of the Board.
- (8) The recipient must submit an annual report in order to receive credit toward meeting the service obligation of the scholarship contract. The annual report shall include the following information:

Rule 195-11-.14. Contract Default and Penalties.

- (1) **Student Default.** In the event a scholarship recipient is dismissed from medical school for either academic or disciplinary reasons, or if a recipient voluntarily withdraws from medical school prior to completion of the requirements for the M.D. or D.O. degree, or if the recipient is unable to obtain licensure from the Georgia Composite Medical Board due to failure to meet licensure requirements to practice medicine, the scholarship funds received, plus interest at 12 percent per annum from the date of each payment by the Board compounded annually to the date the scholarship is paid in full for each scholarship contract year shall be repaid to the Board, with interest to be calculated as follows.

- (a) Interest is calculated on an annual basis, with interest compounded onto the outstanding principal owed by the student.
 - (b) Interest compounds onto the principal owed, meaning that interest accrues onto the outstanding principal with each annual calculation.
 - (c) In order to calculate interest for a partial year, the annual interest is calculated fully and divided by 12. That calculation is then multiplied by the number of months from the last interest calculation to the month the funds are paid in full.
 - (d) The number of months to use in this calculation is determined as the number of months that have passed since the Georgia Board of Health Care Workforce submitted payment on behalf of the student and the anticipated month that funds shall be received in full.
 - (e) Interest calculations made for the initial month of receipt of Georgia Board of Health Care Workforce funds and the month in which these funds are repaid in full is calculated for an entire month, regardless of the length of time a recipient actually held debt from the Georgia Board of Health Care Workforce during those two months.
 - (f) In cases involving long-term repayment, a one-time charge of 15% will be added to the total debt owed by the student to account for the costs of servicing this debt repayment.
 - (g) The Board may consent or agree to a lesser measure of damages for compelling reasons as determined by the Board, such as life-threatening illness or loss of ability to be gainfully employed due to illness or accident.
- (2) **Default.** A scholarship recipient shall be considered in breach of contract in the following circumstances which lead to the triple damage penalty:
- (a) Recipient fails to submit the annual report while enrolled in a graduate medical education program.
 - (b) Scholarship recipient fails to begin full-time medical practice in a Board approved practice location within 90 days after completing graduate medical education.
 - (c) Scholarship recipient fails to complete all or a portion of the service obligation of the scholarship contracts, including the requirement for full-time practice and the submission of the required annual report.
 - (d) Scholarship recipient fails to obtain and maintain a Georgia medical license during the service obligation period of the initial scholarship contract and any renewal scholarship contracts.

- (3) **Triple Damages Penalty.** In the event of default or breach of contract by the recipient, the recipient shall be immediately liable to the Board for three times (3x) the total amount of funding received from the initial scholarship award and all renewal scholarship awards. The total amount on which the triple damages penalty is calculated shall be reduced by credit for fulfillment of any portion of the service obligation.

Example:

Initial Scholarship Award:	\$ 20,000
Renewal Scholarship Award:	\$ 20,000
Renewal Scholarship Award:	\$ 20,000
Renewal Scholarship Award:	\$ 20,000
Total funding received:	\$ 80,000
Penalty for default:	\$240,000

- (4) Georgia Board of Health Care Workforce may consent to a lesser measure of damages for compelling reasons as determined by the Board.
- (5) In the event the scholarship recipient disputes the findings of the Board with regard to breach of contract, the scholarship recipient may elect to file an appeal in accordance with the Board's policy for due process. It is incumbent upon the recipient to provide the Board with the recipient's most current mailing address and telephone number.
- (6) **Board Cancellation of Contract.** The Georgia Board of Health Care Workforce may cancel the scholarship of any applicant at any time for any cause deemed sufficient by the Board, provided such authority is not used arbitrarily or unreasonable. In such cases as the Board cancels the contract, the penalty for cancellation is the principal paid to the recipient plus 12% interest per annum from the date of each payment by the Board compounded annually to the date the scholarship is paid in full.

Rule 195-25-.10. Due Process and Collection Provisions in the Event of Default.

- (1) **Intent and General Approach.** The Georgia Board of Health Care Workforce intends to carry out the purpose of the Georgia Physician Education Loan Repayment Program to recruit physicians in medically underserved rural areas of Georgia. It is also the intention of the Georgia Board of Health Care Workforce to assure due process in the enforcement of the provisions of the program contract. Therefore, in the event of default by the recipient of the service obligations of the contract, the Board will take reasonable steps to negotiate the completion of the service obligation by the recipient prior to enforcement of the penalty provisions of the contract.

- (2) **Assessment of Default.** Board staff shall investigate potential default situations, obtain information from recipients pertaining to the potential default, and report to the Board.
- (3) **Notification and Due Process Procedures.** In the event the Board determines a recipient to be in default, the following steps shall be taken:
- (a) Notification of Default. The Executive Director of the Board shall notify the recipient by certified mail of the Board's finding that the recipient is in default. The notification letter shall include the facts upon which the Board made its default finding. The letter of notification shall provide information on the penalty provisions of the contract, including the total penalty due and payable, the Board's procedures for enforcement of the penalty provisions, and the opportunity for the recipient to obtain a hearing before the Board to appeal the finding of default.
 - (b) Opportunity for a hearing prior to enforcement of penalty provisions. Upon receipt of a notice of default, the recipient will be allowed thirty (30) days from the mailing date of the default notice to request a hearing before the Board to dispute the finding of default or to provide information to the Board as to why the penalty provisions of the contract should not be enforced. Said hearing shall take place within sixty (60) days of receipt of a clearly written request for a hearing.
 - (c) Hearing
 - 1. The Board Chair shall serve as the presiding officer for the hearing. In the absence of the Chair, the Board Vice Chair shall preside.
 - 2. The recipient shall have a reasonable amount of time during the hearing to present information relevant to the issue of default to the Board. The presiding officer of the hearing shall determine the length of the hearing and shall have the sole authority to bring the hearing to closure.
 - 3. The testimony of individuals with knowledge relevant to the recipient's case is requested to be submitted in writing to the Board at least one week prior to the date of the hearing. The presiding officer of the hearing may permit live testimony if, in the sole opinion of the presiding officer, the information to be presented by witnesses is relevant and useful to assist the Board in making an appropriate decision.
 - 4. Neither the Board nor the recipient shall be represented by legal counsel at the hearing.
 - 5. At the conclusion of the hearing, action to accept or reject the recipient's appeal shall be made by a majority vote of the Board members present. The decision of the Board shall be final.
 - 6. The recipient shall be notified in writing of the Board's decision within ten days of the date of the hearing.

7. If the recipient declines the offer of a hearing before the Board or fails to appear as scheduled, the penalty provisions of the contract shall be enforced immediately.

(4) Enforcement of Penalty Provisions.

- (a) In the event of default and following the implementation of the notification and due process procedures, the penalty provisions of the contract shall be enforced through the civil courts.
- (b) In the event legal action is instituted to collect any amount under the contract, the recipient shall pay attorney's fees incurred in the collection in an amount equal to fifteen percent (15%) of the unpaid balance of principal and interest.
- (c) Principal and penalties collected through the courts shall be used to pay the balance of any costs of collection, with the balance returned to the State of Georgia Treasury.
