Chapter 350-3. SANCTIONS FOR NURSING FACILITIES.

Rule 350-3-.01. Definitions.

- (1) "Complaint Investigation" means a survey or visit to determine the validity of allegations of resident abuse, neglect or misappropriation of resident property, or of other noncompliance with applicable federal and state requirements.
- (2) "Deficiency" means a failure of compliance with a Program Requirement. The fact that a deficiency no longer exists at the time of the Survey or complaint investigation which identifies it shall not negate its status as a deficiency for the purpose of imposing a civil monetary penalty or requesting a Plan of Correction.
- (3) "Finding" means a determination, as the result of a survey or complaint investigation of the facility, that noncompliance with a Program Requirement could or should have been prevented or has not yet been identified by the facility, is not being corrected by proper action by the facility, or cannot be justified by special circumstances unique to the facility or the resident.

- (4) "Initial finding" means the first time that a deficiency or deficiencies is recorded by a surveyor as the result of a survey or complaint investigation. Initial findings may be records of deficiencies that occurred prior to the date of the survey visit even if the deficiencies no longer exist at the time of the current survey.
- (5) "Monitor" means a person or organization placed in a facility by the Department or the State Survey Agency for the purpose of overseeing a facility's correction of deficiencies or to ensure orderly closure of a facility. A monitor shall have practical long-term care experience related to the aspect(s) for which the facility is being monitored.
- (6) "Nursing Facility" means an institution (or a distinct part of an institution) which
 - (a) is primarily engaged in providing to residents
 - 1. skilled nursing care and related services for residents who require medical or nursing care,
 - 2. rehabilitation services for the rehabilitation of injured, disabled, or sick persons, or
 - 3. on a regular basis, health-related care and services to individuals who because of their mental or physical condition require care and services (above the level of room and board) which can be made available to them only through institutional facilities, and
 - (b) is not primarily for the care and treatment of mental diseases; and
 - (c) is enrolled as a provider in the Georgia Medical Assistance program.
- (7) "Program Requirement" means any requirement contained in Subsection 1919(b), (c), or (d) of the Social Security Act of 1935, as amended, including but not limited to the provisions implemented by the Omnibus Budget Reconciliation Act of 1987, P.L. 100-203.
- (8) "Repeat deficiency" is a deficiency related to resident care which recurs within eighteen (18) months of its citing in an Initial Finding, and which is found at a follow-up visit, complaint investigation, subsequent survey, or otherwise.
- (9) "Repeated noncompliance" means a finding of substandard quality of care on three (3) consecutive annual surveys.
- (10) "Resurvey" means a follow-up visit to determine whether the deficiencies found in a survey or complaint investigation have been corrected.
- (11) "Scope" means the frequency, incidence, or extent of the occurrence of a deficiency in a facility.

- (12) "Severity" is the seriousness of a deficiency, which means the degree of actual or potential negative impact on a resident (as measured by negative outcomes or rights violations) or the degree to which his/her highest practicable physical, mental, or psychosocial well-being has been compromised.
- (13) "State Survey Agency" means the Georgia Department of Human Resources.
- (14) "Subsequent finding" means a violation or deficiency found on a resurvey. The deficiency must exist at the time of the resurvey or revisit. If a deficiency cited in an Initial Finding is found upon resurvey or revisit, a rebuttable presumption arises that the deficiency continued throughout the period of time between the initial survey or visit and the resurvey or revisit.
- (15) "Substandard quality of care" means a finding by the Department or the State Survey Agency of one or more deficiencies, the existence of which limit(s) the facility's ability to deliver adequate care or services.
- (16) "Survey" means a review of a case-mix stratified sample of nursing facility residents to determine the quality of care furnished as measured by indicators of medical, nursing, and rehabilitative care, dietary and nutrition services, activities, and social participation, and sanitation, infection control, and physical environment. Such survey shall include an exit interview in which the surveyor and the facility shall attempt to resolve any conflicts regarding findings by the surveyor(s).
- (17) "Surveyor" means a professional authorized by the State Survey Agency to conduct surveys or complaint investigations to determine compliance with Program Requirements.
- (18) "Termination of the facility's participation" means exclusion of a facility from participation as a provider under the Georgia State Plan for Medical Assistance as a result of one or more deficiencies.

Rule 350-3-.02. Remedies.

If the Department finds that a facility does not or did not meet a Program Requirement governing nursing facilities, it may impose the following remedies, independently or in conjunction with others, subject to the provisions of this Chapter for notice and appeal.

- (a) Termination of the facility's participation.
- (b) Denial of Medicaid payments for services rendered by the facility to any recipient admitted to the facility after notice to the facility. This remedy shall remain in effect until the Department determines that the facility has achieved substantial compliance with all Program Requirements, or until another remedy is substituted for it. A facility subject to this remedy may request termination of the remedy on the ground that it has achieved substantial compliance with program requirements. The Department shall respond to the request by terminating the remedy, requesting additional information if documentation of substantial compliance is considered insufficient, or conducting a resurvey within twenty (20) days of receipt of the request. This remedy shall not be imposed with respect to temporarily hospitalized recipients previously residing in a facility placed on such notice who return to the facility after the date of notice, or with respect to residents who become Medicaid eligible after the date of notice and who resided in the facility prior to the date of notice.
- (c) Civil monetary penalties, as specified in Section .04. When penalties are imposed on a facility, such penalties shall be assessed and collected for each day in which the facility is or was out of compliance with a Program Requirement. Interest on each penalty shall be assessed and paid as specified in Section .04. For individuals, such penalties shall be assessed for each infraction, as described in Section .04(g).
- (d) Temporary management as specified in Section .05, to oversee operation of the facility and to assure the health and safety of the facility's residents while there is an orderly closure of facility or while improvements are made in order to bring the facility into compliance with all Program Requirements.
- (e) Closure of the facility and/or transfer of recipients to another facility, in the case of an emergency as described in Section .03(e).
- (f) Plan of Correction, to be drafted by the facility and submitted within a specified time to the Department. Each proposed Plan shall delineate the time and manner in which each deficiency is to be corrected. The Department shall review the proposed Plan and accept or reject the Plan by notice to the facility.
- (g) Ban on admission of persons with certain diagnoses or requiring specialized care who are covered by or eligible for Medicare or Medicaid. Such bans may be imposed for all such prospective residents, and shall prevent the facility from admitting the kinds of residents it has shown an inability to care for adequately as documented by deficiencies.
- (h) Ban on all Medicare and Medicaid admissions to the facility or to any part thereof. Such bans shall remain in effect until the Department determines that the facility has achieved substantial compliance with all Program Requirements, or until another remedy is substituted for it. A facility may request termination of this remedy in the manner described in (b) above. This remedy shall not be imposed with respect to temporarily hospitalized residents previously residing in a facility placed on such notice who return to

the facility after the date of notice, or with respect to residents who become Medicaid eligible and who resided in the facility prior to the date of notice.

Rule 350-3-.03. Imposition of Remedies.

In determining which remedy to impose, the Department shall consider the facility's compliance history, change of ownership, and the number, scope, and severity of the deficiencies. Subject to these considerations, the Department shall impose those remedies described in Section .02 most likely to achieve correction of the deficiencies.

- (a) Immediate jeopardy. If the Department finds that the facility's deficiency or deficiencies immediately jeopardize(s) the health or safety of its residents, the Department shall:
 - 1. appoint temporary management and impose one or more of the remaining remedies specified in Section .02; or
 - 2. terminate the facility's Medicaid participation and, at its option, impose one or more of the remaining remedies specified in Section .02.
- (b) Absence of immediate jeopardy. If the Department finds that the facility's deficiency or deficiencies do not immediately jeopardize resident health or safety, the Department may impose one or more of the remedies specified in Section .02.
- (c) Repeated noncompliance. If the Department makes a determination of repeated noncompliance with respect to a facility, it shall deny payment for services to any individual admitted to the facility after notice to the facility. Additionally, the Department shall monitor the facility on-site on a regular, as-needed basis, (as provided in Section .06), until the facility has demonstrated to the Department's satisfaction that it is in compliance with all Program Requirements governing facilities and that it will remain in compliance.
- (d) Delayed compliance. If a facility has not complied with any Program Requirement within three (3) months of the date the facility is found to have been out of compliance with such Requirement, the Department shall impose the remedy of denial of payments for services to all individuals admitted after notice to the facility.

- (e) Emergencies. When the Department has determined that residents are subject to an imminent and substantial danger, it may order either closure of the facility or transfer of the recipients to another facility. The Department shall give notice of any such proposed remedy to the facility, the residents who will be affected or their representatives, the affected residents' next-of-kin or guardians, and all attending physicians. When either of these remedies is imposed, no Administrative Review shall be available and the provisions of Subsection .09(2) shall apply.
- (f) Conflict of remedies. In the case of facilities participating in both Medicare and Medicaid which have been surveyed by both the State Survey Agency and the Health Care Financing Administration, or whose certification documents have been reviewed by both, and for whom the State Survey Agency and the Health Care Financing Administration disagree on the decision to impose a remedy or the choice of a remedy, the decision of the Health Care Financing Administration with regard to Medicare shall apply.

Rule 350-3-.04. Civil Monetary Penalties.

Civil monetary penalties shall be based upon one or more findings of noncompliance; actual harm to a resident or residents need not be shown. Nothing shall prevent the Department from imposing this remedy for deficiencies which existed prior to the survey or complaint investigation through which they are identified. A single act, omission, or incident shall not give rise to imposition of multiple penalties, even though such act, omission, or incident may violate more than one Program Requirement. In such cases, the single highest class of deficiency shall be the basis for penalty. Compliance by the facility at a later date shall not result in the reduction of the penalty amount. Civil monetary penalties and any attorneys' fees or other costs associated with contesting such penalties are not reimbursable Medicaid expenses except in the case where a facility prevails, in which case reasonable attorneys' fees and costs shall be allowable. Whenever such penalties are collected, the Department shall conduct a financial field audit to ensure that there has been, and will be, no Medicaid reimbursement associated with the penalties.

- (a) Classification of deficiencies. The three classes of deficiencies upon which civil monetary penalties shall be based are as follows:
 - 1. Class A: A deficiency or combination of deficiencies which places one or more residents at substantial risk of serious physical or mental harm.

2. Class B: A deficiency or combination of deficiencies, other than Class A deficiencies, which has a direct adverse affect on the health, safety, welfare, or rights of residents; or a failure to post notices issued by the Department of imposition of remedies;
 3. Class C: A deficiency or combination of deficiencies, other than Class A or B deficiencies, which indirectly or over a period of more than thirty (30) days is likely to have an adverse affect on the health, safety, welfare, or rights of residents.
- (b) Amounts. When Civil Monetary Penalties are imposed, such penalties shall be assessed for each day the facility is or was out of compliance. The amounts below shall be multiplied by the total number of beds certified for participation in the Medicare and Medicaid programs according to the records of the State Survey Agency at the time of the survey. Penalties shall be imposed for each class of deficiencies identified in a survey or complaint investigation

<u>Class</u>	<u>Initial Finding</u>	<u>Subsequent Finding</u>	<u>Repeat Deficiency</u>
A	\$ 10.00	\$ 15.00	\$ 20.00
B	5.00	7.50	10.00
C	1.00	1.50	3.00

In any ninety (90) day period, the penalty amounts may not exceed the applicable ceiling as described immediately below. The ceiling (Initial, Subsequent, or Repeat) shall be determined by which category has the largest percentage of the deficiencies cited in the survey or complaint investigation.

<u>Bed Size</u>	<u>Initial Finding</u>	<u>Subsequent Finding</u>	<u>Repeat Deficiency</u>
0 - 50	\$ 4,000	\$ 6,000	\$ 8,000
51 - 100	6,000	9,000	12,000
101 - 150	8,000	12,000	16,000
151 or more	10,000	15,000	20,000

- (c) Procedure for imposing civil monetary penalties. Civil monetary penalties shall be imposed as follows:
1. Within ten (10) business days of its discovery of a deficiency, the State Survey Agency shall deliver to the Department its recommendation for assessment of a penalty as a result of such deficiency.
 2. The decision to assess the penalty shall be made by a person in the Department who is not the surveyor(s) or complaint investigator(s) who reported the deficiency.
- (d) Notice. The Department shall give written notice to the facility of its imposition of any such penalty within ten (10) business days of its receipt of a recommendation by the State

Survey Agency for the assessment of a penalty. The notice shall inform the facility of the amount of the penalty, the basis for its assessment, and the facility's appeal rights.

- (e) Payment. Within fifteen (15) business days from the date the notice is received by the facility, the facility shall pay the full amount of the penalty or penalties unless the facility requests Administrative Review of the decision to assess the penalty or penalties. The amount of a civil monetary penalty determined through Administrative Review shall be paid within ten (10) business days of the facility's receipt of the Administrative Review decision unless the facility requests an Administrative Hearing. The amount of the civil monetary penalty determined through a hearing shall be paid within ten (10) business days of the facility's receipt of the hearing decision. Interest at the legal rate of interest established by Georgia law shall begin to run on the later of one (1) business day after:
 - 1. the facility's receipt of notice of the penalty; or
 - 2. the date of issuance of the Administrative Review or Hearing decision.

Failure of a facility to pay the entire penalty as specified in this paragraph shall result in an automatic final decision and no further administrative or judicial review or hearing shall be available to the facility.

- (f) Collection of civil penalties. If a facility fails or refuses to pay a penalty within the time required, the Department may collect the penalty by subtracting all or part of the penalty amount plus interest from future medical assistance payments to the facility. Additionally, the Department may subtract a fee representing the actual administrative cost of collection. Nothing herein shall prohibit the Department from obtaining judicial enforcement of its right to collect penalties and interest thereon.
- (g) Imposition against individuals. Each recipient resident's functional capacity shall be assessed by the facility using an instrument specified by the Department. A civil money penalty of \$1,000 per assessment shall be imposed by the Department against any individual who willfully and knowingly certifies a material and false statement in such assessment instrument or other documents used to support the assessment. A civil money penalty of \$5,000 per assessment shall be imposed by the Department against any individual who willfully and knowingly causes another individual to certify a material and false statement in such assessment instrument or other documents used to support the assessment. Any such penalty shall be imposed by written notice to the individual according to the same provisions as set forth in Paragraphs (c) through (e) of this Section regarding deficiencies.
- (h) Use of civil monetary penalties. The Department may use collected civil monetary penalties for the following purposes:
 - 1. protecting the health or property of residents;
 - 2. paying costs of relocating residents;

3. maintaining the operation of a nursing facility while deficiencies are corrected or the facility is being closed; and
4. reimbursing residents for personal funds lost, which reimbursement shall not adversely affect a person's Medicaid eligibility.

Rule 350-3-.05. Temporary Management.

The Department shall impose the remedy of temporary management in situations where it finds that there is a need to oversee operation of the facility and to assure the health and safety of the facility's residents while there is an orderly closure of the facility or while improvements are made in order to bring the facility into compliance with all Program Requirements. Temporary management shall not be imposed unless other less intrusive remedies will not result in compliance, have failed to cause the facility to achieve compliance, or the Department has found that the facility's deficiency or deficiencies immediately jeopardize the health or safety of its residents.

- (a) Recommendation for appointment of temporary management. Within ten (10) business days of its completion of a survey or complaint investigation, the State Survey Agency shall deliver to the Department its written recommendation for appointment of temporary management it, in the Agency's judgment, such appointment is necessary. The recommendation shall specify the grounds upon which it is based, including an assessment of the capability of the facility's current management to achieve and maintain compliance with all Program Requirements.
- (b) The decision to appoint temporary management shall be made by a person, appointed by the Commissioner, who is not the surveyor or complaint investigator who discovered the deficiencies or made the recommendation for appointment.
- (c) The Department shall give written notice to the facility of its appointment of temporary management within ten (10) business days of its receipt of a recommendation for appointment from the State Survey Agency, unless the Department determines that temporary management is not necessary. When the Department has determined that the facility's deficiency or deficiencies immediately jeopardize the health or safety of its

residents, no Administrative Review shall be available and the provisions of Subsection .09(2) shall apply.

(d) Who may serve. The Commissioner may appoint any person or organization which meets the following qualifications:

1. The temporary manager shall not have any pecuniary interest in or pre-existing fiduciary duty to the facility to be managed.
2. The manager must not be related, within the first degree of kinship, to the facility's owner, manager, administrator, or other management principal.
3. The manager must possess sufficient training, expertise, and experience in the operation of a nursing facility as would be necessary to achieve the objectives of temporary management. The manager must possess a Georgia nursing home administrator's license.
4. The manager must not be an existing competitor of the facility who would gain an unfair competitive advantage by being appointed as temporary manager of the facility.

(e) Powers and duties of the temporary manager.

1. The temporary manager shall have the authority to direct and oversee the correction of Program Requirement deficiencies; to oversee and direct the management, hiring, and discharge of any consultant or employee, including the administrator of facility; to direct the expenditure of the revenues of the facility in a reasonable, prudent manner; to oversee the continuation of the business and the care of the residents; to oversee and direct those acts necessary to accomplish the goals of the Program Requirements; and to direct and oversee regular accountings and the making of periodic reports to the Department. The temporary manager shall provide reports to the Department no less frequently than monthly showing the facility's compliance status. Should the facility fail or refuse to carry out the directions of the temporary manager, the Department shall terminate the facility's participation and may, at its discretion, impose any other remedies described in Section .02.
2. The temporary manager shall observe the confidentiality of the operating policies, procedures, employment practices, financial information, and all similar business information of the facility, except that the temporary manager shall make reports to the Department as provided in this section.
3. The temporary manager shall be liable for gross, willful or wanton negligence, intentional acts or omissions, unexplained shortfalls in the facility's funds, and breaches of fiduciary duty. The temporary manager shall be bonded in an amount equal to the facility's revenues for the month preceding the appointment of the temporary manager.

4. The temporary manager shall not have authority to do the following:

- (i) To cause or direct the facility or its owner to incur debt or to enter into any contract with a duration beyond the term of the temporary management of the facility;
- (ii) To cause or direct the facility to encumber its assets or receivables, or the premises on which it is located, with any lien or other encumbrance;
- (iii) To cause or direct the sale of the facility, its assets, or the premises on which it is located;
- (iv) To cause or direct the facility to cancel or reduce its liability or casualty insurance coverage;
- (v) To cause or direct the facility to default upon any valid obligations previously undertaken by the owners or operators of the facility, including, but not limited to, leases, mortgages and security interests; and
- (vi) To incur capital expenditures in excess of \$2,000.00 without the permission of the owner or the Commissioner.

(f) Costs. All compensation and per diem costs of the temporary manager shall be paid by the nursing facility. The Department shall bill the facility for the costs of the temporary manager after termination of temporary management. The costs of the temporary manager for any thirty (30) day period shall not exceed one-sixth of the maximum allowable administrator's annual salary for the largest nursing facility for Medicaid reimbursement purposes. Within fifteen (15) days of receipt of the bill, the facility shall pay the bill or request Administrative Review to contest the costs for which it was billed. Such costs shall be recoverable through recoupment from future medical assistance payments in the same fashion as a benefits overpayment. The costs of temporary management and the attorneys' fees associated with contesting such costs are not reimbursable Medicaid expenses except in the case where a facility prevails in a hearing, in which case reasonable attorneys' fees and costs shall be allowable.

(g) Termination of temporary management. The Commissioner may replace any temporary manager whose performance is, in the Commissioner's discretion, deemed unsatisfactory. No formal procedure is required for such removal or replacement but written notice of any action shall be given the facility, including the name of any replacement manager. A facility subject to temporary management may petition the Commissioner for replacement of a temporary manager whose performance it considers unsatisfactory. The Commissioner shall respond to a petition for replacement within three (3) business days after receipt of said petition. Otherwise, the Department shall not terminate temporary management until it has determined that the facility has management capability to ensure continued compliance with all Program Requirements or until the Department terminates the nursing facility's participation. A facility may petition the Department for termination

of temporary management. The Department shall respond to the petition within three (3) business days after receipt.

- (h) Nothing contained in this section shall limit the right of any nursing facility owner to sell, lease, mortgage, or close any facility in accord with all applicable laws.

Rule 350-3-.06. Monitoring.

- (1) The Department shall maintain procedures and adequate staff on-site, on a regular, as-needed basis, to monitor the facility's operations, advise the facility in its effort to come into or maintain compliance, to report to the licensing agency, and to investigate complaints of violations which are not easily verified on one visit.
 - (a) One or more monitor(s) shall be placed in the nursing facility:
 - 1. when it has been found on three (3) standard surveys that the nursing facility has provided substandard quality of care;
 - 2. when the facility has been under temporary management;
 - 3. to ensure that Class A & B violations have been and continue to be corrected; or
 - 4. when the Department has reason to question a nursing facility's compliance.
- (2) The Department shall bill the facility for the expenses of monitoring at the end of the monitoring process. Within fifteen (15) days of receipt of the bill, the facility shall pay the bill or request Administrative Review to contest the costs for which it was billed. Such expenses shall be recoverable through recoupment from future medical assistance payments in the same fashion as a benefits overpayment.

Rule 350-3-.07. Notice.

- (1) The Department shall give notice of the imposition of any remedy described in this Chapter as follows:
 - (a) To the facility in writing, transmitted in a manner which will reasonably ensure timely receipt by the facility.
 - (b) To the public by transmitting printed Notices to the facility. Such Notices shall be at least 11 1/2 inches by 17 1/2 inches in size and of sufficient legibility that they may reasonably be expected to be readable by the facility's residents or their representatives. A printed notice shall not be transmitted or required to be posted for a Plan of Correction.
 - (c) To the State Long-Term Care Ombudsman by placing copies with the U. S. Postal Service of all notices to the facility.
 - (d) To the State Survey Agency in writing.
- (2) The facility shall post a sufficient number of the Notices described in Paragraph (1)(b) in places readily accessible and visible to residents and their representatives, including but not limited to entrances, exits, and common areas, to effectively advise all present and prospective residents of the remedies which are being imposed. The Notices shall remain in place until all remedies are officially removed by the Department. Failure of a facility to comply with notice posting requirements shall constitute a Class B deficiency.
- (3) A facility shall post a Notice of Administrative Hearing date, time, and location whenever the facility has requested and been granted a hearing on imposition of a remedy. The notice shall be at least 11 1/2 inches by 17 1/2 inches in size and of sufficient legibility that it may reasonably be expected to be readable by the facility's residents or their representatives. The notice shall be placed in an area readily accessible and visible to residents and their representatives.
- (4) The Department shall notify the attending physician of each resident with respect to whom a finding of substandard quality of care has been made, as well as the Board of Nursing Home Administrators, by transmitting to them copies of the survey or complaint investigation reports and any notice to the facility that a remedy has been imposed. The Department also may notify any other professional licensing boards, as appropriate.
- (5) Failure of the Department to effect notice as required in Subsections (1)(b), (c), (d), or (4) shall not be grounds for the facility to contest any action taken under this Chapter.

- (6) All nursing facilities shall advise staff of the penalties for making false statements or causing another person to make false statements in a resident assessment. A facility must document the manner in which staff are advised of the provisions of Rule [350-3-.04\(g\)](#).
- (7) The Department shall compile a list of facilities against which remedies other than a Plan of Correction have been imposed. The list shall be prepared monthly and be available upon request. The list shall contain the names and addresses of only those facilities which did not contest imposition of remedies or against which imposition was upheld upon appeal, and shall describe the remedies imposed.

Rule 350-3-.08. Administrative Review.

- (1) Should the facility wish to contest imposition of a remedy, other than a Plan of Correction and except as provided in Sections .03(e) and .05(c), a written request for Administrative Review must be received by the Department within ten (10) days of the facility's receipt of notice of imposition of the remedy. The request shall state specifically each remedy disputed and, for each disputed remedy, the specific basis of the dispute. For imposition of civil monetary penalties, it shall not be a valid basis for dispute that a deficiency no longer exists. The timely filing of a request shall stay imposition of the remedy pending the Administrative Review decision, except where the Department has determined there is immediate jeopardy to the health or safety of the residents in a facility, in which case the Department may impose the remedies described in Subsections .02(b),(g)or(h), as determined appropriate by the Department. If the facility fails to file a timely request, the decision to impose a remedy or remedies shall become final and no further administrative or judicial review or hearing shall be available.
- (2) The reviewing official shall be a Department employee appointed by the Commissioner and shall have authority only to affirm the decision, to revoke the decision, to affirm part and to revoke part, to order an immediate survey of the facility, to change the classification of the civil monetary penalty (for example, from A to B), or to request additional information from the State Survey Agency, the facility, or both, the Long-Term Care Ombudsman, or the family or resident council of the facility. Additional information that is requested must be supplied within ten (10) business days from the date of notice to the party of whom it is requested. Reviewing official shall be without authority to compromise the dollar amount of any civil monetary penalty within a deficiency class.
- (3) The Department shall issue a written decision within ten (10) business days of its receipt of the request for Administrative Review. The Review shall be made solely on the basis

of the State Survey Agency recommendation, the survey report, the statement of deficiencies, any documentation the facility submits to the Department at the time of its Request, and information received as a result of a request made by the reviewing official. For the purposes of such Review, a hearing shall not be held and oral testimony shall not be taken. Correction of a deficiency or deficiencies shall not be a basis for favorable reconsideration of imposition of civil monetary penalties.

Rule 350-3-.09. Administrative Hearing.

- (1) Should the facility wish to appeal the Administrative Review decision for remedies described in Subsections .02(a),(b),(c),(g),and(h), and for Subsection (d) where no determination of immediate jeopardy has been made, it may request an administrative hearing. Subsequent correction of a deficiency or deficiencies shall not constitute a defense to the imposition of a remedy or remedies. The hearing request shall state specifically which portion(s) of the Administrative Review decision the facility contests. A hearing shall be granted only if Administrative Review was timely requested, and a written request for a hearing has been received by the State Survey Agency within ten (10) business days of the facility's receipt of the Administrative Review decision. Failure to file a timely request shall result in the Administrative Review decision becoming final, and no further administrative or judicial review or hearing shall be available.
- (2) If the Department has imposed temporary management pursuant to the provisions of Subsection .05(c), or imposed either of the remedies specified in Subsection .02(e), the facility shall be entitled to a hearing which shall commence not less than five (5) nor more than ten (10) days after the facility's receipt of notice of imposition of said remedy or remedies. No Administrative Review shall be conducted in such cases and no request for hearing shall be required. The date, time, and location of the hearing shall be included in the Notice of imposition of the remedy or remedies. A facility may waive its right to a hearing by written notice to the State Survey Agency.
- (3) Except for appointment of a temporary manager (unless the Department has determined that immediate jeopardy to the health or safety of a facility's residents exists), termination of a facility's participation, closure of a facility, or payment of civil monetary penalties, the imposition of remedies shall not be stayed during the pendency of any hearing.

- (1) Hearings shall be conducted by the Department of Human Resources in the following cases:
 - (a) when a recipient of medical assistance is aggrieved by the action or inaction of the Department as to any medical or remedial care or service which such recipient alleges should be reimbursed under the terms of the Georgia State Plan for Medical Assistance which was in effect on the date on which such care or service was rendered or is sought to be rendered;

Rule 350-4-.05. Hearing Requests.

- (1) A request for a hearing must be in writing and received by the Department:
 - (a) within ten (10) days after the date on which a notice of denial of a request for enrollment or notice of suspension or termination was transmitted to the provider;
or
 - (b) concerning any other action or inaction by the Department which aggrieves the provider, within ten (10) days after the date of the later of:
 1. the Department's action for which the hearing is sought, if no opportunity for Administrative Review was available, or
 2. notice of the final decision of the entity to which request for Administrative Review has been addressed.

In determining the timeliness of a request, the Department will compute the number of days in accordance with Rule [350-1-.01\(24\)](#), if the date of the provider's receipt of notice of the adverse action being appealed is known to the Department; if the date of receipt by the provider is not known, the Department shall add five (5) days from the date of transmission of the notice to allow for delivery. Nothing herein shall bar proof of actual date of receipt by the provider or its agent, subject to the provisions of subsection 19.

- (2) The request for a hearing must include all of the following:
 - (a) a clear expression by the provider or an authorized representative that the provider wishes to present a case to an Administrative Law Judge;

 - (c) a specific statement of why the provider believes the administrative review decision or other Department action is wrong; and
 - (d) a statement of the relief sought.

- (3) If any of the requirements listed in Paragraph (2) have not been met, the Department shall so notify the provider. Thereafter, the Department must receive a corrected request within ten (10) days of the provider's receipt of the deficiency notice or the request shall be deemed untimely.
- (4) Requests for hearings shall be denied if the Department determines that:
- (a) the request was not timely filed;
 - (b) the action or inaction appealed by the provider is solely the result of a change in state or federal law;
 - (c) the issues raised by the provider fall outside the jurisdiction of the administrative hearing process; or
 - (d) the requesting party has not been aggrieved.

If there is a *bona fide* question of fact concerning any of the items described in this Subsection 4, and the provider establishes such question of fact by sworn affidavit within a reasonable time set by the Office of Special Services and made known in writing to the provider, the Department shall grant a hearing and defer these questions for final determination by the Administrative Law Judge.

- (e) the party requesting the hearing has not been aggrieved;

- (f) the parties have settled the matter prior to issuance of the Administrative Law Judge's decision;

- (2) The Administrative Law Judge shall be a competent, qualified, and impartial individual who has not been involved in the action which has given rise to the hearing request. The Administrative Law Judge shall be an attorney who has a working knowledge of the Georgia Medicaid program and/or administrative law and the ability to conduct hearings in a competent manner. All Administrative Law Judges shall serve at the discretion of the

Commissioner, who shall maintain uniform criteria for assessing each Administrative Law Judge's qualifications to serve.

- (3) The Administrative Law Judge is vested with full authority in the conduct of the hearing process, and is responsible for conducting hearings in accordance with the Rules established by the Department.
- (4) The Administrative Law Judge shall have the authority to do the following:
 - (a) administer oaths and affirmations;

Rule 350-4-.17. Subpoenas.

- (1) The Administrative Law Judge shall have the authority to issue subpoenas requiring the attendance and testimony of witnesses and the production of objects or documents at depositions or hearing.
- (2) Every subpoena shall be prepared by the requesting party and issued by the Administrative Law Judge on behalf of the Commissioner, shall state the title of the action, and shall command each person to whom it is directed to attend and give testimony or produce objects or documents in his possession or control or to do both at a time and place therein specified. Requests for subpoenas shall be filed at least five (5) days prior to the hearing or deposition at which the attendance of the witness or the production of the documents or objects is sought, unless there is good cause shown for submitting a request less than five (5) days in advance. The party requesting the subpoena shall be responsible for serving the same sufficiently in advance of the hearing to secure the attendance of the witness or the availability of such objects or documents at the title of the hearing.
- (3) Failure of appearance by a witness, whether required by subpoena or not, may constitute grounds for a continuance or for other action. In determining what action to take, the Administrative Law Judge shall consider the materiality of the testimony, documents, or

objects sought, potential prejudice and inconvenience to the parties, and the likelihood of obtaining compliance with a subpoena. The Administrative Law Judge may order whatever action he deems appropriate to the circumstances.

- (4) When a subpoena is disobeyed, any party may apply to the superior court of the county where the case is being heard for an order requiring obedience. Failure to comply with such order shall be cause for punishment as for contempt of court.

Rule 350-4-.18. Depositions.

- (1) At any time during the course of a proceeding, the Administrative Law Judge may, in his discretion, order that the testimony of a witness be taken by deposition. Application to take a deposition in lieu of personal appearance at the hearing shall be made by motion. Such motion shall state the name and address of the witness, the time when, the place where, and the subject matter about which the witness would be deposed, the relevance of such testimony, and the specific reason why the witness cannot or will not appear to testify at the hearing.
- (2) In the exercise of his discretion in deciding whether to order testimony by deposition, the Administrative Law Judge shall consider, among other factors:
 - (a) whether requiring the appearance of a witness subject to subpoena would endanger that person's health or work an undue hardship; and
 - (b) whether ordering the taking of testimony by deposition will result in an undue cost or burden on any other party, an undue delay in the proceedings, or any injury to other parties from the delay.
- (3) If the Administrative Law Judge orders testimony by deposition, he may specify whether the scope of examination upon deposition should be limited in any way, and if so, how.
- (4) Subject to appropriate rulings on objections, a deposition shall be received in evidence without the need to be tendered as if the testimony contained therein had been given by the witness before the Administrative Law Judge.
- (5) Nothing in this Rule shall be read to allow the use of depositions in discovery; provided, however, that if two parties voluntarily agree to discovery by deposition, they will not be

prevented from engaging in such deposition or using the testimony or evidence thereby elicited.

- (6) The cost of a deposition shall be borne by the party requesting it, or according to voluntary agreement of the parties affected by the testimony elicited thereby.

Rule 350-4-.19. Pleadings and Amendments; Automatic Filings.

- (1) The notice of adverse action issued by the Department and the request for hearing submitted by the provider shall constitute the pleadings in each contested case and automatically shall be included in the Record. The pleadings shall be transmitted by the Department to the Administrative Law Judge at the time of the Administrative Law Judge's appointment to the case.
- (2) Any party may amend any pleading without leave of the Administrative Law Judge until the tenth day prior to the date set for the hearing on the matter. Thereafter a party may amend its pleadings only by written consent of the adverse party or by leave of the Administrative Law Judge. Leave shall be freely given when justice so requires. If an amendment is made to any pleading to which a response or reply is necessitated, a response or reply to such amendment shall be filed within ten days after service of the amended request or as otherwise ordered by the Administrative Law Judge.
- (3) Copies of the notice of proposed adverse action issued by the Department and the request for Administrative Review filed by the provider which preceded the Pleadings shall be filed automatically by the Department with the Administrative Law Judge upon his appointment. Such filings shall include all supporting documentation transmitted therewith. All documents so filed shall automatically become part of the Record.

Rule 350-4-.20. Rules of Evidence; Official Notice.

- (1) Relevant allegations of fact contained in the Pleadings and automatic filings shall be deemed admitted unless specifically contested.
- (2) Irrelevant, immaterial, or unduly repetitious evidence shall be excluded. The rules of evidence as applied in the trial of civil, nonjury cases in the superior courts of Georgia shall be followed. When necessary to ascertain facts not reasonably susceptible of proof under such rules, evidence not admissible thereunder may be admitted, except where precluded by statute, if it is of a type commonly relied upon by reasonably prudent persons in the conduct of their affairs or if it consists of a report or evaluation of a type routinely submitted to or relied upon by the Department in the normal course of its business. The rules of privilege recognized by law shall be given full effect. Objections to evidentiary offers may be made and shall be noted in the record. Subject to these requirements, when a hearing will be expedited and the interests of the parties will not be prejudiced substantially, any part of the evidence may be received in written form.
- (3) Documentary evidence may be received in the form of copies or excerpts if the original is not readily available or for the convenience of the parties if no substantial prejudice results thereby. Upon request, parties shall be given an opportunity to compare the proffered copy with the original to verify its correctness.
- (4) Summaries of voluminous documents may be admitted into evidence, provided that the parties agree or the author of the summary is available for cross-examination. The summarized documents themselves need not be admitted into evidence, provided that all parties are accorded a reasonable opportunity to inspect the documents so summarized and no substantial injustice would result from admission of the summary alone.
- (5) Official notice may be taken of judicially cognizable facts. In addition, official notice may be taken of generally recognized technical or scientific facts within the agency's specialized knowledge. Parties shall be notified either before or during the hearing, by reference in preliminary reports or otherwise, of the material requested to be noticed, including any staff memoranda or data, and they shall be afforded an opportunity to contest the material so noticed. The Department's experience, technical competence, and specialized knowledge may be utilized in the evaluation of the evidence.

- (1) The Administrative Law Judge may, upon motion and in the exercise of discretion, permit such substitution of parties as justice requires, provided that the original party and the

party to be substituted otherwise qualify individually as parties to the proceedings under all applicable requirements.

- (2) Any person seeking to intervene shall file a motion stating therein the specific grounds upon which intervention is sought and a pleading setting forth the claim or defense for which intervention is sought. The person shall also establish the basis for qualification as a party to the proceedings. The Administrative Law Judge shall grant or deny such motion and may limit the factual or legal issues which may be raised by an intervenor in order to avoid undue delay or prejudice to the adjudication of the rights of the original parties.

Rule 350-4-.22. Consolidation and Severance.

- (1) When two or more providers appeal matters involving common issues of law or fact, the appeals may be consolidated by the Department or by the appointed Administrative Law Judge(s) and heard together if it appears that a joint hearing would serve to expedite or simplify consideration of those issues and that no party would be prejudiced thereby.
- (2) In consolidated hearings, the Administrative Law Judge may limit direct examination and cross-examination to matters which have not been adequately covered by previous testimony or evidence.
- (3) Whenever the Administrative Law Judge determines that it would be more conducive to an expeditious, full, and fair hearing for any party or issue to be heard in separate proceedings, he may in the exercise of his discretion, upon motion of any party or *sua sponte*, sever the party or issue for such separate hearing.

- (2) Every submission shall be accompanied either by an acknowledgement of service from the person served or his representative, or by a document stating the date, place and manner of service and the name and address of the person served.

- (2) All Department hearings shall be accessible to the public, subject to requirements for safeguarding confidential information.
- (3) In all hearings, taking of testimony shall be under oath.
- (4) The rules applied to civil cases in the superior courts of Georgia concerning the burdens of persuasion and going forward with the evidence shall be followed.
- (5) Both the provider and the Department shall have the opportunity to do the following:
 - (a) bring witnesses;
 - (b) establish all pertinent facts and circumstances through competent evidence;
 - (c) advance any arguments relevant to the proceedings without undue interference;
and
 - (d) question or refute any testimony or evidence, including the opportunity to confront and cross-examine adverse witnesses.

- (6) Documents, reports, data, and other information used by the parties in the course of the hearing which were obtained on a confidential basis or are subject to legal restrictions with respect to their disclosure, shall be classified and labeled by the Administrative Law Judge "Confidential and Privileged - Not for Release." All matter so classified shall be subject neither to public inspection nor to production or disclosure until and unless the Administrative Law Judge, the Department, or court of competent jurisdiction determines that such inspection, production, or disclosure is appropriate and authorized by law.
- (7) If issues are raised at the hearing which are different from the issues for which the hearing was requested, the Administrative Law Judge may conduct the hearing on the newly-emerged issues only on a showing of good cause by the party raising the issue(s). Rule 350-4-.25. Motions.

- (1) An application to the Administrative Law Judge for an order requiring any party to take any action or entering any interlocutory ruling shall be made by motion. Unless made during the hearing, motions shall be in writing, shall state specifically the grounds therefor, and shall describe the action or order sought. Motions that may be made in conformance with this Rule include, without being limited to, motions for more definite statement, for dismissal (*e.g.*, for lack of jurisdiction over the subject matter or parties, for failure to state a claim upon which relief may be granted or for any other ground), for summary determination, to amend, to intervene, to substitute parties, to consolidate or sever parties or issues, to take depositions or interrogatories, to secure testimony, or to re-open the Record to admit newly-discovered evidence. A copy of any written motion shall be served upon all parties in accordance with Section .23 of this Chapter.
- (2) Within 20 days after service of any written motion, any party to the proceedings may file a response to the motion. The time for response may be shortened or extended by the Administrative Law Judge for good cause shown.
- (3) The Administrative Law Judge may, either *sua sponte* or at the request of any party, determine in his discretion whether the nature and complexity of the motion justifies a hearing and notify the parties accordingly. A request for a hearing on a motion must be made in writing and filed by the date the response to the motion is to be filed. Notice of hearing on a motion shall be given by the Administrative Law Judge at least 5 days prior to the date set for hearing unless such notice is waived by all parties. At the discretion of

the Administrative Law Judge, such hearings may be conducted, in whole or in part, via telephone. If a hearing on a motion is not requested or deemed justified, the Administrative Law Judge shall rule upon the motion forthwith.

- (4) Multiple motions may be consolidated for hearing or heard at a pre-hearing conference. The Administrative Law Judge may call for the submission of briefs, for oral argument, or both, either in support of or in opposition to any motion.

Rule 350-4-.26. Summary Determination.

Such a motion must be filed and served on all parties no later than 20 days after service of the Notice of Hearing; provided that, upon good cause shown, the motion may be filed at any time before the close of the hearing.
- (2) When a motion for summary determination is made and supported as provided in this Rule, a party opposing the motion may file and serve a response or a countermotion. - (3) Affidavits shall be made upon personal knowledge, shall set forth facts that would be admissible in evidence, and shall show affirmatively that the affiant is competent to testify to the matters stated therein. Copies of all papers or parts thereof referred to in an affidavit conforming to these rules shall be attached thereto and served therewith.
- (4) If all factual issues are decided by summary determination, no hearing will be held and the Administrative Law Judge shall prepare a decision. If summary determination is denied or if partial summary determination is granted, the Administrative Law Judge shall issue a memorandum opinion and order, interlocutory in nature, and the hearing will proceed on the remaining issues.

- (1) There is established within the Indigent Care Trust Fund a segregated account for revenues raised through imposition of the provider fee. All revenues raised through the nursing home provider fees shall be credited to the segregated account. All said revenues raised shall be dedicated and used for the sole purpose of obtaining federal financial participation for medical assistance payments to nursing homes that disproportionately serve the medically indigent. Payments to the segregated nursing home provider fee account shall be made by any nursing home required to do so pursuant to O.C.G.A. Section [31-8-164](#). Such payments to the segregated account shall be irrevocable and shall not include any limitation upon use of such contributions except as permitted in this article or by the Department. Payments shall only be used for the purposes contained in O.C.G.A. Section [31-8-165](#). Contributions and transfers to the Indigent Care Trust Fund pursuant to O.C.G.A. Section [31-8-153](#) and [31-8-153.1](#) shall not be deposited into the segregated account.

The initial provider fee report shall be filed and the initial provider fee payment shall be submitted no later than July 30, 2003. All information obtained by the Department for this purpose shall be confidential and shall not constitute a public record.
- (5) In the event the Department determines that a nursing home has underpaid or overpaid the provider fee, the Department shall notify the nursing home of the balance of the provider fee or refund that is due. Such payment or refund shall be due within 30 days of the Department's notice to the nursing home.
