  - (a) Such practice is permissible only if it is performed under the responsible control and authority of a Georgia registered Architect who is:

- (3) Foreign corporations are cautioned that in order to do business in Georgia, they must also conform to the legal requirements applicable to foreign corporations as administered by the Office of the Secretary of State.

- (f) In the case of Practice in Georgia by an architectural firm whose principal or base office is **not** located in this state, the firm practice in Georgia shall comply with all requirements of Code Chapter 43-4 and Chapter 50, with the exception that a minimum of one person (in Cases (a), (b), (c), (d) above) shall be an architect currently licensed to practice in Georgia; and that person shall:
