ADMINISTRATIVE HISTORY

The **Administrative History** following each Rule gives the date on which the Rule was originally filed and its effective date, as well as the date on which any amendment or repeal was filed and its effective date. Principal abbreviations used in the Administrative History are as follows:

f. - filed

eff. - effective

R. - Rule (Abbreviated only at the beginning of the control number)

Ch. - Chapter (Abbreviated only at the beginning of the control number)

ER. - Emergency Rule

Rev. - Revised

Note: Emergency Rules are listed in each Rule's Administrative History by Emergency Rule number, date filed and effective date. The Emergency Rule will be in effect for 120 days or until the effective date of a permanent Rule covering the same subject matter superseding this Emergency Rule is adopted, as specified by the Agency.

Chapter 82-4-1 adopted. F. Jun. 27, 2011; eff. Jul. 17, 2011.

Chapters 82-1 and 82-2 reserved. F. Jun. 30, 2011; eff. Jul. 20, 2011.

Chapter 82-3-1 adopted. F. Jun. 30, 2011; eff. Jul. 20, 2011.

Rules [82-2-1-.01](#) through [82-2-1-.05](#) adopted. F. Nov. 22, 2011; eff. Dec. 12, 2011.

Chapter 82-3-1 amended. Chapter 82-4-1 amended and title changed to "Child and Adolescent Crisis Stabilization Units." F. Mar. 9, 2015; eff. Mar. 29, 2015.

Chapter 82-5 and Subject 82-5-1 entitled "Patient's Rights", Chapter 82-7 and Subject 82-7-1 entitled "Patient Cost of Care", Chapter 82-8 and Subject 82-8-1 entitled "Emergency Receiving, Evaluating and Treatment Facilities" adopted. F. Dec. 15, 2021; eff. Jan. 4, 2022.

Chapter 82-2. CLINICAL EVALUATION AND SUBSTANCE ABUSE TREATMENTS FOR DUI OFFENDERS.

Subject 82-2-1. .

Rule 82-2-1-.01. Legal Authority.

These rules are adopted and published pursuant to the Official Code of Georgia Annotated (O.C.G.A.) Sec. [37-7-2](#).

Cite as Ga. Comp. R. & Regs. R. 82-2-1-.01

Authority: O.C.G.A. Sec. [37-7-2](#).

History. Original rule entitled "Legal Authority" adopted. F. Nov. 22, 2011; eff. Dec. 12, 2011.

Rule 82-2-1-.02. Title and Purposes.

These rules shall be known as the Rules and Regulations for Clinical Evaluation and Substance Abuse Treatment for DUI Offenders. The purpose of these rules is to provide for the approval of clinical evaluators and substance abuse treatment providers to evaluate and treat-DUI offenders, to set minimum qualifications for clinical evaluators and treatment providers and to provide for the enforcement of these rules.

Cite as Ga. Comp. R. & Regs. R. 82-2-1-.02

Authority: O.C.G.A. Secs. [37-7-2](#), [40-5-1](#), [40-5-63.1](#),

History. Original Rule entitled "Title and Purposes" adopted. F. Nov. 22, 2011; eff. Dec. 12, 2011.

Rule 82-2-1-.03. Definitions.

In these rules, unless the context otherwise requires, the words and phrases set forth herein shall mean the following:

- (a) "American Society of Addiction Medicine (ASAM) Patient Placement Criteria" means the current Patient Placement Criteria for the Treatment of Substance-Related Disorders by the National Association of Addiction Treatment Providers and American Society of Addiction Medicine.

- (b) "Clinical evaluation" means the evaluation process designated by the department which is used to diagnose an individual's substance abuse and/or dependence and, if indicated, refer the individual to appropriate treatment.
- (c) "Clinical evaluator" means a licensed or certified individual who meets the qualifications set forth in Section [290-4-13-.04](#) and is approved by the department to provide clinical evaluations for DUI offenders who are required pursuant to O.C.G.A. 405-63.1 or O.C.G.A. [40-6-391](#) to undergo a clinical evaluation for substance abuse treatment needs.
- (d) "Clinical interview" means the face-to-face interview with a clinical evaluator intended to gather information on the client including, but not limited to demographics, medical history, alcohol concentration of current offense, social and family history, substance abuse history, and vocational background and mental status.
- (e) "Department" means the Department of Behavioral Health and Developmental Disabilities or its successor.
- (f) "DSM" means the current edition of the Diagnostic and Statistical Manual of Mental Disorders of the American Psychiatric Association.
- (g) "Multiple" or habitual offender" means a person who has been convicted of two or more offenses as described in O.C.G.A. [40-6-391](#).
- (h) "Registry of Clinical Evaluators" means the list of clinical evaluators who have been approved by the department to provide clinical evaluations for DUI offenders who are required pursuant to O.C.G.A. [40-5-63.1](#) or O.C.G.A. [40-6-391](#) to undergo a clinical evaluation.
- (i) "Registry of Treatment Providers" means the list of substance abuse treatment providers who have been approved by the department to provide treatment to DUI offenders who are required pursuant to O.C.G.A. [40-5-63.1](#) or O. C.G.A. [40-6-391](#) to complete a treatment program.
- (j) "Risk reduction program" means a program approved by the Department of Driver Services to provide education regarding alcohol and substance use and abuse and driving a vehicle or boat, for the purpose of reducing the risk of incidences of driving or boating under the influence of drugs or alcohol. Risk reduction programs are also commonly referred to as 'DUI schools.'
- (k) "Treatment provider" means a licensed or certified individual who meets the qualifications set forth m, Section 290-413-.06 and is approved by the department to provide substance abuse treatment to DUI offenders pursuant to O.C.G.A. [40-5-63.1](#) or O.C.G.A. [40-6-391](#).

History. . Original Rule entitled "Definitions". F. Nov. 22, 2011; eff. Dec. 12, 2011.

Rule 82-2-1-.04. Registry of Clinical Evaluators.

- (1) **Application Process.** No person may conduct clinical evaluations pursuant to O.C.G.A. [40-5-63.1](#) or O.C.G.A. [40-6-391](#) without first having obtained approval by the department, having been placed by the department on the registry of clinical evaluators, and, as applicable, being on active registry status. All applications shall be submitted on forms prepared by the department, following a procedure outlined by the department. The application shall include all information, fees, and documents designated by the department and shall be truthful, accurate and complete. The department may require any applicant for clinical evaluator to submit additional information or verification that is reasonably related to making an approval determination. In addition, the department may require applications or related documents to be submitted electronically, through a secure website, following procedures specified by the department.
- (2) **Initial Qualifications.** In order to be placed on the registry of clinical evaluators, an individual must have one of the following combinations of professional licensure, credentials or experience;
 - (a) Certification as an addiction medicine specialist by the American Society of Addiction Medicine;
 - (b) Certification in addiction psychiatry by the American Board of Psychiatry and Neurology;
 - (c) Certification by the Georgia Addiction Counselors Association as a Certified Addiction Counselor II;
 - (d) Certification by the National Association of Alcoholism and Drug Abuse Counselors Association;
 - (e) Certification by the International Certification and Reciprocity Consortium;
 - (f) Certificate of Proficiency in the Treatment of Alcohol and Other Psychoactive Substance Use Disorders from the American Psychological Association's College of Professional Psychology, or
 - (g) Licensure under O.C.G.A. Title 43 as a physician, psychologist, professional counselor, social worker, marriage and family therapist, advanced practice nurse, registered nurse with a bachelor's degree in nursing and:
 1. documentation of at least 2,000 hours in the five-year period prior to application, of clinical experience in the treatment of persons who are addicted to alcohol or other drugs, with at least 500 hours of that experience in the actual administration of substance abuse clinical evaluations, and

2. documentation of the completion of at least 20 hours of continuing education in the field of substance abuse, with not more than five of these hours consisting of in-service training, in the two-year period prior to application.
- (3) **Training and Continuing Education.** Each clinical evaluator shall attend up to two days of training and orientation sponsored by the department within six months prior to being placed on the registry. Each clinical evaluator shall complete, every two years, 20 contact hours of continuing education in the field of substance abuse approved by the department. The department will not approve more than five hours of in-service training in each two-year period.
- (4) **Ongoing Qualifications.**
 - (a) Each clinical evaluator who is approved and placed on the registry of clinical evaluators shall continue to maintain the required initial qualifications and meet continuing education requirements, and upon request shall provide documentation showing evidence thereof. Upon renewal or reissuance of any applicable licensure, certification or credentialing, or upon request by the department, the treatment provider shall provide a copy of the renewed or reissued license, certification or credentialing to the department.
 - (b) Each clinical evaluator shall notify the department within 30 days of the occurrence if the evaluator's license, certification or credentialing is revoked, suspended, terminated or lost for any other reason. The evaluator may not administer clinical evaluations after the effective date of revocation, suspension, termination or other loss of license, certification, or credentialing.
 - (c) If any evaluator fails to submit documentation as required, or fails to maintain the required license, certification, or credentialing, the approval as an evaluator may be revoked, and the evaluator may be removed from the registry effective as of the date of the revocation, suspension, termination or other loss of licensure, certification, or credentialing.
- (5) **Active Registry Status.** The department may provide for the registry to be available for viewing on the Internet. Once placed on the registry of clinical evaluators, an individual will continue, to be listed in active registry status unless one of the following events occurs, which event shall constitute a basis for revocation:
 - (a) The evaluator fails to administer any clinical evaluations within any continuous twelve-month period;
 - (b) The evaluator fails to comply with the requirements of these regulations or of the department;

- (c) The evaluator notifies the department that the evaluator no longer wishes to remain on the registry;
 - (d) The evaluator ceases to meet the qualifications listed above; or
 - (e) The evaluator provides false or misleading information to the department.
- (6) **Reinstatement.** If an evaluator is removed from active registry status in accordance with the above, the evaluator's approval is revoked and the evaluator must submit a new application in order to return to active registry status, including an application fee, the amount of which shall be determined from time to time by the Board of Behavioral Health and Developmental Disabilities. The Department may also require the treatment provider to comply satisfactorily with a corrective action plan to correct any deficiencies under these rules or other requirements of the department.

Cite as Ga. Comp. R. & Regs. R. 82-2-1-.04

Authority: O.C.G.A. Sec. [37-7-2](#).

History. Original Rule entitled "Registry of Clinical Evaluators" adopted. . F. Nov. 22, 2011; eff. Dec. 12, 2011.

Rule 82-2-1-.05. Clinical Evaluation Process.

- (1) Clinical evaluations shall only be administered at locations approved by the department by clinical evaluators' who have been approved by the department to conduct such evaluations and who appear on the registry of clinical evaluators.
- (2) All clinical evaluations shall consist of a clinical interview and a review of the client's standardized screening instrument administered by the risk reduction program. In addition, the clinical evaluator shall utilize one or more assessment instruments approved by the department.
- (3) Information obtained from the clinical evaluation must be sufficient to diagnose or rule out a substance-related disorder according to current DSM criteria and to recommend an appropriate ASAM level of service. If treatment is recommended, the evaluator shall recommend either short term treatment for clients requiring services no higher than ASAM level I, or longer term treatment for a client requiring services at ASAM level I or higher. The department will direct and define by policy the range of hours per week and the range of weeks of treatment required for short term treatment and longer term treatment.
- (4) Clinical evaluators shall complete written evaluation reports for each client within seven days of completion of the clinical interview. The report must show the referral and the basis for the referral. The department may prescribe a format for preparation of these reports.

- (5) If the evaluation results in a referral to treatment, the clinical evaluator must provide the client with a list of approved treatment providers for the level of treatment recommended.
- (6) If the clinical evaluator determines that no referral to treatment is indicated:
 - (a) for a person with a first conviction only under O.C.G.A. [40-6-391](#), the clinical evaluator shall transmit a summary of the evaluation to the department for review within seven (7) days of completion of the clinical interview. The department may prescribe a form for these summary reports.
 - (b) for a multiple or habitual offender, the clinical evaluator must transmit a complete copy of the clinical evaluation, along with any other documents required, to the department for review within seven days of completion of the interview.
 - (c) The department will complete its review of the clinical evaluation within two weeks of the receipt of the evaluation or summary of the evaluation, as applicable. If the evaluation is approved, the department will issue a Requirements Met Certificate directly' to the client. If the evaluation is not approved, the department will contact the clinical evaluator regarding modification of the evaluation to include a referral to a specific' ASAM level of service. If the clinical evaluator disagrees with the department's recommendation, the department will arrange for a panel of three professional peers to review the clinical evaluation and the department's recommendation. The department and the clinical evaluator will abide by the decision of the peer review panel.

Authority: O.C.G.A. Sec. [37-7-2](#).

History. Original Rule entitled "Clinical Evaluation Process" adopted. F. Nov. 22, 2011; eff. Dec. 12, 2011.

Rule 82-2-1-.06. Registry of Treatment Providers.

- (1) **Application Process.** No provider may provide treatment required pursuant to O.C.G.A. [40-5-63.1](#) or O.C.G.A. [40-6-391](#) without first having obtained approval by the department, having been placed by the department on the registry of treatment providers and, as applicable, being on active registry status. All applications shall be submitted on forms prepared by the department, following a procedure outlined by the department. In addition, the department may require applications or related documents to be submitted electronically, through a secure website, following procedures specified by the department. The application shall include all information, fees, and documents designated by the department and shall be truthful, accurate and complete. The department may require any applicant for treatment provider to submit additional information or verification that is reasonably related to making an approval determination.
- (2) **Criteria for Approval.**

- (a) In order to be placed on the registry of treatment providers, a treatment provider must provide a program description specifying which ASAM levels of care will be offered and demonstrating the capability to offer the specified level(s) of care;
- (b) Treatment providers offering services at ASAM level 11.1 or higher must be licensed by the department's Office of Regulatory Services as a drug abuse treatment program;
- (c) Treatment providers who will only offer ASAM level I services must provide direct treatment services or clinical supervision of treatment services. An ASAM level I treatment provider must have one of the following combinations of professional licensure, credentials and experience:
 - 1. Certification as an addiction medicine specialist by the American Society of Addiction Medicine;
 - 2. Certification in addiction psychiatry by the American Board of Psychiatry and Neurology;
 - 3. Certification by the Georgia Addiction Counselors Association as a Certified Addiction Counselor II;
 - 4. Certification by the National Association of Alcoholism and Drug Abuse Association;
 - 5. Certification by the International Certification and Reciprocity Consortium;
 - 6. Certificate of Proficiency in the Treatment of Alcohol and Other Psychoactive Use Disorders' from the American Psychological Association's College of Professional Psychology; or
 - 7. Licensure under O.C.Q.A. Title 43 as a physician, psychologist, professional counselor, social worker, marriage and family therapist, advanced practice nurse, registered nurse with bachelor's degree in nursing, or certification as an employee assistance -professional, and
 - (i) documentation of at least 3,000 hours in the five-year period prior to application, of clinical experience in the', treatment of persons who are addicted to alcohol or other drugs, and
 - (ii) documentation of the completion of at least 20 hours of continuing education in the field of substance abuse, with not more than five of these hours consisting of in-service training, in the two-year period prior to application.

- (3) **Training and Continuing Education.** Each treatment provider will attend training and orientation sponsored by the department within six months prior to being placed on the registry. Each treatment provider will ensure that all persons whom the treatment provider supervises in providing direct services will complete, every two years, a minimum of 20 contact hours of continuing education in the field of substance abuse which has been approved by the department. The department will not approve more than five hours of in-service training in each two-year period.
- (4) **Ongoing Qualifications.**
- (a) Each treatment provider who is approved and placed on the registry of treatment - providers shall continue to meet at least the required criteria for approval and meet continuing education requirements for placement on the registry, and upon request shall - provide documentation showing evidence thereof. Upon renewal or reissuance-of any applicable licensure, certification or credentialing, or upon request by the department, the treatment provider shall provide a copy of the renewed or reissued license, certification or credentialing to the department.
 - (b) Each treatment provider shall notify the department within 30, days of the occurrence if the provider's license, certification or credentialing is revoked, suspended,; terminated, or otherwise lost. The treatment provider may not provide treatment after the effective date of the revocation, suspension, termination, or other loss of licensure, certification or credentialing.
 - (c) If any treatment provider fails to submit documentation as required, or fails to maintain the required licensure, certification or credentialing, the treatment provider's approval as a treatment provider may be revoked, and the treatment provider may be removed from the Registry.
- (5) **Active Registry Status.** The department may provide' for the registry to be available for viewing on the Internet. Once placed on the registry of treatment providers, an individual w ill continue to be listed in active registry status unless one of the following events occurs, which event shall constitute a basis for revocation:
- (a) The treatment provider fails to submit any treatment enrollment, transfer and completion reports to the department for two consecutive quarters;
 - (b) The treatment provider fails to maintain client files as required by these regulations or otherwise fails to comply with the requirements of these regulations or of the department;
 - (c) The treatment provider notifies: the department that the treatment provider no longer wishes to be listed on the registry;
 - (d) The treatment provider ceases to meet the qualifications listed above, including but not limited to failing to complete required continuing education and training, failing to ensure the training and adequate supervision of persons providing direct

services, or the loss of any licensure, certification or credentialing upon which approval was based; or

- (e) The treatment provider provides false or misleading information to the department.
- (6) **Reinstatement.** If as treatment provider is removed from active registry status in accordance with the above, the treatment provider's approval is revoked and the treatment provider must submit a new application in order to return to active registry status, including an application fee, the amount of which shall be determined from time to time by the Board of Behavioral Health and Developmental Disabilities. The department may also require the treatment provider to comply satisfactorily with a corrective action plan to correct any deficiencies under these rules or other requirements of the Department.

Authority: O.C.G.A. Sec. [37-7-2](#).

History. Original Rule entitled "Registry of Treatment Providers" adopted. F. Nov. 22, 2011; eff. Dec. 12, 2011.

Rule 82-2-1-.07. Treatment Requirements.

- (1) In order to obtain a certificate of treatment completion, a client must remain in treatment for at least the period of time recommended by the clinical evaluator. Treatment providers shall require that clients complete, at a minimum, services of the same number of days and hours per week as recommended by the clinical evaluator. Treatment providers may, at their clinical discretion, require that a client complete services for a longer number of days, a greater number of hours per week, or both, than recommended by the clinical evaluator. However, no client who has complied with a treatment plan can be required to remain in treatment longer than one year.
- (2) Longer term treatment (ASAM level I, or higher levels) shall consist of a minimum of three hours of treatment per week. Such treatment may include individual and group counseling, family therapy, vocational counseling, occupational and recreational therapy, psychotherapy and other therapies. In addition attendance at 12-step or other self-help meetings may be required, but time spent attending such groups will not count as part of the required three-hour treatment minimum.
- (3) Treatment providers may only enroll clients whose referral to treatment matches the ASAM level of service offered by the provider except that when there are no providers offering the appropriate ASAM level of service in the geographic area in which the client lives, the client may contact the department for approval to enroll in treatment with a provider that offers a different ASAM level of care.
- (4) When more than 60 days has passed between the completion of the clinical evaluation report and a client's enrollment in treatment, the treatment provider may, if necessary, re-

evaluate the client utilizing the clinical evaluation report in order to confirm the appropriate level of services, number of days and hours per week required for that client.

- (5) Treatment services may only be provided at locations approved by the department.
- (6) Treatment providers may not collect from a client any fee which is not authorized by the department. No person or entity other than the department, the clinical evaluator or treatment provider or the accountability court's treatment team may direct or control any clinical, administrative, or financial aspect of the treatment services for an offender.

Rule 82-2-1-.08. Records.

- (1) Confidentiality. All client records shall be confidential and shall be maintained and disclosed in accordance with the provisions of Volume 42 of the Code of Federal Regulations, 42 Part 2, "Confidentiality of Alcohol and Drug Abuse Patient Records," now and hereafter amended, as well as the Health Insurance Portability and Accountability Act of 1996 and attendant privacy and security regulations, as now and hereafter amended.
- (2) Transfer of Records,
 - (a) DUI Alcohol or Drug Risk Reduction Screening Instrument. DUI alcohol or drug risk reduction programs shall transfer a copy of the results of the screening instrument to the clinical evaluator designated by the offender within five business days of the receipt by the risk reduction program of an authorization for disclosure of information in a format acceptable to the department and signed by the offender. The screening instrument may not be transferred to more than two clinical evaluators without the prior approval of the department. Programs may charge a transfer fee up to \$10.00 for each transfer.
 - (b) Clinical Evaluation Results. Clinical evaluators shall transfer a copy of the results of the clinical evaluation to the treatment provider designated by the client within seven days of the receipt by the clinical evaluator of an authorization for disclosure of information in a format acceptable to the department and signed by the offender.
- (3) Clinical Evaluators. Each clinical evaluator shall maintain, at a location approved by the department, the following records which shall be legible, complete, accurate and available for inspection and copying by the department.

- (a) Evaluation Report. Each clinical evaluator shall make monthly electronic reports online to the department showing all clients evaluated each month and each client's referral.
 - (b) Submission of Evaluation Reports to the Department. Clinical evaluators shall submit the monthly online electronic evaluation report to the department by the tenth day of the calendar month following each month reported.
 - (c) Client Files. Each clinical evaluator shall maintain a-file for each client evaluated which shall be labeled with the client's name and risk reduction certificate of completion number and which will be maintained in alphabetical order by client's last name. Each client file must contain the following information:
 - 1. Copy of the risk reduction program certificate of completion;
 - 2. Original Evaluation Contract
 - 3. Screening instrument results transferred from risk reduction program;
 - 4. Evaluation results and treatment referral;
 - 5. Signed authorizations for release(s) of information
 - 6. Copy of referral/enrollment form along with name and address of treatment provider to whom referral was sent;
 - 7. Documentation of eligibility for sliding scale fee, if applicable; and
 - 8. Any other information designated by the department.
- (4) Treatment Providers. Each treatment provider shall maintain, at a location approved by the department, the following records which shall be legible, complete, accurate and available for copying and inspection by the department.
- (a) Treatment Enrollment, Transfer and Completion Report. Each treatment provider shall prepare monthly treatment enrollment, transfer and completion reports on an electronic form designated by the department and submit the forms electronically as designated by the department. These reports will show all clients who have enrolled in treatment, transferred to another program and completed treatment each month.
 - (b) Submission of Treatment Enrollment, Transfer and Completion Reports to the Department. Treatment providers shall transmit the original monthly treatment enrollment, transfer and completion reports to the department by the tenth day of the calendar month following each month for all clients who have enrolled in

treatment, transferred to another program or completed treatment the previous month.

- (c) **Withdrawal or Dismissal From Treatment.** Treatment providers shall report' to the department each time a multiple or habitual DUI offender voluntarily withdraws or is involuntarily dismissed with cause from treatment prior to completion. These reports, which will include the treatment provider's reasons for dismissal if applicable, will be made on forms designated by the department and will be sent to the department by fax or mail within five business days of the client's withdrawal or dismissal.
- (d) **Client Files.** Each treatment provider shall maintain a file for each client evaluated which shall be labeled with the client's name and risk reduction certificate of completion; number and which will be maintained in alphabetical order by the client's last name. Each client file must contain the following information:
 - 1. Copy of the Referral/Enrollment. Form;
 - 2. Copy of clinical evaluation report;
 - 3. Original Treatment Service Contract
 - 4. Documentation of eligibility for sliding scale fee, if applicable;
 - 5. Intake paperwork, treatment plan and progress notes;
 - 6. Copy of Certificate of Treatment Completion; and
 - 7. Any other information designated by the Department.

Rule 82-2-1-.10. Treatment/Enrollment Forms for Multiple of Habitual Offenders.

Pre-numbered treatment/enrollment forms shall be supplied to treatment providers by the department. Treatment providers are responsible for completing the form relating to clinical evaluation and enrollment in treatment and providing the completed form to the client. These forms are the property of the department and treatment providers are responsible for the security of the forms and for ensuring that the information on the forms is complete and accurate.

- (a) **Requests for Treatment/Enrollment Forms.** Upon written request of a treatment provider, the department will send treatment/enrollment forms within two weeks to the treatment provider's mailing address currently on file with the department.
- (b) **Security of Treatment/Enrollment Forms.** Each treatment/enrollment form shall be maintained in a secure location until it is issued to the client. Each treatment provider must be able to account at all times for each treatment enrollment form issued. If any treatment/enrollment form is believed to be stolen, the treatment provider shall immediately upon discovery file a police report. In addition, if any treatment/enrollment form is believed to be lost or stolen, the treatment provider shall notify the department orally within one business day following the discovery of the loss or theft. The treatment provider must then follow up in writing to the department within 48 hours of discovery; of the loss or theft.
- (c) **Electronic Transmittal of Treatment/Enrollment Forms.** The department may implement the issuance of treatment/enrollment forms by electronic means, providing for direct and secure electronic transmittal of treatment enrollment forms to the Department of Driver Services.
- (d) **Falsifying or Altering Treatment/Enrollment Forms.**-Treatment/enrollment forms are official state documents which under some circumstances can be used to obtain a probationary driver's license or, for driver's license reinstatement. Pursuant to Title 16 of the Georgia' Code it is a crime to knowingly falsify, alter or fraudulently use an official document or certificate.

Rule 82-2-1-.11. Certificates of Treatment Completion.

Pre-numbered certificates of treatment completion shall be supplied to treatment providers by the department. These certificates are the property of the department and treatment providers are

responsible for each certificate of completion. Upon completion of treatment, treatment providers shall issue a certificate of treatment completion to the client. All information provided on the certificate must be complete and accurate. No certificate of treatment completion may be issued to a client prior to completion of treatment. Clients may be required to pay all treatment fees prior to receiving a certificate of treatment completion.

- (a) **Requests for Certificates of Treatment Completion.** Upon written request of a treatment provider, certificates of treatment completion will be sent within two weeks to the provider mailing address currently on file with the department.
- (b) **Security of Certificates of Treatment Completion.** Each certificate shall be maintained in a secure location until it is issued to the client. Each treatment provider shall be able to account at all times for each certificate issued to it. If any certificate is believed to be stolen, the provider shall immediately upon discovery, file a police report. In addition, if any certificate is believed to be lost or stolen, the provider shall notify the department orally no later than the end of the next business day following the discovery of the loss or theft. The provider shall then follow up in writing to the department within 48 hours of the discovery of the loss or theft.
- (c) **Replacement Certificates.** Treatment providers may provide a client with a new certificate of treatment completion for certificates that are lost or destroyed. The cost may not exceed \$15.00 to the client.
- (d) **Electronic Transmittal of Certificates of Treatment Completion.** The department may implement the issuance of certificates of treatment completion by electronic means, providing for direct and secure electronic transmittal of certificates of treatment completion to the Department of Driver Services.
- (e) **Falsifying or Altering Certificates.** Certificates of treatment completion and replacement certificates are official state documents which can be used for driver's license reinstatement. Pursuant to Title 16 of the Georgia Code, it is a crime to knowingly alter, falsify or fraudulently use an official document or certificate.

Rule 82-2-1-.12. Inspections and Investigations.

The department is authorized to inspect the records and facilities of clinical evaluators and treatment providers in order to verify compliance with these rules. Clinical evaluators, treatment providers and their employees and representatives shall cooperate with any inspection or investigation by the department and shall provide without delay any information reasonably requested by the department. If violations of these rules are identified as a result of an inspection

or investigation, the department may issue a written inspection report which identifies the rules violated and requires the clinical evaluator or treatment provider to submit a written plan of correction specifying what steps will be taken to correct the violations.

Rule 82-2-1-.13. Enforcement of Program Requirements.

- (1) When the department finds that any applicant for the registry of clinical evaluators or treatment providers does not fulfill the requirements of these rules, the department may, subject to notice and opportunity for a hearing, refuse to place the applicant on the applicable registry; provided, however, that the department shall not be required to hold a hearing prior to taking such action.
- (2) The department may remove a clinical evaluator or treatment provider from the registry for noncompliance with program requirements. Removal from the registry can be temporary, in the form of a suspension, or permanent, depending on the severity of the violation and the evaluator's or provider's history of compliance. In lieu of removal, the department may revoke the authority of the clinical evaluator or treatment provider to evaluate or enroll new clients.

Chapter 82-3. .

Subject 82-3-1. ADULT CRISIS STABILIZATION UNITS.

Rule 82-3-1-.01. Legal Authority.

These regulations have been promulgated to ensure that basic statutory licensing requirements to operate Adult Crisis Stabilization Units (CSUs) and any associated Crisis Service Center (CSC) and/or Temporary Observation (Temp Obs) functions are met and to ensure that organizations providing this service promote the empowerment and recovery of the individuals they serve. These rules are adopted and published pursuant to the Official Code of Georgia Annotated (O.C.G.A) Sec. [37-1-29](#). These rules and regulations supersede any and all prior operational standards related to the designation or certification of Crisis Stabilization Units.

Cite as Ga. Comp. R. & Regs. R. 82-3-1-.01

Authority: O.C.G.A. Sec. [37-1-29](#).

History. Original Rule entitled "Legal Authority" adopted. F. Jun. 30, 2011; eff. July 20, 2011.

Amended: F. Mar. 9, 2015; eff. Mar. 29, 2015.

Rule 82-3-1-.02. Title and Purpose.

1. The purpose of these rules is to establish general licensing procedures, operational requirements and enforcement procedures required by the Department of Behavioral Health and Developmental Disabilities (DBHDD) for CSUs. The issuance of a CSU operating license requires compliance with these rules and regulations and authorizes the licensee to establish services to meet the needs of the individuals in a safe, therapeutic environment and to set forth the minimum requirements for providing short term residential, psychiatric stabilization and detoxification services.
2. Compliance with this chapter does not constitute release from the requirements of other applicable federal, state, or local laws, codes, rules, regulations and ordinances. This chapter must be followed where it exceeds other codes and ordinances.

3. Licensure of the CSU does not constitute an entitlement to any type or level of funding by DBHDD.

Amended: F. Mar. 9, 2015; eff. Mar. 29, 2015.

Rule 82-3-1-.03. Definitions.

The following words and terms, when used in this chapter, shall have the following meanings, unless the context clearly indicates otherwise:

1. Abuse means any unjustifiable intentional or grossly negligent act, exploitation or series of acts, or omission of acts which causes physical or mental injury or endangers the safety of an individual, including but not limited to, verbal abuse, assault or battery, failure to provide treatment or care, or sexual harassment of the individual;
2. Adult means an individual who is either eighteen (18) years of age or older or an emancipated minor;
3. Advanced Practice Nursing means practice under a "Nurse Protocol Agreement", which is a written document, mutually agreed upon and signed by an APRN and a physician, by which the physician delegates to that APRN the authority to perform certain medical acts pursuant to O.C.G.A. Sec. [43-34-25](#), which may include without being limited to, the ordering of drugs, medical devices, medical treatments, diagnostic studies, or in life-threatening situations radiographic imaging tests;
1. Advanced Practice Registered Nurse, (hereinafter referred to as APRN), means a registered professional nurse licensed under Title 43, Chapter 25 of the Official Code of Georgia Annotated, who is recognized by the Georgia Board of Nursing as having met the requirements established by the Georgia Board of Nursing to engage in advanced nursing practice and who holds a master's degree or other graduate degree approved by the Georgia Board of Nursing and national board certification in his or her area of specialty, or a person who is recognized as an advanced practice registered nurse by the Georgia Board of Nursing on or before June 30, 2006;
2. Behavioral Health Crisis Center (BHCC) is a CSU which includes CSC and Temp Obs functions and has the capacity to accept individuals in crisis who can present for screening, assessment and evaluation by the appropriate practitioner and can receive referral to the next appropriate level of care. A BHCC is licensed as CSU and all provisions herein apply;
3. Certificate of Need as defined in O.C.G.A. Sec. [31-6-2](#) means an official determination by the Department of Community Health (DCH), evidenced by certification issued pursuant

to an application, that the action proposed in the application satisfies and complies with the criteria contained in the Georgia Code and rules promulgated by DCH;

4. Certified Addiction Counselor means an individual who is certified by one of the approved certifying bodies recognized by the state of Georgia, i.e. the Alcohol and Drug Abuse Certification Board of Georgia or the Georgia Addiction Counselor's Association;
5. Charge Nurse means a registered nurse who has the responsibility for coordination and supervision of nursing services during the period of a work shift;
6. Chemical Restraint means an over-the-counter or prescribed medication or drug that is administered to manage an individual's behavior in a way that reduces the safety risk to the individual or to others that has the effect of reducing the individual's freedom of movement and that is not a standard treatment for the individual's medical or psychiatric condition;
7. Chief Executive Officer (CEO) means the person, by whatever title used, whom the governing body has delegated the responsibility for the management and operation of the facility including the implementation of the rules and policies adopted by the governing body;
8. Commissioner means the commissioner of the Department of Behavioral Health and Developmental Disabilities (DBHDD);
9. Contraband means any item or article of property that poses a threat to the security and safety of the CSU and any associated CSC and/or Temp Obs individuals, employees, visitors or public, or other items prohibited by CSU or state law;
10. Crisis Bed means any bed operated by the Crisis Stabilization Unit excepting transitional beds as defined within;
11. Crisis Service Center (CSC) provides short-term intervention designed to be time limited, generally a single episode that stabilizes the individual and moves them to the appropriate level. CSCs are generally open twenty-four hours, seven day a week and provide walk-in capacity for assessment, stabilization, and referral;
12. Crisis Stabilization Unit (CSU) means a medically monitored short-term residential program that is licensed by the Department under these rules and designated by the Department as an emergency receiving and evaluating facility to provide emergency disability services that include providing psychiatric stabilization and detoxification services twenty-four hours a day, seven days a week. If a CSU operates a CSC and/or Temp Obs area in conjunction with the CSU, these areas are considered a part of the CSU for the purposes of these Rules and Regulations, as determined necessary and applicable by DBHDD to meet the needs of individuals in a safe, therapeutic environment;
13. Department means the Department of Behavioral Health and Developmental Disabilities (DBHDD);

14. Emancipated minor means a person who is at least sixteen (16) but less than eighteen (18) years of age where the rights of the minor's parents to the custody, control, services, and earnings of the minor have been terminated by operation of state law or pursuant to a valid emancipation order issued by a court of competent jurisdiction;
15. Emergency Disability Services provided in a CSU and any associated CSC and/or Temp Obs means services provided to individuals who meet criteria for admission to an emergency receiving and evaluating facility on voluntary or involuntary status;
16. Emergency Receiving Facility means a facility designated by the Department to receive individuals under emergency conditions as provided in Part 1 of Article 3 of Chapter 3, and Part 1 of Article 3 of Chapter 7 of Title 37 of the Official Code of Georgia Annotated;
17. Evaluating Facility means a facility designated by the Department to receive individuals for evaluations as provided in Part 2 of Article 3 of Chapter 3, and Part 2 of Article 3 of Chapter 7 of Title 37 of the Official Code of Georgia Annotated;
18. Governing Body means the Board of Trustees, the partnership, the corporation, the association, the person, group of persons or other legal entity that is legally responsible for operation of the CSU and any associated CSC and/or Temp Obs functions;
19. Individual means any person applying to, or receiving services in a CSU and any associated CSC and/or Temp Obs;
20. Individualized Recovery Plan (IRP) is the document that is initiated during an individual's admission to the CSU and is continued when the individual is discharged to the next level of care. The development of an IRP proceeds from a synthesis of (a) the reason for admission, (b) the individual's goals and choices, (c) treatment and recovery needs as identified by multidisciplinary assessments, (d) interventions, and (e) discharge criteria;
21. Involuntary Status means admission of an individual who has a mental illness or an addictive disorder and who meets clinical criteria for admission, but who is unable or unwilling to provide informed consent for services pursuant to O.C.G.A. Secs. [37-3-41](#), [37-7-41](#);
22. Law Enforcement Hold means that an individual is in the custody or control of law enforcement and must be discharged only to the custody of law enforcement;
23. License means the official authorization granted by the Department pursuant to any of the provisions of O.C.G.A. Sec. [37-1-29](#) and these rules to operate a CSU physically located in Georgia;
24. Licensed/Certified Clinician in a CSU setting and its associated CSC and/or Temp Obs means a person who is licensed or certified, as specified by professional practice acts, as a LCSW, LMSW, LPC, APC, LMFT, AMFT, PhD, Psychologist or a CACII;

25. Licensed Practical Nurse (LPN) means any person who holds a current license to practice nursing pursuant to O.C.G.A. Sec. [43-26-32](#)*et seq*;
26. Licensing requirements means any provisions of law, rule, regulation, or formal order of the Department which apply to the CSU with respect to initial or continued authority to operate;
27. Manual Hold (also known as Manual Restraint or Personal Hold) means the application of physical force, without the use of any device, for the purpose of restricting the free movement of an individual's body regardless of duration or timeframe;
28. Medical Director means the chief medical officer who is physician with overall responsibility for treatment of individuals receiving services within the CSU and any associated CSC and/or Temp Obs or a physician appointed in writing as the designee of such chief medical officer;
29. Nursing Administrator means a full time employee of the CSU who:
 - a. Is a registered professional nurse;
 - b. Is responsible for:
 - i. The management of the nursing staff in the CSU;
 - ii. Effective nursing care systems; and
 - iii. Ensuring continuous quality improvement in care.
30. Nursing staff, as used in these rules, means the licensed and unlicensed assistive personnel providing direct care twenty-four hours a day, seven days a week. This includes the registered nurse in charge, other registered nurses on duty, licensed practical nurses, and unlicensed assistive personnel in the employ of the CSU and any associated CSC and/or Temp Obs;
31. Physician means a person lawfully licensed in this state to practice medicine and surgery under the provisions of O.C.G.A. Sec. [43-34-20](#)*et seq*. Physician, as used in these rules, means physician as well as those practitioners to whom the physician may delegate authority as defined in Physician Extender below;
32. Physician's Assistant means a skilled person who is licensed to a supervising physician and who is qualified by academic and practical training to provide patient services not necessarily within the physical presence but under the personal direction or supervision of the supervising physician pursuant to O.C.G.A. Sec. [43-34-102](#)*et seq*;
33. Physician Extender means an advanced practice registered nurse or a physician's assistant to whom the physician may delegate authority as defined in O.C.G.A. Secs. [43-34-23](#), [43-24-25](#);

34. Plan of Correction means a plan for correcting deficiencies in meeting rules and regulations of the Department;
35. Psychiatrist means any physician certified as a diplomat in psychiatry by the American Board of Psychiatry and Neurology, or who has completed three (3) years of an approved residency training program in psychiatry and has had at least two (2) years of full-time practice in this specialty;
36. Registered Professional Nurse (RN) means any person who holds a current license to practice nursing under O.C.G.A. Sec. [43-26-3](#)*et seq*;
37. Restraint means any method, device, material or equipment attached or adjacent to the individual's body that the individual cannot easily remove and that restricts freedom of movement or normal access to one's body. This includes use of a manual restraint; manual hold or personal hold; a physical device; a mechanical device; use of material that is any physical matter including cloth or fabric, or use of equipment;
38. Risk Mitigation Plan is a document which addresses safety management for CSUs for which the architectural structure and/or environment of care is not consistent with the applicable provision;
39. Seclusion means the involuntary confinement of an individual alone in a room or area of a room from which the individual is physically prevented from leaving;
40. Temporary Observation (Temp Obs) is a facility-based program that provides a physically secure and medically safe environment during which an individual in crisis is further assessed, stabilized and referred to the next appropriate level of care;
41. Transitional Bed means a bed utilized for an individual on voluntary status who is transferred by order of a physician from a crisis bed but who remains within the CSU in a transitional bed during transition into the community. The designation of a transitional bed is not limited to a specific bed, but can also reference the individual during his/her transitional status;
42. Treatment means care, diagnostic and therapeutic services, including the administration of medication, and any other service for an individual as defined in O.C.G.A. Sec. [37-3-1](#);
43. Treatment Facility means a facility designated by the Department to receive individuals for involuntary commitment for treatment ordered by the Probate Court provided in Part 3 of Article 3 of Chapter 3 and Part 3 of Article 3 of Chapter 7 of Title 37 of the Official Code of Georgia Annotated;
44. Treatment Team means physician, RN, licensed clinician, and related professionals such as, certified peer specialists, certified addiction counselors, etc;

45. Unlicensed Assistive Personnel, as used in these rules, means individuals in the employ of the CSU and any associated CSC and/or Temp Obs who provide direct care and oversight to individuals served in the CSU and any associated CSC and/or Temp Obs, including, but not limited to, vital signs, activities of daily living, safety observations, and other duties as assigned. Unlicensed assistive personnel may be referred to as psychiatric assistants; certified nursing assistants, mental health assistants, healthcare technicians, or other recognized industry terms;
46. Voluntary Status means admission of an individual who has a mental illness or an addictive disease who meets clinical criteria for admission, and who is able to understand and exercise the rights and powers of an individual on voluntary status pursuant to O.C.G.A. Secs. [37-3-20](#), [37-7-20](#).

History. Original Rule entitled "Definitions" adopted. F. Jun. 30, 2011; eff. July 20, 2011.

Amended: F. Mar. 9, 2015; eff. Mar. 29, 2015.

Rule 82-3-1-.04. General Licensing Requirements.

1. A license is required to operate a CSU and its associated CSC and/or Temp Obs functions:
 - a. No person, corporation or other entity shall offer or provide crisis stabilization services as defined in these rules unless designated as an emergency receiving and evaluating facility and licensed by the Department;
 - b. An applicant shall obtain a license prior to admitting individuals;
 - c. No license shall be issued by the Department unless the CSU and any associated CSC and/or Temp Obs functions are in compliance with these rules.
2. The CSU shall prominently and conspicuously display the license in a public area of the licensed premises that is readily visible to individuals, employees, and visitors. A CSU license shall not be altered.
3. A CSU license shall not be transferred or assigned and each CSU location shall be separately licensed.
4. The CSU shall obtain approval from the Department in writing for any change in bed capacity. Any change in Temporary Observation capacity shall also require Departmental approval.
5. The CSU shall notify the Department in writing at least thirty (30) days prior to, or in the event of an emergent change, within seventy-two (72) hours of any of the following occurrences:

- a. Any construction, renovation, or modification of the CSU, CSC and/or Temp Obs buildings;
 - b. Date of cessation of operation of the CSU;
 - c. Moving to a new location;
 - d. Change in CSU name or telephone number;
 - e. Change in ownership; or f. Change in agency CEO, medical director, and/or nurse administrator of the CSU.
6. The license shall be returned to the Department immediately after the notification date. When a CSU ceases to operate, is moved to another location, changes ownership, or the license is suspended or revoked. Failure to return the CSU license to the Department shall not mean the CSU is licensed. If the CSU receives notice from the Department that the license is no longer valid, the CSU shall no longer be considered to be licensed.
7. The Department may deny an agency a license for reasons, including but not limited to:
 - a. The applicant fails to provide the required application or renewal information;
 - b. Operation of a CSU which has been decertified or had its contract cancelled under the Medicare or Medicaid program in any state; federal Medicare or state Medicaid sanctions or penalties; federal or state tax liens; unsatisfied final judgments; eviction involving any property or space used as a CSU; unresolved state Medicaid or federal Medicare audit; denial, suspension, or revocation of a hospital license, belonging to the governing body, owner or operator of an applicant, for a license for any health care facility in any state; a court injunction prohibiting ownership or operation of a facility;
 - c. Violation of any rules, regulations, local, state and federal laws.

History. Original Rule entitled "General Licensing Requirements" adopted. F. Jun. 30, 2011; eff. July 20, 2011.

Amended: F. Mar. 9, 2015; eff. Mar. 29, 2015.

Rule 82-3-1-.05. Application Requirements.

1. An application for a license to provide CSU and any associated CSC and/or Temp Obs services/functions shall be submitted on forms made available by the Department in a format acceptable to the Department. No application shall be acted upon by the

Department until the application is determined complete by the Department with all required attachments submitted.

2. The applicant shall submit the following documents to the Department no later than ninety (90) calendar days prior to the projected opening date of the CSU and any associated CSC and/or Temp Obs functions:
 - a. An accurate and complete application form;
 - b. A working budget showing projected revenue and expenses for the first year of operation, including revenue plan;
 - c. Documentation of working capital:
 - i. Funds or a line of credit sufficient to cover at least 90 days of operating expenses if the applicant is a corporation, unincorporated organization or association, a sole proprietor or a partnership;
 - ii. Appropriate revenue if the applicant is a state or local governmental agency, board or commission.
 - d. Documentation of authority to conduct business in the State of Georgia;
 - e. A separate twenty-four hour staffing plan for each service/function (CSU, CSC and/or Temp Obs) which includes nurses and physicians;
 - f. A floor plan with dimensions and with space and room function designations;
 - g. Number of proposed CSU beds; and proposed capacity in Temp Obs;
 - h. Photocopies of operating agreements with healthcare providers to provide care that is beyond the scope of the facility;
 - i. A program description signed by the medical director that includes, consistent with these rules and Department policy, admission and discharge criteria and procedures, including reasons for denial of admission, for both voluntary and involuntary individuals who do not meet admission criteria;
 - j. Proposed daily schedule of treatment and education options throughout twelve waking hours each day, to include treatment and educational opportunities responsive to the mental health, physical health and addictive disorder issues represented by individuals receiving services;
 - k. Fire Safety Documentation:
 - a. For new construction, additions, and renovation projects, written approval by the local Building authority as well as a fire safety report (e.g., Fire Safety Inspection Report or a Certificate of Occupancy) in the jurisdiction in

which the CSU and any associated CSC and/or Temp Obs is based, must be submitted before a license is issued;

- b. For buildings already constructed, a copy of a fire safety report indicating approval by the local fire authority for the jurisdiction in which the CSU and any associated CSC and/or Temp Obs is based, dated within the last twelve (12) months of the projected opening date must be submitted before a license is issued.
1. Documentation of agency accreditation as required by Departmental policy.
3. The Department shall conduct announced or unannounced on-site reviews of all facilities and services to determine compliance with the rules and regulations to operate a CSU and any associated CSC and/or Temp Obs functions, prior to a license being granted.

Rule 82-3-1-.06. Issuance of Initial and Renewal of License.

1. When the Department determines that the applicant is in compliance with all applicable rules and regulations, the Department shall issue an initial license to the applicant.
 - a. The initial license for a new facility is valid for the first year of operation. The term of the initial license may not exceed one (1) year from the date of issuance;
 - b. Prior to expiration of the initial license, the Department shall conduct a review of the CSU and any associated CSC and/or Temp Obs functions for compliance with all applicable rules and regulations;
 - c. Pursuant to a satisfactory review, the Department shall issue a license which shall be valid for a period of up to two (2) years.
2. It shall be the responsibility of the CSU to complete and submit a renewal application for licensure, as required by the Department, which is postmarked at least ninety (90) calendar days prior to the expiration date of the current license. If the CSU fails to submit the completed renewal application, the Department shall provide notice by certified mail advising that unless the renewal application and licensure review is satisfactorily completed, the CSU is operating without a valid license and is subject to sanctions.

Rule 82-3-1-.07. Operational Scope of Services.

Each CSU shall have a detailed description of the scope of services under which the CSU operates that includes, but is not limited to:

1. The CSU and any associated CSC shall describe its capacity to serve both voluntary and involuntary individuals;
2. The CSU and any associated CSC and/or Temp Obs shall clearly state in its policy that it is not a treatment facility as defined in O.C.G.A. Secs. [37-1-29](#), [37-3-1\(18\)](#);
3. The services offered within the CSU shall be provided in a community based setting, and shall be described as crisis residential services rather than inpatient or hospital level of care service;
4. The CSU shall not advertise or hold itself out as a hospital nor shall it bill for hospital or inpatient services;
5. The CSU shall be exempt from any requirement of Georgia's Certificate of Need (CON) program;
6. The facility shall pursue with due diligence operating agreements in writing, with one or more healthcare providers, to provide care that is beyond its scope:
 - a. Operating agreements shall be updated at a minimum every five (5) years as evidenced by date and signatures on the agreement document;
 - b. The operating agreement with an inpatient treatment facility shall include the agreement that the CSU shall transfer the individual to the treatment facility on the existing involuntary legal document in sufficient time for the treatment facility to evaluate the individual and petition the court for involuntary treatment as necessary.
7. The average annual length of stay in the crisis beds of the CSU shall not exceed eight (8) calendar days;
8. The CSU shall report census and length of stay data as required to the Department for both crisis and transitional beds, respectively;
9. The CSU shall give priority consideration to serving those individuals without private health care coverage;

10. Individuals shall be billed in accordance with Departmental policy on payment for services;
11. The CSU and any associated CSC and/or Temp Obs shall not refuse service to receive, evaluate, or stabilize any individual who meets criteria for services as defined in O.C.G.A. Sec. [37-1-29](#) and Departmental Policy;
12. The CSU shall not operate solely as a twenty-four hour residential service offering detoxification.

Amended: F. Mar. 9, 2015; eff. Mar. 29, 2015.

[Rule 82-3-1-.08. Program Description.](#)

Each CSU shall have a description of services which shall clearly state the following:

1. The CSU is designed to serve as a first-line community based alternative to hospitalization, offering psychiatric stabilization and detoxification services on a short-term basis;
2. The target population is adults (eighteen (18) years or older). Individuals may also have other co-occurring diagnoses;
3. Emancipated minors may be served when the need for stabilization can be met when they do not need specialized adolescent services, and when their life circumstances demonstrate they are more appropriately served in an adult environment. Admissions to the CSU must be approved by the medical director;
4. Psychiatric stabilization and residential detox services are offered at a clinical intensity level which supports the level of care in DBHDD contracts and the DBHDD Provider Manual for Community Behavioral Health Providers;
5. The CSU and any associated CSC and/or Temp Obs shall have policies and procedures for identifying and managing individuals who meet the diagnostic criteria for a Substance Dependence Disorder;
6. The CSU and any associated CSC and/or Temp Obs shall have policies and procedures for providing a planned regimen of twenty-four hour professionally driven evaluation, care and treatment services for individuals who meet the diagnostic criteria for a Substance Dependence Disorder. All services offered within the CSU and any associated CSC and/or Temp Obs shall be provided under the direction of a physician. Consultation by a psychiatrist shall be available if the covering physician is not a psychiatrist;

7. A physician or psychiatrist shall be on call twenty-four hours a day and shall make rounds seven days a week. The physician is not required to be on site twenty-four hours a day, however the physician must respond to staff calls immediately (delay not to exceed one (1) hour);
8. The CSU and any associated CSC and/or Temp Obs shall provide emergency receiving, screening, and evaluation services twenty-four hours a day, seven days a week and shall have the ability to admit and discharge seven days a week;
9. The CSU and any associated CSC and/or Temp Obs shall have policies and procedures for identifying and managing individuals at high risk of suicide or intentional self-harm;
10. The functions performed by staff whose practice is regulated or licensed by the State of Georgia are within the scope allowed by state law and professional practice acts;
11. The CSU shall have a full-time position classified as a nursing administrator.
12. The CSU shall have an RN present within the CSU twenty-four hours a day, seven days a week who is the charge nurse for the CSU. For every thirty (30) CSU beds there shall be one (1) RN present at all times;
13. Staffing for the CSU shall be established based on the needs of individuals being served as follows:
 - a. At all times there shall be at least two (2) nursing staff present within the CSU including the charge nurse (if the charge nurse is an APRN, then he/she may not simultaneously serve as the accessible physician during the same shift);
 - b. The ratio of nursing staff to individuals shall not be less than 1:8 (including the charge)
 - c. The ratio of nursing staff to individuals shall increase on the basis of the clinical care needs of the individual, including required levels of observation for high risk individuals;
 - d. If a nursing staff is assigned a 1:1 support role, then he/she shall not be counted in the 1:8 ratio above;
 - e. Utilization of licensed practical nurses (LPNs) in CSU shall be to provide technical support to the registered nurse by performing duties specified in O.C.G.A. Sec. [43-26-3](#)*et seq.*
14. Program offerings for the CSU shall be designed to meet the biopsychosocial stabilization needs of each individual, and the therapeutic content of the program (group therapy/training, individual therapy/training, education support, etc.) shall be annually approved by a licensed/certified clinician. This content is captured in a master file which will have the licensed clinician's approval, signature and date of review;

15. The CSU and any associated CSC and/or Temp Obs shall have protocols with respect to stabilization and transfer of individuals to a different level of care. The treating physician shall make the determination as to the time and manner of transfer to ensure no further deterioration of the individual during the transfer between facilities, and shall specify the benefits expected from the transfer in the individual's record;
16. The CSU shall designate a specific number of beds which may be used as a crisis bed or as a transitional bed with Department approval;
17. A physician must write an order for the individual's change in status from CSU crisis status to transition status. The CSU must record the date of transfer and the length of stay in the transitional bed for each episode of care.

Amended: F. Mar. 9, 2015; eff. Mar. 29, 2015.

Rule 82-3-1-.09. Evaluation and Admissions.

1. The CSU must have written protocols for screening individuals presenting for evaluation pursuant to O.C.G.A. Secs. [37-3-41](#) and [37-7-41](#). If screening results in an individual not being offered services or admitted to the CSU, the CSU shall maintain documentation of the rationale for the denial of services and referral of the individual.
2. Level of Care instruments defined in the DBHDD Provider Manual for Community Behavioral Health Providers will be utilized to determine the required need and resulting level of care for admission to the CSU.
3. The CSU shall not admit individuals presenting with issues listed under "Exclusion Criteria" in the Department's policy on medical exclusion guidelines and criteria. The CSU staff shall ask the referral source for information regarding the medical status of the individual. If there are medical status issues, the CSU physician may request additional information or waive medical clearance when clinically appropriate or when medical clearance is not available.
4. The CSU shall not refuse to receive for evaluation an individual who presents to the CSU for evaluation and/or stabilization.
5. Staff shall conduct a search of the individual, his or her clothing, and all personal effects before admission to the unit.
6. Personal searches of individuals (e.g. strip searches) are to be performed only for cause and shall be ordered by the physician. The rationale for the personal search must be clearly documented in the order. Sequential steps of the search, including documentation of staff

involved by name and title, must be recorded in the progress notes section of the clinical record. Mandatory removal of clothing or standing orders for personal searches is not permitted.

7. An initial screening for risk of suicide or harm to others shall be conducted for each individual presenting to the CSU, and its associated CSC and/or Temp Obs for evaluation.
8. A physician must assess each individual within twenty-four (24) hours of admission, to the CSU, document the findings of the assessment(s), and write orders for care.
9. Orders for care shall include the clinically appropriate level of observation for the individual.

Rule 82-3-1-.10. Provision of Individualized Care.

1. An Individualized Recovery Plan (IRP) shall be developed and written within seventy- two (72) hours of admission on the basis of assessments conducted by the physician, registered nurse and professional social work or counseling staff. A major goal of each IRP shall be the individual's stabilization and recovery. For individuals with both substance abuse and mental health diagnoses, the IRP shall address issues relative to both diagnoses.
2. At a minimum, this IRP shall be developed in collaboration with the individual, and shall include the following:
 - a. A problem statement or statement of needs to be addressed;
 - b. Goals that are consistent with the individual's needs, realistic, measurable, linked to symptom reduction, and attainable by the individual during the individual's projected length of stay;
 - c. Objectives, stated in terms that allow measurement of progress, that build on the individual's strengths;
 - d. Specific treatment offerings, methods of treatment and staff responsible to deliver the treatments;
 - e. Interventions and preferred approaches that are responsive to findings of past trauma and abuse;

- f. Evidence of involvement by the individual, as documented by his or her signature or refusal/ability to sign;
 - g. Signatures of all staff participating in the development of the plan.
- 3. The IRP shall be reviewed at a minimum every seventy-two (72) hours by a treatment team to assess the need for the individual's continued stay in the CSU. The IRP shall be updated as appropriate when the individual's condition or needs change.
- 4. The physician shall, at a minimum:
 - a. Conduct the initial assessment of the individual;
 - b. Establish a diagnosis and write care orders;
 - c. Document the rationale for medications prescribed;
 - d. Assess the individual's response to care and services provided; and
 - e. Conduct an assessment of the individual at the time of discharge.
- 5. Discharge summary information shall be provided to the individual at the time of discharge that includes:
 - a. Criteria describing evidence of stabilization and discharge planning;
 - b. Significant findings relevant to the individual's recovery (strengths, needs, preferences);
 - c. Specific instructions for ongoing care;
 - d. Individualized recommendations for continued care to include recovery supports, community services, if indicated; and
 - e. Contact information for how to access community services.

Rule 82-3-1-.11. Documentation of Care.

The CSU shall maintain a clinical record for each individual, which may be recorded manually or electronically. The clinical record shall contain chronological information on all matters relating to the admission, care and treatment, discharge and legal status of the individual, and

shall include documents relating to the individual. The clinical record shall include at least the following:

1. Record of evaluation for admission and outcome of the evaluation, including the date, time, name and credentials of the professional conducting the evaluation;
2. Legal status documents for admission and continued stay in the CSU, as detailed in O.C.G.A. Secs. [37-3-1](#) *et seq.* and 37-7-1 *et seq.*;
3. Documentation of guardianship, whenever applicable;
4. Assessments, to include psychiatric, physical health, nursing and psychosocial status; physician orders;
5. Every order given by telephone shall be received by an RN or LPN and shall be recorded immediately with the ordering physician's name, and shall be reviewed and signed by a physician within twenty-four (24) hours. Specific to the ordering of medication, documentation shall demonstrate evidence that an order was made by telephone, the content of order, and date of the order;
6. Documentation by the physician of the individual's response to care, including rationale for changes in orders or levels of observation;
7. An IRP which specifies individualized interventions responsive to the needs of the individual;
8. Documentation of implementation of interventions, including the individual's response to the interventions;
9. Location and type of treatment or education provided, including the date and time of treatment or education, the name and credentials of the professional or other staff providing the service, and the response of the individual to the treatment or education;
10. Evidence of progress toward stabilization and recovery, or lack thereof;
11. Documentation of medical testing (if any), medical findings and medical care needs or interventions provided;
12. Documentation of continued stay justifications;
13. Documentation at least once per day by an RN as to the status of the individual;
14. Documentation of events or incidents that affect care and treatment, including the individual's response;
15. Record of implementation of emergency safety interventions of last resort (seclusion or restraint), if implemented;

16. Name and title of staff providing care and treatment; and
17. Discharge notes and aftercare plans, including the individual's status at discharge, ongoing needs, aftercare plan, and the date, time and method of discharge.

History. Original Rule entitled "Documentation of Care" adopted. F. Jun. 30, 2011; eff. July 20, 2011.

Amended: F. Mar. 9, 2015; eff. Mar. 29, 2015.

Rule 82-3-1-.12. Protection and Safety of the Individual and of Others.

1. The CSU and any associated CSC and/or Temp Obs shall have procedures regarding authorized entry and/or exit between and from the facility services.
2. The CSU and any associated CSC and/or Temp Obs shall have policies and procedures to protect and respect individuals' rights and privacy while conducting searches.
3. The CSU and any associated CSC and/or Temp Obs shall have control of potentially injurious items, clearly defined in policy to include, but may not be limited to:
 - a. Prohibition of flammables, toxins, ropes, wire clothes hangers, sharp-pointed scissors, luggage straps, belts, knives, shoestrings, or other potentially injurious items;
 - b. Management of housekeeping supplies and chemicals, including procedures to avoid access by individuals during use or storage. Whenever practical, supplies and chemicals shall be non-toxic or non-caustic;
 - c. Safeguarding use and disposal of nursing and medical supplies including drugs, needles and other "sharps" and breakable items.
4. Except as otherwise provided by associated CSC and/or Temp Obs. The facility shall post notices regarding the prohibition of weapons shall be prohibited at the CSU and any weapons at all entrances and shall have written protocols addressing the same.
5. The CSU and any associated CSC and/or Temp Obs shall develop and implement policies and practices, consistent with Departmental policy, that describe interventions to prevent crises and minimize incidents when they do occur, that are organized in a least to most restrictive sequence. The written policies and procedures shall:
 - a. Emphasize positive approaches to interventions;
 - b. Protect the health and safety of the individual served at all times;

- c. Specify the methods for documenting the use of the interventions; the admission assessment shall contain an assessment of past trauma or abuse, how the individual served would prefer to be approached should he or she become dangerous to him or herself or to others and the findings from this initial assessment shall guide the process for determining interventions.
6. The CSU shall develop and implement internal policies and practices for use of seclusion or restraint that are consistent with federal and state laws, rules, regulations and DBHDD policy:
- a. Seclusion or restraint, as defined in these regulations, shall be used only as an emergency safety intervention of last resort to ensure the physical safety of the individual and others, and shall be used only after less restrictive interventions have been determined to be ineffective;
 - b. Seclusion or restraint shall not be used as punishment or for the convenience of staff
 - c. Seclusion and restraint shall not be implemented simultaneously;
 - d. All individuals placed in restraints shall be afforded full privacy away from other individuals receiving services;
 - e. Chemical restraint as defined by the Code of Federal Regulations shall not be utilized under any circumstances;
 - f. Staff and individuals shall be debriefed immediately following an episode of seclusion or restraint, identifying the circumstances leading up to the seclusion or restraint;
 - g. The individual's IRP shall be updated following the debriefing of what led to a seclusion or restraint episode, including changes that could be made to prevent the situation from reoccurring or better support the individual if future issues do occur.
7. The CSU and any associated CSC and/or Temp Obs shall develop policies and procedures for implementing suicide prevention interventions addressing: screening, crisis safety plan, assessments, staffing, levels of observation and documentation in accordance with DBHDD policy.
- a. Policies and procedures shall require constant visual observations of persons clinically determined to be actively suicidal;
 - b. A person assessed to be potentially suicidal shall be on a higher level of supervision;
 - c. Modifications or removal of suicide prevention interventions shall require clinical justification determined by an assessment and shall be specified by the attending physician and documented in the clinical record;

- d. A registered professional nurse or other licensed/certified clinician may initiate suicide prevention interventions prior to obtaining a physician/psychiatrist's order, but in all instances must obtain an order within one (1) hour of initiating the intervention;
 - e. Staff shall be debriefed immediately following a suicide attempt, identifying the circumstances leading up to the suicide attempt;
 - f. The individual's IRP shall be updated following the debriefing of what led to the suicide attempt, including changes that could be made to prevent the situation from reoccurring or to better support the individual if future issues do occur.
8. Other high-risk behaviors such as assaultive behavior shall be addressed in the CSU policies and procedures.

Rule 82-3-1-.13. Pharmacy Services and Management of Medication.

- 1. All pharmacy operations or services within the CSU must be licensed and under the direct supervision of a registered pharmacist or provided by contract with a licensed pharmacy operated by a registered pharmacist.
- 2. The CSU must ensure access to pharmacy services for prescription medications within eight (8) hours of the physician's order.
- 3. Stat medication not maintained in the CSU must be available for administration within one (1) hour of the order to give the medication.
- 4. Any request for exemptions for requirements regarding a pharmacy license must be submitted in writing to the Georgia State Board of Pharmacy.
- 5. The CSU shall establish and implement policies, procedures and practices that guide the safe and effective use of medications and shall, at a minimum, address the following:
 - a. Medications and medical care orders shall be written, signed, administered, and implemented upon direct order from a physician, as defined in O.C.G.A. Secs. [43-34-23](#), [43-34-25](#);

- b. Medications shall be used solely for the purposes of providing effective treatment and protecting the safety of the individual and other persons and shall not be used as punishment or for the convenience of staff or as chemical restraint;
- c. There shall be no standing orders for any psychotropic medication;
- d. Medication management policies and procedures shall follow federal and state laws, rules and regulations, and shall direct the management of medication ordering, procurement, prescribing, transcribing, dispensing, administration, documentation, wasting or disposal and security, to include the management of controlled substances, floor stock, and physician sample medications;
- e. There shall be documented evidence of oversight by the medical director for the accounting of and dispensing of sample medications;
- f. The CSU shall develop a policy on informed consent on medication, including the right to refuse medication;
- g. The CSU shall follow the Department's policies and procedures for Informed Consent and Involuntary Administration of Psychotropic Medication;
- h. There shall be a process to identify, track and correct deviations in medication prescribing, transcribing, dispensing, administration, documentation, or drug security of ordering or procurement of medication that results in a variance;
- i. The CSU shall develop and implement policies and procedures that describe actions to follow when drug reactions and other emergencies related to the use of medications occur, and emergency medical care that may be initiated by a registered nurse in order to alleviate a life threatening situation; and
- j. The CSU shall conduct daily checks and maintain temperature logs for all medication room refrigerators. Temperatures for the refrigerator shall be set between 34°F to 41°F (1°C to 5°C).

Rule 82-3-1-.15. Food Services.

All CSU food service operations shall comply with current federal and state laws and rules concerning food service and shall include:

1. At least three (3) nutritious meals per day shall be served;
2. Nutritional snacks shall be available to each individual;
3. No more than fourteen (14) hours may elapse between the end of an evening meal and the beginning of a morning meal;
4. Therapeutic diets shall be provided when ordered by the physician;
5. Under no circumstances may food be withheld for disciplinary reasons;
6. The CSU must have a sufficient designated area to accommodate meal service.

Individuals may eat or be served in shifts during daily operations. The eating area may double as a group or activity area;

7. If food is prepared by the CSU, the CSU must have a satisfactory food service permit score, pursuant to Georgia Department of Human Services, Public Health, Food Service, [290-5-14-.10](#). If applicable, a copy of the current food service permit must be on file in the CSU;
8. The CSU may utilize meal preparation services from an affiliated or contracted entity with a current food service permit. There shall be a formal contract between the CSU and the contracted food entity containing assurances that the contracted food entity will meet all food service and dietary standards imposed by this rule;
9. If the CSU elects to have meals prepared off-site, the CSU will have a modified kitchen that includes a microwave, a refrigerator, an ice maker and clean-up facilities;
10. The CSU must maintain a daily temperature log for the freezer(s) and refrigerator(s).

Temperatures for the refrigerator shall be set between 34°F and 41°F (1°C to 5°C) and the freezer temperature should be set between 0°F and 10°F (-17°C to -15°C);

11. Foods, drinks and condiments shall be dated when opened and discarded when expired;
12. Each CSU shall maintain a three-day supply of non-perishable emergency food and water at all times.

Rule 82-3-1-.16. Infection Control and Prevention.

The CSU and any associated CSC and/or Temp Obs functions shall develop and implement policies and procedures for infection control and prevention that include the following:

1. Standard precautions are defined and the use of personal protective equipment when handling blood, body substances, excretions and secretions are outlined;
2. Proper hand washing techniques are outlined;
3. Proper disposal of biohazards, such as potentially infected waste and spills- management, needles, lancets, scissors, tweezers and other sharp instruments is described;
3. Prevention and treatment of needle stick/sharp injuries are outlined;
4. The management of common illnesses such as, but not limited to Methicillin-Resistant Staphylococcus Aureus (MRSA), colds and influenza, gastrointestinal viruses, pediculosis and tinea pedis, etc. is described;
6. Specific procedures to manage infectious diseases including but not limited to tuberculosis, hepatitis B, Human Immunodeficiency Virus (HIV), Acquired Immune Deficiency Syndrome (AIDS) or other infectious diseases are described;
7. Handling and maintenance of individual care equipment is described;
8. The infection control risk assessment and plan is reviewed annually for effectiveness and revision, if necessary;
9. The CSU and any associated CSC and/or Temp Obs shall have written hygienic practices and procedures regarding the management of linens and minimizing healthcare-associated infections, including collection, sorting, transport, washing and storage of soiled linens.

The practices shall be based upon a cited expert source (such as the U.S. Centers for Disease Control and Prevention) and updated annually to ensure the procedures reflect evolving standard practice. At a minimum, the facility shall:

- a. Have immediately available a quantity of clean bed linens and towels, etc., essential for the proper care of individuals at all times; and
 - b. Have collection, sorting, and cleaning procedures which are designed to prevent contamination of the environment, individuals served, and personnel.
10. In relation to individuals who are carriers of an infectious illness, the transfer and the release of confidential information to select unit medical and nursing staff on a need to know basis is addressed; and
 11. Hand washing facilities provided in both the kitchen and the bathroom areas shall include hot and cold running water, soap dispensers, disposable towels and/or hand blowers.

Rule 82-3-1-.17. Rights and Responsibilities of Individuals.

1. The CSU and any associated CSC and/or Temp Obs functions shall safeguard the rights of individuals treated pursuant to applicable state laws and rules and regulations.
2. The CSU and its associated CSC and/or Temp Obs functions shall maintain a written statement of rights and responsibilities for individuals receiving services, as articulated in DBHDD rule and policy.
3. During receipt of services and/or admission to the CSU, each individual shall receive a written statement of his or her rights and responsibilities. Receipt of this information shall be documented in the clinical record and validated by the signature of the individual. If the individual is unable or unwilling to sign, this shall be recorded.
4. The CSU and its associated CSC and/or Temp Obs functions shall inform the individual or guardian in writing of any changes in rights and responsibilities.
5. Individual rights related to required notices, lengths of stay on involuntary status, or other processes related to rights specified in Georgia law, DBHDD rule or policy, shall be maintained.

Rule 82-3-1-.18. Confidentiality.

The CSC and any associated CSC and/or Temp Obs functions shall:

1. Have records management policies, procedures and practices to manage and to protect the confidentiality and protected health information of individuals' records, to include electronic records;
2. Have records management policies which support secure, organized records and shall be consistent with all applicable policies and procedures and federal and state laws and regulations;
3. Ensure that the individual's rights regarding his or her own confidential and protected health information are protected, including but not limited to, access to protected health information, requesting amendment(s) to the clinical record, requesting restriction of disclosure, and requesting an accounting of disclosures that have been made;
4. Have a Notice of Privacy Practices regarding confidentiality of the individual's protected health information, which Notice shall comply with the requirements of Health Insurance Portability and Accountability Act (HIPAA);
5. Post the Notice of Privacy Practices at all times in the admissions area and in prominent locations where it is reasonable to expect individuals to be able to read the notice. Additional copies must be available for distribution upon request;
6. Provide a copy of the Notice of Privacy Practices to the individual and his or her representatives, as defined by state law, upon the individual's admission;
7. Have policies, procedures and practices that are compliant with the requirements of HIPAA regarding:
 - a. Complaints regarding violation of confidentiality and privacy rights;
 - b. Reports of breaches of HIPAA to the Department, and as required by law when applicable to the individual, to the United States Secretary of Health and Human Services, and to the media;
 - c. Sanctions of employees for violations of HIPAA; and
 - d. Identifying business associates, as defined by HIPAA, of the CSU and obtaining satisfactory assurances of the business associates' compliance with the requirements of HIPAA.

8. Ensure the clinical record, information about an individual contained in incident reports and any documents that are not part of the clinical record, and all information about an individual whether oral or written, and regardless of how stored, is confidential;
9. Not, unless authorized in writing by a valid authorization signed by the individual, or by applicable law:
 - a. Confirm or deny whether an individual is receiving or has received services from the CSU; or
 - b. Disclose any confidential or protected health information regarding the individual.

Rule 82-3-1-.19. Documentation of Legal Status.

The legal status of each individual shall be clearly recorded within the clinical record to include:

1. Documenting the legal and clinical basis for the individual's admission to the CSU, whether voluntary or involuntary, consistent with all applicable state laws, rules and regulations;
2. Documentation of the legal and clinical basis for continued admission to the CSU for purposes of evaluation when consistent with all applicable state laws, rules and regulations;
3. A record of voluntary or involuntary status change, including the date and time of such change;
4. Documentation of the assessment of the individual's capacity to understand and exercise the rights and powers of voluntary admission; and
5. Where specific Departmental legal forms exist to document any of the above mentioned actions, those forms shall be utilized.

Rule 82-3-1-.20. Performance Improvement Plan and Activities.

The CSU and any associated CSC and/or Temp Obs functions shall develop a quality assurance plan and update it annually:

1. The quality assurance plan shall address and ensure a comprehensive integrated review of all services and practices which shall include, but shall not be limited to the following:
 - a. High-risk situations and special cases (such as suicide, death, serious injury, violence and abuse of any individual) are reviewed within twenty-four (24) hours;
 - b. Medical emergencies;
 - c. Medication variance;
 - d. Infection control;
 - e. Emergency safety interventions including any instances of seclusion or restraint; and
 - f. Environmental safety and maintenance, including an environmental scan which self-assesses risk for individuals served by or working in the facility and identified strategies and subsequent plans for mitigating those risks.
2. The quality assurance plan shall use performance measures and data collection that continually assess and improve the quality of the services being delivered;
3. The quality assurance committee shall submit a quarterly report to the nursing administrator, medical director, agency CEO, and governing body for their review and appropriate action;
4. The CEO and governing body shall evaluate the facility's effectiveness in improving performance.

Rule 82-3-1-.21. Environment of Care.

Areas accessible by individuals shall meet the following requirements:

1. The CSU and any associated CSC and/or Temp Obs shall maintain an environment that is clean and is in good repair;

2. The environment of the CSU shall have natural light and exterior views;
3. The general architecture of the CSU and any associated CSC and/or Temp Obs, along with tools and technology, shall provide for optimal line-of-sight observations from the nurses' station throughout the unit, mitigating hidden spots and blind corners;
4. The CSU shall be a locked facility;
5. Interior finishes, lighting, and furnishings of the CSU and any associated CSC and/or Temp Obs shall conform to applicable fire and safety codes as classified for *Health Care Occupancy/Limited Care Facilities* in the current edition of National Fire Protection Association's NFPA 101 Life Safety Code Handbook, Chapter 18/19: New and Existing Health Care Occupancies;
6. Furnishings, hardware, fixtures, or protrusions of the CSU and any associated CSC and/or Temp Obs must be:
 - a. Made of materials which mitigate the risk of use as weapons or for self-harm (hanging, cutting, etc.);
 - b. Intact and functional;
 - c. Maintained in good condition; and
 - d. Tamper resistant.
7. The ceiling and the air distribution devices, lighting fixtures, sprinkler heads, and other appurtenances of the CSU and any associated CSC and/or Temp Obs shall be of the tamper-resistant type;
8. Doors of the CSU must meet the following requirements:
 - a. Doors in seclusion and/or restraint rooms shall not be locked from within;
 - b. The CSU shall have a policy in effect to address locking doors in bedrooms and bathrooms which will address an individual's privacy and safety and which addresses staff access at all times to supervise and monitor that individual's clinical status and safety;
 - c. The CSU must have written risk management protocols in place to address situations in which an attempt might be made to prevent access to any area of the CSU;
 - d. If the CSU is equipped with electronic locks on internal doors or egress doors, the CSU shall ensure that such locks have manual common key mechanical override that will operate in the event of a power failure or fire;
9. Light switches and electrical outlets of the CSU and any associated CSC and/or Temp Obs shall be secured with tamper-resistant type screws;

10. For CSUs and any associated CSC and/or Temp Obs which are new facilities and who apply for licensure on or after (PUBLISH DATE OF NEW RULES), sprinkler heads shall be flush mounted on ceilings lower than nine (9) feet. Sprinklers shall have institutional heads that are recessed and drop down when activated;
11. Security and safety devices of the CSU and any associated CSC and/or Temp Obs shall be mounted, installed, secured in a manner which:
 - a. Mitigates the risk of use as weapons or for self-harm (hanging, cutting, etc.);
 - b. Prevents interference; and
 - c. Prevents any attempt to render inoperable with its purpose as a security device.
12. Upon request, the CSU and any associated CSC and/or Temp Obs shall provide a means of locked storage for any individual's valuables or personal belongings;
13. The CSU and any associated CSC and/or Temp Obs must have policies/procedures to address identification, detection, handling, and storage of individuals' belongings that are determined to be potentially harmful;
14. The CSU and any associated CSC and/or Temp Obs shall maintain the environmental temperature between 65°F and 82°F (18°C to 27°C);
15. The interior of the CSU, and any associated CSC and/or Temp Obs shall be non-smoking. If the CSU offers smoking, the facility must designate a sheltered, outside space as a smoking area;
16. Lighting fixtures of the CSU and any associated CSC and/or Temp Obs shall be recessed and tamper-resistant with Lexan or other strong translucent materials;
17. Windows shall be protected with Lexan or other shatter-resistant material that will minimize breakage;
18. The CSU and any associated CSC and/or Temp Obs shall be equipped and maintained so as to provide a sufficient amount of hot water for individuals' use;
19. Heated water provided for individuals' use must be maintained between 110°F and 120°F (43°C and 48°C);
20. The CSU and any associated CSC and/or Temp Obs must have policies/procedures to routinely check and document the hot water temperature at various outlets throughout the CSU and to correct any variance from the standard temperature if needed;
21. The CSU and any associated CSC and/or Temp Obs shall have consistently available drinking water for individuals' access using mechanisms which meet general expectation of infection control procedures;

22. The pre-admission waiting area of the CSU, including restroom(s), must meet all safety requirements applicable to designated individual areas;
23. The CSU and any associated CSC and/or Temp Obs shall have written policies and procedures for the provision of, or arrangement for, services for individuals with physical disabilities (including those with sensory impairments) in compliance with all federal rules and regulations;
24. The CSU and any associated CSC and/or Temp Obs shall have facilities accessible to and usable by physically disabled individuals which meet the minimum requirements of Section 504 of the Rehabilitation Act of 1973. CSUs shall install required alterations or modifications in accordance with the 1984 Law of Georgia regarding Access to and Use of Public Facilities by Physically Handicapped Persons O.C.G.A. Sec. [30-3-1](#) *et seq*;
25. The CSU and any associated CSC and/or Temp Obs shall maintain safety equipment to include an Automated External Defibrillator (AED) and all other necessary medical safety supplies;
26. The CSU shall provide laundry facilities on the premises for the individual's personal laundry;
27. Entrances and exits, sidewalks, and escape routes of the CSU and any associated CSC and/or Temp Obs shall be constantly maintained free of all impediments and hazards;
28. The CSU shall have at least one (1) operable, non-pay telephone which is private and accessible at reasonable times for use by the individual; and
29. The CSU shall, at a minimum, have designated areas within its facility which meet the following requirements:
 - a. A **screening area** with capacity to be locked where searches can be done in a private and safe manner, respecting individual rights and privacy;
 - b. **Exam room**;
 - c. **Bedrooms**:
 - i. Beds and other heavy furniture capable of use to barricade a door shall be secured to the floor or wall;
 - ii. The use of beds with springs, cranks, rails or wheels, including hospital beds, rollaway beds, cots, bunk beds, stacked, hide-a beds and studio couches is prohibited;
 - iii. Rooms utilized for more than one individual shall have a minimum of 60 (sixty) square feet per individual; a private room shall not be less than 80 (eighty) square feet.

- iv. Windows may be textured to provide privacy without the use of curtains or blinds.

d. Bathrooms:

- i. The CSU shall have gender specific bathrooms with proper ventilation;
- ii. Exposed plumbing pipes shall be covered to prevent individual access;
- iii. The CSU shall have a minimum ratio of one (1) shower for each six (6) individuals receiving services and one (1) toilet and lavatory for each six (6) individuals receiving services;
- iv. Individual shower stalls and dressing areas shall be provided;
- v. The CSU shall have a bathroom facility that is in compliance with the Americans with Disabilities Act (ADA) for use by individuals with physical disabilities. It shall include toilet, lavatory, shower and flush-mounted safety grab bars;
- vi. Access to a bathroom shall not be through another individual's bedroom;
- vii. The shower head shall be recessed or have a smooth curve from which items cannot be hung;
- viii. Overhead rods, fixtures, privacy stalls, supports or protrusions must be selected and installed in a manner which mitigates the risk of use of weapons or for self-harm (hanging, cutting, etc.). If the physical plant space of the CSU is prohibitive of this, there must be written policies and protocols to monitor and reduce this risk with supporting evidence of compliance to these policies and protocols;
- ix. The toilet shall be secured and tamper resistant;
- x. Mirrors shall not be common glass and must be fully secured and flat mounted to the wall is required.

e. Seclusion and/or Restraint Room. For CSUs which apply for licensure on or after (PUBLISH DATE OF NEW RULES), the privacy of the person is protected by the seclusion and/or restraint room location either being not visible from the common consumer areas, or if visible, the seclusion and/or restraint room is constructed to be offset from main thoroughfares and have restricted visibility to the interior of the room:

- i. At least one (1) identified room used for seclusion and/or restraint shall have a bed commercially designed for use with restraints that is bolted to the floor

and without sharp edges. The surface of the bed must be impermeable to resist penetration by body fluids;

- ii. The floors and walls, up to a height of three (3) feet, shall be finished to resist penetration of body fluids; and be constructed of a high impact sheetrock;
- iii. For CSUs which apply for licensure on or after (PUBLISH DATE OF NEW RULES), the seclusion and/or restraint room shall have a minimum of seventy (70) square feet with one wall of the room no less than nine (9) feet in length;
- iv. For CSUs which apply for licensure on or after (PUBLISH DATE OF NEW RULES), the ceiling height shall be at least nine (9) feet;
- v. The door to the room shall open outward;
- vi. The bed placement in the seclusion and/or restraint room shall provide adequate space for staff to apply restraints and shall not allow individuals to access the lights, smoke detectors or other items that may be in the ceiling of the room;
- vii. Rooms used for seclusion and/or restraint must provide staff full visual access to the individual and shall include a vision panel installed in the door;
- viii. Where the interior of the seclusion and/or restraint room is padded; it is in good repair and must be fully intact.

f. Fenced Recreational Area:

- i. The CSU shall have an outdoor area enclosed by a privacy fence no less than six (6) feet high, where individuals may have access to fresh air and exercise. It must provide privacy from public view and shall not provide access to contact with the public;
- ii. This area shall be constructed to retain individuals inside the area and minimize elopements from the area;
- iii. The fenced area shall be designed for safety without blind corners to be readily visible by one staff individual standing in a central location, and designed to minimize elopement.

30. CSUs and any associated CSC and/or Temp Obs shall meet rules specified in Rule [82-3-1-.21](#), Environment of Care or shall submit a Risk Mitigation Plan to the Department for

approval addressing a particular citation and related protocols for safety management. This shall be submitted at the time of licensing review and annually thereafter.

Rule 82-3-1-.22. Fire Prevention and Safety Requirements.

1. The CSU and any associated CSC and/or Temp Obs functions shall have an emergency fire and disaster plan that includes the following:
 - a. Protocols for and documentation of practice of monthly fire drills rotated so that all shifts have had at least one (1) drill quarterly including time taken to complete the drills and follow-up recommendations for drills that are unsatisfactorily completed;
 - b. Disaster drills protocols such as flood, tornado, and hurricane are practiced at least quarterly;
 - c. Directions for evacuation of the CSU and any associated CSC and/or Temp Obs utilizing posted evacuation routes;
 - d. Preparation of the individuals for evacuation;
 - e. Documentation of monthly fire extinguisher inspection;
 - f. Documentation of annual inspections of other safety mechanisms such as sprinklers, smoke alarms, emergency lights, kitchen range/hood, etc.
 - g. Provision for annual review and revision of the fire and emergency safety plan;
 - h. Procedures for training staff on all emergency and disaster drills;
2. The CSU and any associated CSC and/or Temp Obs shall comply with all federal, state local, and accreditation fire safety standards. Local fire codes with more stringent standards or additional requirements shall supersede the minimum requirements set forth in this rule.

Rule 82-3-1-.23. Human Resources.

The CSU and any associated CSC and/or Temp Obs shall comply with the following:

1. Develop and implement policies and procedures that address the hiring, training, promotion and termination of staff;
2. Define the responsibilities, qualifications, competencies of staff for all positions;
3. Ensure that the type and number of professional staff attached to the unit are:
 - a. Properly licensed or credentialed in the professional field as required;
 - b. Present in numbers to provide adequate supervision to staff;
 - c. Present in numbers to provide services, supports, care and treatment to individuals as required;
 - d. Experienced and competent in the profession they represent; and
 - e. At least one (1) staff trained in Basic Cardiac Life Support (BCLS) and first aid shall be on duty at all times. In addition, one (1) staff trained in the use of the Automated External Defibrillator (AED) equipment shall also be on duty.
4. Paraprofessionals working in mental health, addictive diseases and co-occurring disability services must complete the standard training requirements for paraprofessionals;
5. Have procedures for verifying licenses, credentials, experience and competence of staff:
 - a. Document implementation of these procedures for all staff attached to the CSU; and
 - b. Licenses and credentials shall be current as required by the field.
6. Ensure that all persons providing services comply with all applicable laws, rules and regulations regarding professional licenses, qualifications and requirements related to the scope of practice;
7. Comply with all applicable laws, rules and regulations governing criminal history records checks;
8. Have processes for managing personnel information and records;
9. Have provisions for sanctioning or removing staff when:
 - a. Staff are determined to have deficits in required competencies; or
 - b. Staff are accused of abuse, neglect or exploitation.

10. Ensure that, prior to providing direct care to individuals, all staff, volunteers, and contactors shall be trained and show evidence of competence in all areas as defined in the DBHDD Provider Manual for Community Behavioral Health Providers;
11. Ensure that, within the first sixty (60) days of providing direct care to individuals, all staff, volunteers and contractors having direct contact with individuals shall receive training in all areas as defined in the DBHDD Provider Manual for Community Behavioral Health Providers;
12. Have documentation of an annual training plan that addresses 100% of staff who deliver therapeutic content is trained in at least one (1) clinical/programmatic content topic related to the delivery of care;
13. Ensure that all employees are tested for tuberculosis prior to direct contact with individuals and are retested at least annually thereafter.

Rule 82-3-1-.25. Incident and Complaint Reporting and Investigation Procedures.

The CSU, CSC and/or Temp Obs shall:

1. Report critical incidents to the Department as defined by the Departmental policy on reporting of incidents;

2. Have internal mechanisms to document, investigate and take appropriate action for complaints and incidents which are not required to be reported to the Department;
3. Post in a visible area the procedure to be taken to make a complaint directly to the Department.

Rule 82-3-1-.26. Department Complaint and Incident Investigation Procedures.

1. The Department shall be authorized to conduct investigations:
 - a. Investigations shall be conducted to ensure compliance with all applicable laws, rules and regulations;
 - b. Department representatives shall be authorized to enter the premise at any time to survey or investigate to ensure compliance with or prevent a violation to ensure the quality and integrity of care of individuals;
 - c. The Department shall have complete access to, including but not limited to authorization to examine and reproduce, any records required to be maintained in accordance with contracts, standards, laws, rules and regulations of the Department;
 - d. The Department shall maintain the confidentiality of records as specified by federal and state law.
2. The Department shall have the authority to conduct announced or unannounced on-site reviews at its discretion at any time or as part of the investigation of complaints or incidents. The Department shall issue written findings within a reasonable period of time. Based on its findings of the review, the Department may:
 - a. Require corrective action that is approved by the Department:
 - i. When the Department finds that any licensee has violated any provision of this Chapter, the Department will prepare a written report identifying each violation and anticipated corrective action;
 - ii. The facility shall submit to the Department a written plan of correction in response to the report of violations, which includes details related to the types of anticipated corrections along with stated timeframes for completions of

corrections. The facility may, in addition, offer an explanation for the violation or dispute the findings of the Department as long as an acceptable plan of correction is submitted within thirty (30) days of the facility's receipt of the written report of inspection;

- iii. If the initial plan of correction is unacceptable to the Department, the facility will be provided with at least one (1) opportunity to revise the unacceptable plan of correction. Failure to submit an acceptable plan of correction may result in the Department initiating enforcement procedures;
 - iv. The facility shall comply with its plan of correction.
- b. Prohibit admissions to the CSU for a defined period of time;
 - c. Temporarily suspend the CSU license upon findings determined to be of significant risk to health or safety of individuals; or
 - d. Revoke the license.

Rule 82-3-1-.27. Enforcement.

The Department shall have the authority to impose any one or more of the sanctions enumerated in Rules [82-3-1.28](#) and [82-3-1.29](#) upon a finding that an applicant or licensee has:

1. Knowingly made any verbal or written false statement of material fact either in connection with the application for a license, on documents submitted to the Department as part of any inspection or investigation, or in the falsification or alteration of facility records made or maintained by the facility;
2. Failed or refused, without legal cause, to provide the Department with access to the premises subject to regulation or information pertinent to the initial and continued licensing of the facility;
3. Failed to comply with any licensing requirements of this state; or
4. Failed to comply with the provisions of state law or with any provisions of these rules.

Rule 82-3-1-.28. Sanctions and Penalties.

1. Sanctions against Licensees. When the Department finds that any licensee has violated any provision of these rules and regulations, the Department, subject to notice and opportunity for a hearing, may impose any one or more of the sanctions in subparagraphs (a) through (e) below:
 - a. Administer a Public Reprimand. If the sanction of public reprimand is finally imposed, as defined by a final adverse finding, the public reprimand shall consist of a notice prepared by the Department that the CSU has been reprimanded; such notice shall include a written report of the Department's findings along with the CSU's response and corrective action plan;
 - b. Suspend any License. The Department may suspend any license for a definite period or for an indefinite period in connection with any condition which may be attached to the restoration of said license;
 - c. Prohibit Persons in Management or Control. The Department may prohibit a licensee from allowing a person who previously was involved in the management or control of any CSU which has had its license revoked or application denied within the past twelve (12) months to be involved in the management or control of such CSU. Any such person found by the Department to have acted diligently and in good faith to ensure correction of violations in a CSU which has had its license revoked or denied; however, shall not be subject to this prohibition if that person became involved in the management or control of the CSU after the CSU was notified by the Department of violations of licensing requirements giving rise to a revocation or denial action. This subparagraph shall not be construed to require the Department to obtain any information that is not readily available to it regarding any person's involvement with a CSU. For the purpose of this Rule, the twelve- month period will begin to run from the date of any final adverse finding or the date that any stay of enforcement ceased, whichever occurs first;
 - d. Revoke any License. The Department may revoke any license. If the sanction of license revocation is finally imposed, as defined by a final adverse finding, the Department shall effectuate it by requiring the CSU to return its license to the Department;
 - e. Limit or Restrict any License. The Department may limit or restrict any license as the Department deems necessary for the protection of the public (a provisional or temporary time-limited license granted by the Department shall not be considered to be a limited or restricted license).

2. Sanctions against Applicants. When the Department finds that any applicant for a license has violated any provision of these rules, the Department, subject to notice and opportunity for a hearing, may impose any one or more of the following sanctions in subparagraphs (a) through (c) below:

- a. Refuse to Grant License. The Department may refuse to grant (deny) a license and the
- i. Department may do so without first holding a hearing prior to taking such action:

The Department may deny an application for a license where the CSU has failed to demonstrate compliance with licensing requirements. Additionally, the Department may deny an application for a license where the applicant or alter ego of the applicant has had a license denied, revoked, or suspended within one (1) year of the date of an application, or where the applicant has transferred ownership or governing authority of a CSU within one (1) year of the date of a new application when such transfer was made in order to avert denial, revocation, or suspension of a license;

- ii. For the purpose of determining the one (1) year denial period, the period shall begin to run from the date of the final adverse finding, or the date any stay of enforcement ceased, whichever occurs first. In further determining whether to grant or deny a license, the Department may consider the applicant's overall record of compliance with licensing requirements;
- b. Prohibit Persons in Management or Control. The Department may prohibit an applicant from allowing a person who previously was involved in the management or control of any CSU which has had its license revoked or application denied within the past twelve (12) months to be involved in the management or control of such CSU. Any such person found by the Department to have acted diligently and in good faith to ensure correction of violations in a CSU which has had its license revoked or denied, however, shall not be subject to this prohibition if that person became involved in the management or control of the CSU after the CSU was notified by the Department of violations of licensing requirements giving rise to denial action. This subparagraph shall not be construed to require the Department to obtain any information that is not readily available to it regarding any person's involvement with a CSU. For the purpose of this rule, the twelve-month period will begin to run from the date of any final adverse finding or the date that any stay of enforcement ceased, whichever occurs first;
- c. Limit or Restrict any License. The Department may limit or restrict any license as it deems necessary for the protection of the public (a provisional or temporary time-limited license granted by the Department shall not be considered to be a limited or restricted license).

3. Standards for Taking Sanctions. In taking any of the actions pursuant to this rule, the Department shall consider the seriousness of the violation or violations, including the circumstances, extent, and gravity of the prohibited act or acts or failure to act, and the hazard or potential hazard created to the physical or emotional health and safety of the public and/or the individuals served.
4. Non-Compliance with Sanctions. Failure on the part of any CSU to abide by any sanction which is finally imposed against it shall constitute grounds for the imposition of additional sanctions, including revocation.
5. Settlements. With regard to any contested case instituted by the Department pursuant to this Chapter or other provisions of law or regulation which may now or hereafter authorize remedial or disciplinary grounds and action, the Department may, in its discretion, dispose of the action so instituted by settlement. In such cases, the Department, the CSU, and those persons deemed by the Department to be successors in interest to any settlement agreement, shall be bound by the terms specified therein. Violation thereof by any applicant or licensee, their agents, employees, or others acting on their behalf, shall constitute grounds for the imposition of any sanctions enumerated in this Chapter, including revocation.

Amended: F. Mar. 9, 2015; eff. Mar. 29, 2015.

Rule 82-3-1-.29. Extraordinary Sanctions Where Imminent and Substantial Danger.

Where the commissioner of the Department determines that individuals in the care of CSU and any associated CSC and/or Temp Obs subject to licensure are subject to an imminent and substantial danger, the commissioner may order any of the extraordinary sanctions listed in any part of this rule to take effect immediately unless otherwise specified in the order, without notice and opportunity for hearing prior to the order taking effect:

1. Content of the Order. The order shall contain the following:
 - a. The scope of the order;
 - b. Reasons for the issuance of the order;
 - c. Effective date of the order if other than the date the order is issued;
 - d. Person to whom questions concerning the order are to be addressed; and

- e. Notice of the right to obtain a preliminary hearing and an administrative hearing after the issuance of the order regarding the emergency order as a contested case.
2. **Emergency Relocation.** The commissioner may order emergency relocation of the individual of any CSU and any associated CSC and/or Temp Obs subject to licensure to the nearest appropriate facility. Prior to issuing an emergency order, the commissioner may consult with persons knowledgeable in the field of psychiatric care and a representative of the CSU to determine if there is a potential for greater adverse effects on the individual or the individual's care as a result of the proposed issuance of an emergency order. The commissioner shall provide notice to the individual, his or her next of kin or guardian and his or her physician of the emergency relocation and the reasons therefore; relocation to the nearest appropriate CSU designed to ensure the welfare and, when possible, the desires of the individual;
 3. **Emergency Placement of Monitor.** The commissioner may order the emergency placement of a monitor in a CSU and any associated CSC and/or Temp Obs subject to licensure when conditions at the facility require immediate oversight for the safety of the individuals;
 4. **Emergency Prohibition of Admissions.** The commissioner may order the emergency prohibition of admissions to a CSU when such CSU has failed to correct a violation of Departmental permit rules within a reasonable period of time, as specified in the Department's corrective order, and the violation could either jeopardize the health and safety of any individuals if allowed to remain uncorrected or is a repeat violation over a twelve (12) month period, which is intentional or due to gross negligence;
 5. **Emergency Suspension of Admissions.** The commissioner may order admissions to a CSU be suspended until the Department has determined that the violation has been corrected or until the Department has determined that the CSU has undertaken the action necessary to effect correction of the violation;
 6. **Preliminary Hearing.** The CSU affected by the commissioner's emergency order may request that the Department hold a preliminary hearing within the Department on the validity of the order and the need for its continuation. Such hearing shall occur within ten (10) days following the request;
 7. **Cumulative Remedy.** The Department shall not be limited to a single emergency action under these rules, nor is the Department precluded from other actions permitted by other law or regulations during the time an emergency order is in force.

Rule 82-3-1-.30. Waivers and Variances.

The Department may, in its discretion, grant waivers and variances of specific rules upon application or petition being filed on forms provided by the department. The Department may establish conditions which must be met by the program in order to operate under the waiver or variance granted. Waivers and variances may be granted in accordance with the following considerations:

1. Variance. A variance may be granted by the Department upon a showing by the applicant or petitioner that the particular rule or regulation that is the subject of the variance request should not be applied as written because strict application of the rule would cause undue hardship. The applicant or petitioner must also show that adequate standards affording protection for the health, safety and care of individuals exist and will be met in lieu of the exact requirements of the rule or regulations in question;
2. Waiver. The Department may dispense entirely with the enforcement of a rule or regulation by granting a waiver upon a showing by the applicant or petitioner that the purpose of the rule or regulation is met through equivalent standards affording equivalent protection for the health, safety and care of individuals;
3. Experimental Variance or Waiver. The Department may grant waivers and variances to allow experimentation and demonstration of new and innovative approaches to delivery of services upon a showing by the applicant or petitioner that the intended protections afforded by the rule or regulation which is the subject of the request are met and that the innovative approach has the potential to improve service delivery.

Rule 82-3-1-.31. Severability.

In the event that a rule, sentence, clause or phrase of any of these rules and regulations may be construed by any court of competent jurisdiction to be invalid, illegal, unconstitutional or otherwise unenforceable, such determination or adjudication shall in no manner affect the remaining rules or portions thereof. The remaining rules or portions thereof shall remain in full force and effect, as if such rule or portions thereof so determined, declared or adjudged invalid or unconstitutional were not originally a part of these rules.

Rule 82-3-1-.32. Additional Crisis Service Center (CSC) and Temporary Observation (Temp Obs) Requirements.

A CSU under contract to operate a CSC and/or Temp Obs is expected to comply with the following in the administration of those functions:

1. Program Description. A CSU under contract to operate a CSC and/or Temp Obs shall have a description of services which shall clearly states that the distinct, yet interrelated roles of the CSU, CSC and/or Temp/Obs as a program is designed as an alternative and/or diversion to hospitalization.
2. Evaluation and Admission. The CSU under contract to operate a CSC and/or Temp Obs must follow admissions and exclusion criteria as defined in the DBHDD Provider Manual for Community Behavioral Health Provider.
3. Provision of Individualized Care. A licensed staff shall, at a minimum:
 - a. Conduct an assessment of the individual;
 - b. Document the rationale for proposed interventions, as applicable;
 - c. Assess the individual's response to care and services provided; and
 - d. Assess status of the individual to determine continuity of care or referral to community services.
4. Environment of Care
 - a. If the facility operates an area where individuals are evaluated and/or observed prior to admission determination being made, the facility has a secure area where individuals who are being evaluated on an involuntary basis can be held;
 - b. The CSC/Temp Obs shall have at least one (1) operable, non-pay telephone which is private and accessible at reasonable times for use by the individual; and is not located within the CSU residence space.

Chapter 82-4. .

Subject 82-4-1. CHILD AND ADOLESCENT CRISIS STABILIZATION UNITS.

Rule 82-4-1-.01. Legal Authority.

These regulations have been promulgated to ensure that basic statutory licensing requirements to operate Child and Adolescent Crisis Stabilization Units (C & A CSUs) are met and to ensure that organizations providing this service promote the empowerment and resiliency of the individuals they serve. These rules are adopted and published pursuant to the Official Code of Georgia Annotated (O.C.G.A.) Sec. [37-1-29](#). These rules and regulations supersede any and all prior operational standards related to the designation or certification of Crisis Stabilization Units.

Cite as Ga. Comp. R. & Regs. R. 82-4-1-.01

Authority: O.C.G.A. Sec. [37-1-29](#).

History. Original Rule entitled "Legal Authority" adopted. F. Jun. 27, 2011; eff. July 17, 2011.

Amended: F. Mar. 9, 2015; eff. Mar. 29, 2015.

Rule 82-4-1-.02. Title and Purpose.

1. The purpose of these rules is to establish general licensing procedures, operational requirements and enforcement procedures required by the Department of Behavioral Health and Developmental Disabilities (DBHDD) for the C & A CSU. The issuance of a C & A CSU operating license requires compliance with these rules and regulations and authorizes the licensee to establish services to meet the needs of the individuals in a safe, therapeutic environment. The issuance of such license also sets forth the minimum requirements for providing medically monitored short-term residential services for the purpose of providing psychiatric stabilization for individuals who are seriously emotionally disturbed and/or detoxification services for individuals. The C & A CSU shall be designated as an emergency receiving and evaluating facility.
2. Compliance with this Chapter does not constitute release from the requirements of other applicable federal, state, or local laws, codes, rules, regulations and ordinances. This Chapter must be followed where it exceeds other codes and ordinances.
3. Licensure of the C & A CSU does not constitute an entitlement to any type or level of funding by DBHDD.

Rule 82-4-1-.03. Definitions.

The following words and terms, when used in this chapter, shall have the following meanings, unless the context clearly indicates otherwise:

1. Abuse means any unjustifiable intentional or grossly negligent act, exploitation or series of acts, or omission of acts which causes physical or mental injury or endangers the safety of an individual, including but not limited to, verbal abuse, assault or battery, failure to provide treatment or care, or sexual harassment of the individual;
2. Adolescent means an individual between the ages of thirteen (13) and seventeen (17) and who is not emancipated;
3. Advanced Practice Nursing means practice under a "Nurse Protocol Agreement", which is a written document, mutually agreed upon and signed by an APRN and a physician, by which the physician delegates to that APRN the authority to perform certain medical acts pursuant to O.C.G.A. Sec. [43-34-25](#), which may include without being limited to, the ordering of drugs, medical devices, medical treatments, diagnostic studies, or in life-threatening situations radiographic imaging tests;
4. Advanced Practice Registered Nurse, (hereinafter referred to as APRN), means a registered professional nurse licensed under Title 43, Chapter 25 of the Official Code of Georgia Annotated, who is recognized by the Georgia Board of Nursing as having met the requirements established by the Georgia Board of Nursing to engage in advanced nursing practice and who holds a master's degree or other graduate degree approved by the Georgia Board of Nursing and national board certification in his or her area of specialty, or a person who is recognized as an advanced practice registered nurse by the Georgia Board of Nursing on or before June 30, 2006;
5. Certificate of Need (CON) as defined in O.C.G.A. Sec. [31-6-2](#) means an official determination by the Department of Community Health (DCH), evidenced by certification issued pursuant to an application, that the action proposed in the application satisfies and complies with the CON criteria contained in the Georgia Code and rules promulgated by DCH;
6. Certified Addiction Counselor means an individual who is certified by one of the approved certifying bodies recognized by the state of Georgia, i.e. the Alcohol and Drug Abuse Certification Board of Georgia or the Georgia Addiction Counselor's Association;
7. Charge Nurse means a registered nurse who has the responsibility for coordination and supervision of nursing services during the period of a work shift;

8. Chemical Restraint means an over-the-counter or prescribed medication or drug that is administered to manage an individual's behavior in a way that reduces the safety risk to the individual or to others that has the effect of reducing the individual's freedom of movement and that is not a standard treatment for the individual's medical or psychiatric condition;
9. Chief Executive Officer (CEO) means the person, by whatever title used, whom the governing body has delegated the responsibility for the management and operation of the facility including the implementation of the rules and policies adopted by the governing body;
10. Child means an individual between the ages of five (5) and twelve (12) years old;
11. Commissioner means the commissioner of the Department of Behavioral Health and developmental Disabilities (DBHDD);
12. Contraband means any item or article of property that poses a threat to the security and safety of the C & A CSU, individuals, employees, visitors or public, or other items prohibited by C & A CSU policy or state law;
13. Crisis Bed means any bed operated by the Crisis Stabilization Unit;
14. Crisis Stabilization Unit (CSU) means a medically monitored short-term residential program that is licensed by the Department under these rules and designated by the Department as an emergency receiving and evaluating facility to provide emergency disability services that include providing psychiatric and behavioral stabilization and detoxification services twenty-four hours a day, seven days a week;
15. Department means the Department of Behavioral Health and Developmental Disabilities (DBHDD);
16. Emancipated minor means a person who is at least sixteen (16) but less than eighteen (18) years of age where the rights of the minor's parents to the custody, control, services, and earnings of the minor have been terminated by operation of state law or pursuant to a valid emancipation order issued by a court of competent jurisdiction;
17. Emergency Disability Services provided in a C & A CSU means services provided to individuals who meet criteria for admission to an emergency receiving and evaluating facility on voluntary or involuntary status;
18. Emergency Receiving Facility means a facility designated by the Department to receive individuals under emergency conditions as provided in Part 1 of Article 3 of Chapter 3 and Part 1 of Article 3 of Chapter 7 of Title 37 of the Official Code of Georgia Annotated;

19. Evaluating Facility means a facility designated by the Department to receive individuals for evaluations provided in Part 2 of Article 3 of Chapter 3 and Part 2 of Article 3 of Chapter 7 of Title 37 of the Official Code of Georgia Annotated;
20. Governing Body means the Board of Trustees, the partnership, the corporation, the association, the person, group of persons or other legal entity that is legally responsible for operation of the C & A CSU;
21. Individual means a child or adolescent receiving services in a C & A CSU;
22. Individualized Resiliency Plan (IRP) is the document that is initiated during an individual's admission to the C & A CSU and is continued, when the individual is discharged to the next level of care. The development of an IRP proceeds from a synthesis of (a) the reason for admission, (b) the individual/family's goals and choices, (c) treatment and support needs as identified by multidisciplinary assessments, (d) interventions, and (e) discharge criteria;
23. Involuntary Status means admission of an individual who has a mental illness or an addictive disease and who meets clinical criteria for admission, and whose guardian has not admitted the individual on a voluntary status pursuant to O.C.G.A. Secs. [37-3-41](#), [37-7-41](#);
24. Law Enforcement Hold means that an individual is in the custody or control of law enforcement and must be discharged only to the custody of law enforcement;
25. Legal Guardian means:
 - a. The parent of a minor, provided that he or she has physical custody of the minor and his or her parental rights have not terminated; or
 - b. A guardian of the minor who is duly appointed and serving pursuant to a court order.
26. License means the official authorization granted by the Department pursuant to any of the provisions of O.C.G.A. Sec. [37-1-29](#) and the rules to operate a C & A CSU physically located in Georgia;
27. Licensed/Certified Clinician in a CSU setting means a person who is licensed or certified as a LCSW, LMSW, LPC, APC, LMFT, AMFT, PhD, Psychologist or a CACII;
28. Licensed Practical Nurse (LPN) means any person who holds a current license to practice nursing pursuant to O.C.G.A. Sec. [43-26-32](#) *et seq*;
29. Licensing requirements means any provisions of law, rule, regulation, or formal order of the Department which apply to the C & A CSU with respect to initial or continued authority to operate;

30. Manual Hold (also known as Manual Restraint or Personal Hold) means the application of physical force, without the use of any device, for the purpose of restricting the free movement of an individual's body regardless of duration or timeframe;
31. Medical Director means the chief medical officer who is physician with overall responsibility for treatment of individuals receiving services within the C & A CSU or a physician appointed in writing as the designee of such chief medical officer;
32. Nursing Administrator means a full time employee of the C & A CSU who:
 - a. Is a registered professional nurse;
 - b. Is responsible for:
 - i. The management of the nursing staff in the C & A CSU;
 - ii. Effective nursing care systems; and
 - iii. Ensuring continuous quality improvement in care.
33. Nursing staff, as used in these rules, means the licensed and unlicensed assistive personnel providing direct care twenty-four hours a day, seven days a week. This includes the registered nurse in charge, other registered nurses on duty, licensed practical nurses, and unlicensed assistive personnel in the employ of the C & A CSU;
34. Physician means a person lawfully licensed in this state to practice medicine and surgery under the provisions of O.C.G.A. Sec. [43-34-20](#)*et seq.* Physician, as it is used in these rules, means physician as well as those practitioners to whom the physician may delegate authority as defined in Physician Extender below;
35. Physician's Assistant means a skilled person who is licensed to a supervising physician and who is qualified by academic and practical training to provide patients' services not necessarily within the physical presence but under the personal direction or supervision of the supervising physician pursuant to O.C.G.A. Sec. [43-34-102](#)*et seq.*;
36. Physician Extender means an advanced practice registered nurse or a physician's assistant to whom the physician may delegate authority as defined in O.C.G.A. Secs. [43-34-23](#), [43-34-25](#);
37. Plan of Correction means a plan for correcting deficiencies in meeting rules and regulations of the Department;
38. Psychiatric Residential Treatment Facility (PRTF) means a facility that provides comprehensive mental health and substance abuse treatment to children, adolescents and young adults twenty-one (21) years of age or younger who, due to severe emotional disturbance, are in need of quality active treatment that can only be provided in an

inpatient treatment setting and for whom alternative, less restrictive forms of treatment have been tried and found unsuccessful or are not medically indicated;

39. Psychiatrist means any physician certified as a diplomat in psychiatry by the American Board of Psychiatry and Neurology, or who has completed three (3) years of an approved residency training program in psychiatry and has had at least two (2) years of full-time practice in this specialty;
40. Registered Professional Nurse (RN) means any person who holds a current license to practice nursing under O.C.G.A. Sec [43-26-3](#)*et seq*;
41. Restraint means any method, device, material or equipment attached or adjacent to the individual's body that the individual cannot easily remove and that restricts freedom of movement or normal access to one's body. This includes use of a manual restraint; manual hold or personal hold, a physical device, a mechanical device, use of material that is any physical matter including cloth or fabric, or use of equipment;
42. Risk Mitigation Plan is a document which addresses safety management for CSUs for which the architectural structure and/or environment of care is not consistent with the applicable provision;
43. Seclusion means the involuntary confinement of an individual alone in a room or area of a room from which the individual is physically prevented from leaving;
44. Treatment means care, diagnostic and therapeutic services, including the administration of medication, and any other service for an individual as defined in O.C.G.A. Sec. [37-3-1](#);
45. Treatment Facility means a facility designated by the Department to receive individuals for involuntary commitment for treatment provided in Part 3 of Article 3 of Chapter 3 and Part 3 of Article 3 of Chapter 7 of Title 37 of the Official Code of Georgia Annotated;
46. Treatment Team means physician, RN, licensed clinician, and related professionals such as certified peer specialists, certified addiction counselors, etc;
47. Unlicensed Assistive Personnel, as used in these rules, means individuals in the employ of the C & A CSU who provide direct care and oversight to individuals served in the C & A CSU, including, but not limited to, vital signs, activities of daily living, safety observations, and other duties as assigned. Unlicensed assistive personnel may be referred to as psychiatric assistants, certified nursing assistants, mental health assistants, healthcare technicians, or other recognized industry terms;
48. Voluntary Status means admission of an individual who has a mental illness or an addictive disease who meets clinical criteria for admission, and who is able to understand and exercise the rights and powers of an individual on voluntary status as defined in O.C.G.A. Secs. [37-3-20](#), [37-7-20](#).

History. Original Rule entitled "Definitions" adopted. F. Jun. 27, 2011; eff. July 17, 2011.

Amended: F. Mar. 9, 2015; eff. Mar. 29, 2015.

Rule 82-4-1-.04. General Licensing Requirements.

1. A license is required to operate a C & A CSU.
 - a. No person, corporation or other entity shall offer or provide crisis stabilization services as defined in these rules unless designated as an emergency receiving and evaluating facility and licensed by the Department as a C & A CSU;
 - b. An applicant shall obtain a license prior to admitting individuals;
 - c. No license shall be issued by the Department unless the C & A CSU is in compliance with these rules.
2. The C & A CSU shall prominently and conspicuously display the license in a public area of the licensed premises that is readily visible to individuals, employees, and visitors. A C & A CSU license shall not be altered.
3. A C & A CSU license shall not be transferred or assigned and each C & A CSU location shall be separately licensed.
4. The C & A CSU shall obtain approval from the Department in writing for any change in bed capacity
5. The C & A CSU shall notify the Department in writing at least thirty (30) days prior to, or in the event of an emergent change, within seventy-two (72) hours of any of the following occurrences:
 - a. Any construction, renovation, or modification of the C & A CSU buildings;
 - b. Date of cessation of operation of the C & A CSU;
 - c. Moving to a new location;
 - d. Change in C & A CSU name or telephone number;
 - e. Change in ownership; or
 - f. Change in agency CEO, medical director, and/or nurse administrator of the CSU.
6. The license shall be returned to the Department immediately after the notification date when a C & A CSU ceases to operate, is moved to another location, changes ownership, or the license is suspended or revoked. Failure to return the C & A CSU license to the

Department does not mean the C & A CSU is licensed. If the C & A CSU received notice from the Department that the license is no longer valid, the C & A CSU shall no longer be considered licensed.

7. The Department may deny an agency a license for reasons, including, but not limited to:
 - a. The applicant fails to provide the required application or renewal information;
 - b. Operation of a C & A CSU which has been decertified or had its contract cancelled under the Medicare or Medicaid program in any state; federal Medicare or state Medicaid sanctions or penalties; federal or state tax liens; unsatisfied final judgments; eviction involving any property or space used as a C & A CSU; unresolved state Medicaid or federal Medicare audit; denial, suspension, or revocation of a hospital license belonging to the governing body, owner or operator of an applicant, for a license for any health care facility in any state; a court injunction prohibiting ownership or operation of a facility;
 - c. Violation of any rules, regulations, local, state and federal laws.

Amended: F. Mar. 9, 2015; eff. Mar. 29, 2015.

Rule 82-4-1-.05. Application Requirements.

1. An application for a license to provide C & A CSU services shall be submitted on forms made available by the Department in a format acceptable to the Department. No application shall be acted upon by the Department until the application is determined complete by the Department with all required attachments submitted.
2. The applicant shall submit the following documents to the Department no later than ninety (90) calendar days prior to the projected opening date of the C & A CSU:
 - a. An accurate and complete application form;
 - b. A working budget showing projected revenue and expenses for the first year of operation, including revenue plan;
 - c. Documentation of working capital:
 - i. Funds or a line of credit sufficient to cover at least ninety (90) days of operating expenses if the applicant is a corporation, unincorporated organization or association, a sole proprietor or a partnership;

- ii. Appropriate revenue if the applicant is a state or local governmental agency, board or commission.
 - d. Documentation of authority to conduct business in the State of Georgia;
 - e. A twenty-four hour staffing plan which includes nurses and physicians;
 - f. A floor plan with dimensions and with space and room function designations;
 - g. Number of proposed beds;
 - h. Photocopies of operating agreements with healthcare providers to provide care that is beyond the scope of the C & A CSU;
 - i. A program description signed by the medical director that includes consistent with these rules and Department policy, admission and discharge criteria and procedures, including reasons for denial of admission, for both voluntary and involuntary individuals who do not meet C & A CSU admission criteria;
 - j. Proposed daily schedule of treatment and education options throughout twelve (12) waking hours each day, to include treatment and educational opportunities responsive to the mental health, physical health and addictive disorder issues represented by individuals in service;
 - k. Fire Safety Documentation:
 - a. For new construction, additions, and renovation projects, written approval by the local building authority as well as well as a fire safety report (e.g., Fire Safety Inspection Report or a Certificate of Occupancy in the jurisdiction in which the CSU is based) must be submitted before a license is issued.
 - b. For buildings already constructed, a copy of a fire safety report indicating approval by the local fire authority for the jurisdiction in which the CSU is based (dated within the last twelve (12) months of the projected opening date of the CSU) must be submitted before a license is issued.
 - l. Documentation of agency accreditation as required by Departmental policy;
3. The Department shall conduct announced or unannounced on-site reviews of all facilities and services to determine compliance with the rules and regulations to operate a C & A CSU prior to a license being granted.

Rule 82-4-1-.06. Issuance of Initial and Renewal of License.

1. When the Department determines that the applicant is in compliance with all applicable rules and regulations, the Department shall issue an initial license to the applicant:
 - a. The initial license for a new facility is valid for the first year of operation. The term of the initial license may not exceed one (1) year from the date of issuance;
 - b. Prior to expiration of the initial license, the Department shall conduct a review of the C & A CSU for compliance with all applicable rules and regulations;
 - c. Pursuant to a satisfactory review, the Department shall issue a license which shall be valid for a period of up to two (2) years.
2. It shall be the responsibility of the C & A CSU to complete and submit a renewal application for licensure, as required by the Department which is postmarked at least ninety (90) calendar days prior to the expiration date of the current license. If the C & A CSU fails to submit the completed renewal application, the Department shall provide notice by certified mail advising that unless the renewal application and licensure review is satisfactorily completed, the C & A CSU is operating without a valid license and is subject to sanctions.

Rule 82-4-1-.07. Operational Scope of Services.

Each C & A CSU shall have a detailed description of the scope of services under which the C & A CSU operates that includes, but is not limited to:

1. The C & A CSU shall describe its capacity to serve both voluntary and involuntary individuals;
2. The C & A CSU shall clearly state in its policy that it is not a treatment facility; as defined in O.C.G.A. Secs. [37-1-29](#), [37-3-1\(18\)](#);
3. The services offered within the C & A CSU shall be provided in a community based setting, and shall be described as crisis residential services rather than inpatient or hospital level of care service;

4. The C & A CSU shall not advertise or hold itself out as a hospital nor shall it bill for hospital or inpatient services;
5. The C & A CSU shall be exempt from any requirement of Georgia's Certificate of Need (CON) program;
6. The C & A CSU shall pursue with due diligence operating agreements in writing, with one or more healthcare providers, to provide care that is beyond its scope. Operating agreements shall be updated at a minimum every five (5) years as evidenced by date and signatures on the agreement document;
7. The average annual length of stay in the crisis beds of the C & A CSU shall not exceed fourteen (14) calendar days;
8. The C & A CSU shall report census and length of stay data as required to the Department;
9. The C & A CSU shall give priority consideration to serving those individuals without private health care coverage;
10. Individuals shall be billed in accordance with Departmental policy on payment for services. Fees for individuals served under the Department of Human Services or under the Department of Juvenile Justice shall be set by mutual agreement between Departments;
11. The C & A CSU shall not refuse to receive, evaluate, or stabilize any individual who meets the criteria for services as defined in O.C.G.A. Sec. [37-1-29](#) and Departmental Policy;
12. The C & A CSU shall not operate solely as a twenty-four hour residential service offering detoxification;
13. The C & A CSU shall not provide study and report services; and
14. The C & A CSU shall not be available for court ordered placement for the purpose of temporary placement only.

Authority: O.C.G.A. Secs. [37-1-29](#), [37-2-11](#).

History. Original Rule entitled "Operational Scope of Services" adopted. F. Jun. 27, 2011; eff. July 17, 2011.

Amended: F. Mar. 9, 2015; eff. Mar. 29, 2015.

Rule 82-4-1-.08. Program Description.

The C & A CSU's description of services shall clearly state the following:

1. The C & A CSU is designed to serve as a first-line community based alternative to hospitalization, offering psychiatric stabilization and detoxification services on a short-term basis;
2. The target population is individuals ages five (5) through seventeen (17) requiring psychiatric or behavioral stabilization, and youth ages thirteen (13) through seventeen (17) with substance related disorders or with co-occurring mental health and substance use needs;
3. When an emancipated minor presents for service at a C & A CSU, the C & A CSU shall assess the individual's life circumstances to determine if the individual is more appropriately served in an adult environment;
4. Psychiatric stabilization and residential detoxification services are offered at a clinical intensity level which supports the level of care in DBHDD contracts and the DBHDD Provider Manual for Community Behavioral Health Providers;
5. The CSU shall have policies and procedures for identifying and managing individuals who meet the diagnostic criteria for a Substance Dependence Disorder;
6. The CSU shall have policies and procedures for providing a planned regimen of twenty-four hour, professionally-driven evaluation, care and treatment services for individuals who meet the diagnostic criteria for a Substance Dependence Disorder;
7. All services offered within the C & A CSU shall be provided under the direction of a physician. It is preferred that the C & A CSU provide services under the direction of a psychiatrist with training or experience in working with children and youth. Consultation by a psychiatrist shall be available if the covering physician is not a psychiatrist;
8. A physician or psychiatrist shall be on call twenty-four hours a day and shall make rounds seven days a week. The physician is not required to be on site twenty-four hours a day; however the physician must respond to staff calls immediately, (delay not to exceed one (1) hour);
9. The C & A CSU shall provide emergency receiving, screening, and evaluation services twenty-four hours a day, seven days a week and shall have the ability to admit and discharge seven days a week;
10. The C & A CSU shall have policies and procedures for identifying and managing individuals at high risk of suicide or intentional self-harm;
11. The functions performed by staff whose practice is regulated or licensed by the State of Georgia are within the scope allowed by state law and professional practice acts;
12. The C & A CSU shall have a full-time position classified as a nursing administrator. It is preferred that the employee serving in this position have training or experience with treating children and youth;

13. The C & A CSU shall have an RN present within the C & A CSU twenty-four hours a day, seven days a week who is the charge nurse for the C & A CSU. For every sixteen (16) C & A CSU beds there shall be one (1) RN present at all times;
14. Staffing shall be established based on the needs of individuals being served as follows:
 - a. At all times there shall be at least three (3) staff present within the C & A CSU including the charge nurse (if the charge nurse is an APRN, then he/she may not simultaneously serve as the accessible physician during the same shift);
 - b. There shall not be more than four (4) individuals for every one (1) staff (including the charge nurse);
 - c. The ratio of nursing staff to individuals shall increase on the basis of the clinical care needs of the individual, including required levels of observation for high risk individuals;
 - d. If a nursing staff is assigned a 1:1 support role, then he/she shall not be counted in the 1:4 ratios above.
 - e. Utilization of licensed practical nurses (LPNs) in C & A CSU shall be to provide support to the registered nurse by performing duties specified in O.C.G.A. Sec. [43-26-3](#)*et seq.*
15. Academic needs shall be met through the local school system in accordance with the needs of the individual;
16. Program offerings shall be age appropriate and designed to meet the needs of each individual, and the therapeutic content of the program (group therapy/training, individual therapy/training, education support, etc.) shall be annually approved by a licensed/certified clinician. This content is captured in a master file which will have the licensed clinician's approval, signature and date of review;
17. The C & A CSU shall have protocols with respect to stabilization and transfer of individuals to a different level of care. The treating physician shall make the determination as to the time and manner of transfer so as to ensure no further deterioration of the individual during the transfer between facilities, and shall specify the benefits expected from the transfer in the individual's record;
18. Children or youth shall return to their natural environment as quickly as possible; therefore, the total length of stay in a C & A CSU for any one episode of care shall not exceed twenty-nine (29) calendar days.

Amended: F. Mar. 9, 2015; eff. Mar. 29, 2015.

Rule 82-4-1-.09. Evaluation and Admissions.

1. The C & A CSU must have written protocols for screening individuals presenting for evaluation on a voluntary basis or under O.C.G.A. Secs. [37-3-41](#), [37-7-41](#). If screening results in an individual not being offered services or admitted to the C & A CSU, the C & A CSU shall maintain documentation of the rationale for the denial of services and referral of the individual.
2. Level of Care instruments defined in the DBHDD Provider Manual for Community Behavioral Health Providers will be utilized to determine the required need and resulting level of care for admission to the C & A CSU. The C & A CSU shall not admit individuals presenting with issues listed under "Exclusion Criteria" in the Department's policy on medical exclusion guidelines and criteria. The C & A CSU staff shall ask the referral source for information regarding the medical status of the individual. If there are medical status issues, the C & A CSU physician may request additional information or waive medical clearance when clinically appropriate or when medical clearance is not available.
3. The C & A CSU shall not refuse to receive for evaluation an individual who presents to the C & A CSU for evaluation and/or stabilization.
4. Staff shall conduct a search of the individual, his or her clothing, and all personal effects before admission to the unit.
5. Personal searches of individuals (e.g. strip searches) are to be performed only for cause and shall be ordered by the physician. The rationale for the personal search must be clearly documented in the order. Sequential steps of the search, including documentation of staff involved by name and title, must be recorded in the progress notes section of the clinical record. Mandatory removal of clothing or standing orders for personal searches are not permitted.
6. An initial screening for risk of suicide or harm to others shall be conducted for each individual presenting to the CSU for evaluation.
7. Orders for care shall include the clinically appropriate level of observation for the individual.

Rule 82-4-1-.10. Provision of Individualized Care.

1. A physician shall assess each individual to establish a diagnosis and write care orders within twenty-four (24) hours of admission, and document appropriate orders for care; an assessment for risk of suicide will be made by a physician.
2. The licensed clinical social worker or licensed professional counselor shall assess the individual within forty-eight (48) hours of admission to the C & A CSU.
3. An Individualized Resiliency Plan (IRP) shall be developed and written within seventy-two (72) hours of admission on the basis of assessments conducted by the physician, registered nurse and professional social work or counseling staff. A major goal of each IRP shall be the individual's stabilization and recovery. For individuals with both substance abuse and mental health diagnoses, the IRP shall address issues relative to both diagnoses.
4. At a minimum, this IRP shall be developed in collaboration with the individual/family and shall include the following:
 - a. A problem statement or statement of needs to be addressed;
 - b. Goals that are consistent with the individual's needs, realistic, measurable, linked to symptom reduction, and attainable by the individual during the individual's projected length of stay;
 - c. Objectives, stated in terms that allow measurement of progress, that build on the individual's strengths;
 - d. Specific treatment offerings, methods of treatment and staff responsible to deliver the treatments;
 - e. Interventions and preferred approaches that are responsive to findings of past trauma and abuse;
 - f. Evidence of involvement by the individual's legal guardian, as documented by his or her signature or refusal to sign;
 - g. Development of a crisis plan for use upon discharge;
 - h. Signatures of all staff participating in the development of the plan;
 - i. Evidence of involvement by the individual and/or family, as documented by the individual's signature that is in a manner that is age/developmentally appropriate;
 - j. A discharge and transition plan.
5. The IRP shall be reviewed at a minimum every seventy-two (72) hours by a treatment team to assess the need for the individual's continued stay in the C & A CSU. The IRP shall be updated as appropriate when the individual's needs or condition change.

6. The physician shall, at a minimum:
 - a. Conduct the initial assessment of the individual;
 - b. Establish a diagnosis and write care orders;
 - c. Document the rationale for medications prescribed;
 - d. Assess the individual's response to care and services provided; and
 - e. Conduct an assessment of the individual at the time of discharge.
7. Discharge summary information shall be provided to the individual at the time of discharge that includes:
 - a. Criteria describing evidence of stabilization and discharge planning;
 - b. Significant findings relevant to the individual's recovery (strengths, needs, preferences);
 - c. Specific instructions provided to the individual and to the legal guardian for ongoing care;
 - d. Individualized recommendations for continued care to include recovery supports, community services, if indicated; and
 - e. Contact information for how to access community services.

Rule 82-4-1-.11. Documentation of Care.

The C & A CSU shall maintain a clinical record for each individual, which may be recorded manually or electronically. The clinical record shall contain chronological information on all matters relating to the admission, care and treatment, discharge and legal status of the individual, and shall include documents relating to the individual. The clinical record shall include at least the following:

1. Record of evaluation for admission and outcome of the evaluation, including the date, time, name and credentials of the professional conducting the evaluation;
2. Legal status documents for admission and continued stay in the C & A CSU, as detailed in O.C.G.A. Secs. [37-3-1](#) *et seq.* and [37-7-1](#) *et seq.*;

3. Documentation of guardianship, whenever applicable;
4. Documentation of consent for services by the legal guardian;
5. Assessments, to include psychiatric, physical health, nursing and psychosocial status;
6. Physician orders;
7. Every order given by telephone shall be received by an RN or LPN and shall be recorded immediately with the ordering physician's name, and shall be reviewed and signed by a physician within twenty-four (24) hours. Specific to the ordering of medication, documentation shall demonstrate evidence that an order was made by telephone, the content of order, and date of the order;
8. Documentation by the physician of the individual's response to care, including rationale for changes in orders or levels of observation;
9. An IRP which specifies individualized interventions responsive to the needs of the individual;
10. There shall be documentation of consent by the legal guardian to the IRP;
11. Documentation of implementation of interventions, including the individual's response to the interventions;
12. Location and type of treatment or education provided, including the date and time of the treatment or education, the name and credentials of the professional or other staff providing the service, and the response of the individual to the service;
13. Evidence of progress toward stabilization and recovery, or lack thereof;
14. Documentation of medical testing (if any), medical findings and medical care needs or interventions provided;
15. Documentation of continued stay justifications;
16. Documentation at least once per day by an RN as to the status of the individual;
17. Documentation of events or incidents that affect care and treatment, including the individual's response thereto;
18. Record of implementation of emergency safety interventions (seclusion or restraint) of last resort, if implemented;
19. Name and title of staff providing care and treatment; and
20. Discharge notes and aftercare plans, including the individual's status at discharge, ongoing needs, aftercare plan, and the date, time and method of discharge.

Amended: F. Mar. 9, 2015; eff. Mar. 29, 2015.

Rule 82-4-1-.12. Protection and Safety of the Individual and of Others.

1. The C & A CSU shall have policies and procedures regarding authorized entry to or exit from the unit.
2. The C & A CSU shall have policies and procedures to protect and respect individuals' rights and privacy while conducting searches.
3. Control of potentially injurious items shall be clearly defined in policy to include, but may not be limited to:
 - a. Prohibition of flammables, toxins, ropes, wire clothes hangers, sharp-pointed scissors, luggage straps, belts, knives, shoestrings, or other potentially injurious items;
 - b. Management of housekeeping supplies and chemicals, including procedures to avoid access by individuals during use or storage. Whenever practical, supplies and chemicals shall be non-toxic and/or non-caustic.
4. Safeguard the use and disposal of nursing and medical supplies including drugs, needles and other "sharps" and breakable items.
5. Except as otherwise provided by law, weapons shall be prohibited at the C & A CSU. The C & A CSU shall post notices regarding the prohibition of weapons at all entrances to the facility and shall have written protocols addressing the same.
6. The C & A CSU shall develop and implement policies and practices, consistent with Departmental policy, that describe interventions to prevent crises and minimize incidents when they do occur, that are organized in a least to most restrictive sequence. The written policies and procedures shall:
 - a. Emphasize positive approaches to interventions;
 - b. Protect the health and safety of the individual served at all times;
 - c. Specify the methods for documenting the use of the interventions; the admission assessment shall contain an assessment of past trauma or abuse, how the individual served would prefer to be approached should he or she become dangerous to him/herself or to others, and the findings from this initial assessment shall guide the process for determining interventions.

7. The C & A CSU shall develop and implement internal policies and practices for use of time-out, seclusion or restraint that are consistent with federal and state laws, rules, regulations and DBHDD policy:
 - a. Seclusion or restraint, as defined in these regulations, shall be used only as an emergency safety intervention of last resort to ensure the physical safety of the individual and others, and shall be used only after less restrictive interventions have been determined to be ineffective;
 - b. Seclusion or restraint shall not be used as punishment or for the convenience of staff;
 - c. Seclusion and restraint shall not be implemented simultaneously;
 - d. All individuals placed in restraints shall be afforded full privacy away from other individuals receiving services;
 - e. Chemical restraint as defined in the Code of Federal Regulations shall not be utilized under any circumstances;
 - f. Staff, individuals and their legal guardian shall be debriefed immediately following an episode of seclusion or restraint, identifying the circumstances leading up to the seclusion or restraint;
 - g. The individual's IRP shall be updated following the debriefing of what led to a seclusion or restraint episode, including changes that could be made to prevent the situation or better support the individual if future issues occur.
8. The C & A CSU shall develop policies and procedures for implementing suicide prevention interventions addressing: screening, assessments, crisis safety plans, staffing, levels of observation and documentation in accordance with DBHDD policy:
 - a. Policies and procedures shall require constant visual observations of persons clinically determined to be actively suicidal;
 - b. A person assessed to be potentially suicidal shall be on a higher level of supervision;
 - c. Modifications or removal of suicide prevention interventions shall require clinical justification determined by an assessment and shall be specified by the attending physician and documented in the clinical record;
 - d. A registered professional nurse or other licensed/certificate clinician may initiate suicide prevention interventions prior to obtaining a physician/psychiatrist's order, but in all instances must obtain an order within one (1) hour of initiating the intervention;

- f. Staff shall be debriefed immediately following a suicide attempt, identifying the circumstances leading up to the suicide attempt;
 - g. The individual's IRP shall be updated following the debriefing of what led to the suicide attempt, including changes that could be made to prevent the situation from reoccurring or to better support the individual if future issues do occur;
9. Other high-risk behaviors such as assaultive behavior shall be addressed in the C & A CSU policies and procedure.

Rule 82-4-1-.13. Pharmacy Services and Management of Medication.

1. All pharmacy operations or services within the C & A CSU must be licensed and under the direct supervision of a registered pharmacist or provided by contract with a licensed pharmacy operated by a registered pharmacist.
2. The C & A CSU must ensure access to pharmacy services for prescription medications within eight (8) hours of the physician's order.
3. Stat medication not maintained in the C & A CSU must be available for administration within one (1) hour of the order to give the medication.
4. Any request for exemptions for requirements regarding a pharmacy license must be submitted in writing to the Georgia State Board of Pharmacy.
5. The C & A CSU shall establish and implement policies, procedures and practices that guide the safe and effective use of medications and shall, at a minimum, address the following:
 - a. Medications and medical care orders shall be written, signed, administered, and implemented upon direct order from by the physician or psychiatrist, as defined in O.C.G.A. Secs. [43-34-23](#), [43-34-25](#);
 - b. Medications shall not be administered without the consent of the legal guardian, except in an emergency;
 - c. Medications shall be used solely for the purposes of providing effective treatment and protecting the safety of the individual and other persons and shall not be used as punishment or for the convenience of staff or as chemical restraint;

- d. There shall be no standing orders for psychotropic medication;
- e. Medication management policies and procedures shall follow federal and state laws, rules and regulations, and shall direct the management of medication ordering, procurement, prescribing, transcribing, dispensing, administration, documentation, wasting or disposal and security, to include the management of controlled substances, floor stock, and physician sample medications;
- f. There shall be documented evidence of oversight by the medical director for the accounting of and dispensing of sample medications;
- g. The C & A CSU shall have a policy on informed consent for medications, including the right of the legal guardian to refuse consent for medication;
- h. The C & A CSU shall have protocols in place should an individual refuse medication;
- i. The C & A CSU shall follow the Department's policies and procedures for Informed Consent and Involuntary Administration of Psychotropic Medication;
- j. There shall be a process to identify, track and correct deviations in medication prescribing, transcribing, dispensing, administration, documentation, or drug security of ordering or procurement of medication that results in a variance;
- k. The C & A CSU shall develop and implement policies and procedures that describe actions to follow when drug reactions and other emergencies related to the use of medications occur, and emergency medical care that may be initiated by a registered nurse in order to alleviate a life threatening situation; and
- l. The C & A CSU shall conduct daily checks and maintain temperature logs for all medication room refrigerators. Temperatures for the refrigerator shall be set between 34°F to 41°F (1°C to 5°C).

Rule 82-4-1-.14. Laboratory Services.

- 1. Laboratory work and other diagnostic procedures deemed necessary shall be performed as ordered by the physician.

2. Any C & A CSU that processes laboratory tests on-site shall provide documented evidence of a current Clinical Laboratory Improvement Amendment Waiver.

Rule 82-4-1-.15. Food Services.

All C & A CSU food service operations shall comply with current federal and state laws and rules concerning food service:

1. At least three (3) nutritious meals per day shall be served;
2. Nutritional snacks shall be available to each individual;
3. No more than fourteen (14) hours may elapse between the end of an evening meal and the beginning of a morning meal;
4. Therapeutic diets shall be provided when ordered by the physician;
5. Under no circumstances may food be withheld for disciplinary reasons;
6. The C & A CSU must have a sufficient designated area to accommodate meal service. Individuals may eat or be served in shifts during daily operations. The eating area may double as a group or activity area;
7. If food is prepared by the C & A CSU, the C & A CSU must have a satisfactory food service permit score, pursuant to Georgia Department of Human Services, Public Health, Chapter [290-5-14-.10](#). If applicable, a copy of the current food service permit must be on file in the C & A CSU;
8. The C & A CSU may utilize meal preparation services from an affiliated or contracted entity with a current food service permit. There shall be a formal contract between the C & A CSU and contracted food entity containing assurances that the contracted food entity will meet all food service and dietary standards imposed by this rule;
9. If the C & A CSU elects to have meals prepared off-site, the C & A CSU will have a modified kitchen that includes a microwave, a refrigerator, an ice maker and clean-up facilities;
10. The C & A CSU must maintain a daily temperature log for freezer and refrigerator. Temperatures for the refrigerator shall be set between 34°F and 41°F (1°C to 5°C) and the freezer temperature should be set between 0°F and 10°F (-17°C to -15°C);

11. Food, drinks and condiments shall be dated when opened and discarded when expired;
12. Each C & A CSU shall maintain a three-day supply of non-perishable emergency food and water at all times.

Rule 82-4-1-.16. Infection Control and Prevention.

The C & A CSU shall develop and implement policies and procedures for infection control and prevention that include the following:

1. Standard precautions are defined and the use of personal protective equipment when handling blood, body substances, excretions and secretions are outlined;
2. Proper hand washing techniques are outlined;
3. Proper disposal of biohazards, such as potentially infected waste and spills- management, needles, lancets, scissors, tweezers and other sharp instruments are described;
4. Prevention and treatment of needle stick/sharp injuries are outlined;
5. The management of common illnesses such as, but not limited to Methicillin-Resistant Staphylococcus Aureus (MRSA), colds and influenza, gastrointestinal viruses, pediculosis and tinea pedis, etc. is described;
6. Specific procedures to manage infectious diseases including but not limited to tuberculosis, hepatitis B, Human Immunodeficiency Virus (HIV), Acquired Immune Deficiency Syndrome (AIDS) or other infectious diseases are described;
7. Handling and maintenance of individual care equipment is described;
8. The C & A CSU's infection control risk assessment and plan is reviewed annually for effectiveness and revision, if necessary;
9. The C & A CSU shall have written hygienic practices and procedures regarding the management of linens and minimizing healthcare-associated infections, including collection, sorting, transport, washing and storage of soiled linens. The practices shall be based upon a cited expert source (such as the U.S. Centers for Disease Control and Prevention) and updated annually to ensure the procedures reflect evolving standard practice. At a minimum, the C & A CSU shall:

- a. Have immediately available a quantity of clean bed linens and towels, etc., essential for the proper care of individuals at all times; and
 - b. Have collection, sorting, and cleaning procedure shall be designed to prevent contamination of the environment, individuals served, and personnel.
10. In relation to individuals who are carriers of an infectious illness, the transfer and the release of confidential information to select unit medical and nursing staff on a need to know basis is addressed;
11. Hand washing facilities provided in both the kitchen and the bathroom areas shall include hot and cold running water, soap dispensers, disposable towels and/or hand blowers.

Rule 82-4-1-.17. Rights and Responsibilities of Individuals.

1. The C & A CSU shall safeguard the rights of individuals treated pursuant to applicable state laws and rules and regulations.
2. The rights and responsibilities of individuals and their legal guardians are paramount. It is the expectation that a legal guardian shall be an informed partner in the assessment and treatment of individuals. The individual under the age of eighteen (18) served should also be an informed participant. Although the individual's consent is not legally mandated, it should be encouraged and promoted in every treatment element. Documentation shall support the provision of the following:
 - a. Each C & A CSU shall maintain a written statement of rights and responsibilities for individuals receiving services and their legal guardian, as articulated in DBHDD rule and policy;
 - b. During admission or orientation to the C & A CSU, each individual and the individual's legal guardian shall receive a written statement of his or her rights and responsibilities. Receipt of this information shall be documented in the clinical record and validated by the signature of the individual and their legal guardian. If the legal guardian is unable or unwilling to sign, this shall be recorded;
 - c. The C & A CSU shall inform the individual and the legal guardian in writing of any changes in rights and responsibilities;

- d. Individual rights related to required notices, lengths of stay on involuntary status, or other processes related to rights specified in Georgia law, DBHDD rule or policy, shall be maintained.

Rule 82-4-1-.18. Confidentiality.

1. The C & A CSU shall have records management policies, procedures and practices to manage and to protect the confidentiality and protected health information of individuals' records, to include electronic records.
2. The C & A CSU's records management policies shall support secure, organized records and shall be consistent with all applicable policies and procedures and federal and state laws and regulations.
3. The C & A CSU shall ensure that the individual's rights regarding his or her own confidential and protected health information are protected, including but not limited to, access to protected health information, requesting amendment to the clinical record, requesting restriction of disclosure, and requesting an accounting of disclosures that have been made.
4. The C & A CSU shall have a Notice of Privacy Practices regarding confidentiality of the individual's protected health information, which Notice shall comply with the requirements of Health Insurance Portability and Accountability Act (HIPAA).
5. The C & A CSU shall post the Notice of Privacy Practices at all times in the admissions area and in prominent locations where it is reasonable to expect individuals to be able to read the notice. Additional copies must be available for distribution upon request.
6. The C & A CSU shall provide a copy of the Notice of Privacy Practices to the individual and his or her legal guardian, as defined by state law, upon the individual's admission.
7. The C & A CSU shall have policies, procedures and practices that are compliant with the requirements of HIPAA regarding:
 - a. Complaints regarding violation of confidentiality and privacy rights;

- b. Reports of breaches of HIPAA to the Department, and as required by law when applicable to the individual, to the United States Secretary of Health and Human Services, and to the media;
 - c. Sanctions of employees for violations of HIPAA; and
 - d. Identifying business associates, as defined by HIPAA, of the C & A CSU and obtaining satisfactory assurances of the business associates' compliance with the requirements of HIPAA.
- 8. The clinical record, information about an individual contained in incident reports and any documents that are not part of the clinical record, and all information about an individual whether oral or written, and regardless of how stored, is confidential.
- 9. Unless authorized in writing by a valid authorization signed by the legal guardian, or by applicable law, the C & A CSU shall not:
 - a. Confirm or deny whether an individual is receiving or has received services from the C & A CSU; or
 - b. Disclose any confidential or protected health information regarding the individual.

Rule 82-4-1-.19. Documentation of Legal Status.

The legal status of each individual shall be clearly recorded within the clinical record to include:

- 1. Documenting the legal and clinical basis for the individual's admission to the C & A CSU, whether voluntary or involuntary consistent with all applicable state laws, rules and regulations;
- 2. Documentation of the legal and clinical basis for continued admission to the C & A CSU for purposes of evaluation when consistent with all applicable state laws, rules and regulations;
- 3. A record of voluntary or involuntary status change, to include the date and time of such change and consent by the parent or legal guardian;
- 4. Where an individual is found to be in need of treatment and suitable for treatment at said facility, the facility must obtain consent for treatment from the parent or legal guardian of

the individual who shall receive treatment unless such minor is emancipated O.C.G.A. Sec. [37-3-20\(a\)](#);

5. Documentation of the assessment of the individual's capacity to understand and exercise the rights and powers of voluntary admission; and
6. Where specific Departmental legal forms exist to document any of the above mentioned actions, those forms shall be utilized.

Rule 82-4-1-.20. Performance Improvement Plan and Activities.

The C & A CSU shall develop a quality assurance plan and update it annually:

1. The quality assurance plan shall address and ensure a comprehensive integrated review of all services and practices which shall include but not be limited to the following:
 - a. High risks situations and special cases (such as suicide, death, serious injury, violence and abuse of any individual) are reviewed within twenty-four (24) hours;
 - b. Medical emergencies;
 - c. Medication variance;
 - d. Infection control;
 - e. Emergency safety interventions including seclusion or restraint;
 - f. Environmental safety and maintenance; including an environment scan which self-assesses risk for individuals served by or working in the facility and identified strategies and subsequent plans for mitigating those risks;
 - g. Clinical outcome measures.
2. The quality assurance plan shall use performance measures and data collection that continually assess and improve the quality of the services being delivered;
3. The quality assurance committee shall submit a quarterly report to the nursing administrator, medical director, agency CEO, and governing body for their review and appropriate action if necessary;

4. The CEO and governing body shall evaluate the C & A CSU's effectiveness in improving performance.

Rule 82-4-1-.21. Environment of Care.

Areas accessible by individuals shall meet the following requirements:

1. The CSU shall maintain an environment that is clean and in good repair;
2. The environment of the C & A CSU shall have natural light and exterior views;
3. The general architecture of the C & A CSU, along with tools and technology, shall provide for optimal line-of-sight observations from the nurses' station throughout the unit, mitigating hidden spots and blind corners;
4. The C & A CSU shall be a locked facility;
5. The C & A CSU shall have sleeping areas that are gender and age specific;
6. Interior finishes, lighting, and furnishings shall conform to applicable fire and safety codes; as classified for *Health Care Occupancy/Limited Care Facilities* in the current edition of National Fire Protection Association's NFPA 101 Life Safety Code Handbook, Chapter 18/19: New and Existing Health Care Occupancies;
7. Furnishings, hardware, fixtures, or protrusions must be:
 - a. Made of materials which mitigate the risk of use as weapons or for self-harm (hanging, cutting, etc.);
 - b. Intact and functional;
 - c. Maintained in good condition, and ;
 - d. Tamper resistant.
8. The ceiling and the air distribution devices, lighting fixtures, sprinkler heads, and other appurtenances shall be of the tamper-resistant type;
9. Doors of the C & A CSU must meet the following requirements:

- a. Doors in seclusion and/or restraint rooms shall not be locked from within;
 - b. The C & A CSU shall have a policy in effect to address locking doors in bedrooms and bathrooms which will address an individual's privacy and safety and which addresses staff access at all times to supervise and monitor that individual's clinical status and safety;
 - c. The CSU must have written risk management protocols in place to address situations in which an attempt might be made to prevent access to any area of the C & A CSU;
 - d. If the C & A CSU is equipped with electronic locks on internal doors or egress doors, the C & A CSU shall ensure that such locks have manual common key mechanical override that will operate in the event of a power failure or fire;
10. Light switches and electrical outlets shall be secured with -tamper-resistant type screws;
11. For C & A CSUs which are new facilities and who apply for licensure on or after (PUBLISH DATE OF NEW RULES), sprinkler heads shall be flush mounted on ceilings lower than nine (9) feet. Sprinklers shall have institutional heads that are recessed and drop down when activated;
12. Security and safety devices shall be mounted, installed, or secured in a manner which:
- a. Mitigates the risk of use as weapons or for self-harm (hanging, cutting, etc.);
 - b. Prevents interference; and
 - c. Prevents any attempt to render inoperable with its purpose as a security device.
13. Upon request, the C & A CSU shall provide a means of locked storage for any individual's valuables or personal belongings;
14. The C & A CSU must have policies/procedures to address identification, detection, handling, and storage of individuals' belongings that are determined to be potentially harmful;
15. The C & A CSU shall maintain the environmental temperature between 65°F and 82°F(18°C to 27°C);
16. The interior and grounds of the C & A CSU shall be non-smoking;
17. Lighting fixtures shall be recessed and tamper-resistant with Lexan or other strong translucent materials;
18. Windows shall be protected with Lexan or other shatter-resistant material that will minimize breakage;

19. The C & A CSU shall be equipped and maintained so as to provide a sufficient amount of hot water for individuals' use.
 - a. Heated water provided for individuals' use must be maintained between 110°F and 120°F(43°C and 48°C);
 - b. The C & A CSU must have policies/procedures to routinely check and document hot water temperature at various outlets throughout the C & A CSU and to correct any variance from the standard temperature if needed;
20. The C & A CSU shall have consistently available drinking water for individuals' access using mechanisms which meet general expectations of infection control and procedures;
21. The pre-admission waiting area, including restroom(s), must meet all safety requirements applicable to designated individual areas;
22. The C & A CSU shall have written policies and procedures for the provision of or arrangement for, services for individuals with physical disabilities (including those with sensory impairments) in compliance with all federal rules and regulations;
23. The C & A CSU shall have facilities accessible to and usable by physically disabled individuals which meet the minimum requirements of Section 504 of the Rehabilitation Act of 1973. The C & A CSU shall install required alterations or modifications in accordance with the 1984 Law of Georgia regarding Access to and Use of Public Facilities by Physically Handicapped Persons, O.C.G.A. Sec. [30-3-1](#) *et seq*;
24. The C & A CSU shall maintain safety equipment to include an Automated External Defibrillator (AED) and all other necessary medical safety supplies;
25. The C & A CSU shall provide laundry facilities on the premises for the individual's personal laundry;
26. Entrances and exits, sidewalks, and escape routes shall be constantly maintained, free of all impediments and hazards;
27. The C & A CSU shall have at least one (1) operable, non-pay telephone which is private and accessible at reasonable times for use by individuals; and
28. The C & A CSU physical environment shall provide for space that accommodates the developmental needs of the individual and shall, at a minimum, have the following designated areas within its facility which meet the following requirements:
 - a. A **screening area** with capacity to be locked where searches can be done in a private and safe manner, respecting individual rights and privacy;
 - b. **Exam room**;

c. Bedrooms:

- i. Beds and other heavy furniture capable of use to barricade a door shall be secured to the floor or wall;
- ii. The use of beds with springs, cranks, rails or wheels, including hospital beds, rollaway beds, cots, bunk beds, stacked beds, hide-a beds and studio couches is prohibited;
- iii. Rooms utilized for more than one individual shall have a minimum of sixty (60) square feet per individual; a private room shall not be less than eighty (80) square feet;
- iv. Windows may be textured to provide privacy without the use of curtains or blinds.

d. Bathrooms:

- i. The C & A CSU shall have gender specific bathrooms with proper ventilation;
- ii. Exposed plumbing pipes shall be covered to prevent access by individuals;
- iii. The C & A CSU shall have a minimum of one (1) shower for each six (6) individuals receiving services and one (1) toilet and lavatory for each six (6) individuals receiving services;
- iv. Individual shower stalls and dressing areas shall be provided;
- v. The C & A CSU shall have a bathroom facility that is in compliance with the American Disabilities Act (ADA) for use by individuals with physical disabilities. It shall include a toilet, lavatory, shower and flush-mounted safety grab bars;
- vi. Access to a bathroom shall not be through another individual's bedroom;
- vii. The shower head shall be recessed or have a smooth curve from which items cannot be hung;
- viii. Overhead rods, fixtures, privacy stalls supports or protrusions must be selected and installed in a manner which mitigates the risk of use of weapons or for self-harm (hanging, cutting, etc.) If the physical plant space of the C & A CSU is prohibitive of this, there must be written policies and protocols to monitor and reduce this risk with supporting evidence of compliance to these policies and protocols;
- ix. The toilet shall be secured and tamper resistant;

- x. Mirrors shall not be common glass and must be fully secured and flat mounted to the wall.
- e. **Seclusion and/or Restraint Room.** For C & A CSUs which apply for licensure on or after (PUBLISH DATE OF NEW RULES), the privacy of the person is protected by the seclusion and/or restraint room location either being not visible from the common consumer areas, or if visible, the seclusion and/or restraint room is constructed to be offset from main thoroughfares and have restricted visibility to the interior of the room;
- i. At least one (1) identified room used for seclusion and/or restraint shall have a bed commercially designed for use with restraints that is bolted to the floor and without sharp edges. The surface of the bed must be impermeable to resist penetration by body fluids;
 - ii. The floors and walls, up to a height of three (3) feet, shall be finished to resist penetration of body fluids or be constructed of a high impact sheetrock;
 - iii. For C & A CSUs which apply for licensure on or after (PUBLISH DATE OF NEW RULES), the seclusion and/or restraint room shall have a minimum of seventy (70) square feet with one wall of the room no less than nine (9) feet in length;
 - iv. For C & A CSUs which apply for licensure after (PUBLISH DATE OF NEW RULES), the ceiling height of seclusion and/or restraint rooms shall be at least nine (9) feet.
 - v. The door to the room shall open outward;
 - vi. The bed placement in the seclusion and/or restraint room shall provide adequate space for staff to apply restraints and shall not allow individuals to access the lights, smoke detectors or other items that may be in the ceiling of the room;
 - vii. Rooms used for seclusion and/or restraint must provide staff full visual access of the individual, and shall include a vision panel installed in the door;
 - viii. Where the interior of the seclusion and/or restraint room is padded, it is in good repair and must be fully intact.
- f. **Fenced Recreational Area:**
- i. The C & A CSU shall have an age appropriate outdoor area enclosed by a privacy fence no less than six (6) feet high, where individuals may have

access to fresh air and exercise. It must provide privacy from public view and shall not provide access to contact with the public;

- ii. This area shall be constructed to retain individuals inside the area and minimize elopements from the area;
- iii. The fenced area shall be designed for safety without blind corners to be readily visible by one staff person standing in a central location; and designed to minimize elopement.

29. The C & A CSU shall meet rules specified in Rule [82-4-1-.21](#), Environment of Care or shall submit a Risk Mitigation Plan to the Department for approval addressing a particular citation and related protocols for safety management. This shall be submitted at the time of licensing review and annually thereafter.

Rule 82-4-1-.22. Fire Prevention and Safety Requirements.

1. Each C & A CSU shall have an emergency fire and disaster plan that includes the following:
 - a. Protocols for and documentation of practice of monthly fire drills rotated so that all shifts have had at least one (1) drill quarterly, including time taken to complete the drill and follow-up with recommendations for drills that are unsatisfactorily completed;
 - b. Disaster drills protocols such as flood, tornado, hurricane are practiced at least quarterly;
 - c. Direction for evacuation of the C & A CSU utilizing posted evacuation routes;
 - d. Preparation of the individuals for evacuation;
 - e. Documentation of monthly fire extinguisher inspection;
 - f. Documentation of at least annual inspections of other safety mechanisms such as sprinklers, smoke alarms, emergency lights, kitchen range/hood, etc;
 - g. Provision for annual review and revision of the fire and emergency safety plan;

- h. Procedures for training staff on all emergency and disaster drills.
- 2. The C & A CSU shall comply with all federal, state, local, and accreditation fire safety standards. Local fire codes with more stringent standards or additional requirements shall supersede over the minimum requirements set forth in this rule.

Rule 82-4-1-.23. Human Resources.

- 1. The C & A CSU shall develop and implement policies and procedures that address the hiring, training, promotion and termination of staff.
- 2. The C & A CSU shall define the responsibilities, qualifications, and competencies of staff For all positions.
- 3. The C & A CSU shall ensure that the type and number of professional staff attached to the unit are:
 - a. Properly licensed or credentialed in the professional field as required;
 - b. Present in numbers to provide adequate supervision to staff;
 - c. Present in numbers to provide services, supports, care and treatment to individuals as required;
 - d. Experienced and competent in the profession they represent; and
 - e. At least one (1) staff trained in Basic Cardiac Life Support (BCLS) and first aid shall be on duty at all times. In addition, one staff trained in the use of the Automated External Defibrillator (AED) equipment shall also be on duty.
- 4. Paraprofessionals working in mental health, addictive diseases and co-occurring disability services must complete the standard training requirements for paraprofessionals.
- 5. The C & A CSU shall have procedures for verifying licenses, credentials, experience and competence of staff:
 - a. The C & A CSU shall document implementation of these procedures for all staff attached to the C & A CSU; and

- b. Licenses and credentials shall be current as required by the field.
-
- 6. The C & A CSU shall ensure that all persons providing services comply with all applicable laws, rules and regulations regarding professional licenses, qualifications and requirements related to the scope of practice.
 - 7. The C & A CSU shall comply with all applicable laws, rules and regulations governing criminal history records checks.
 - 8. The C & A CSU shall have processes for managing personnel information and records.
 - 9. The C & A CSU shall have provisions for sanctioning or removal of staff when:
 - a. Staff are determined to have deficits in required competencies; or
 - b. Staff are accused of abuse, neglect or exploitation of individuals.
 - 10. The C & A CSU shall ensure that, prior to providing direct care to individuals, all staff, volunteers, and contactors shall be trained and show evidence of competence in all areas as defined in the DBHDD Provider Manual for Community Behavioral Health Providers.
 - 11. The C & A CSU shall ensure that, within the first sixty (60) days of providing direct care to individuals, all staff, volunteers and contractors having direct contact with individuals shall receive training in all areas as defined in DBHDD Provider Manual for Community Behavioral Health Providers.
 - 12. The C & A CSU shall have documentation of an annual training plan that addresses 100% of staff who deliver therapeutic content is trained in at least one (1) clinical and programmatic content topic related to the delivery of care.
 - 13. The C & A CSU shall ensure that all employees are tested for tuberculosis prior to direct contact with individuals and are retested at least annually thereafter.

Rule 82-4-1-.26. Department Complaint and Incident Investigation Procedures.

1. The Department shall be authorized to conduct investigations:
 - a. Investigations shall be conducted to ensure compliance with all applicable laws, rules and regulations;
 - b. Department representatives shall be authorized to enter the premises of a C & A CSU at any time to survey or investigate to ensure compliance with or prevent a violation of any rule or regulation and/or to ensure the quality and integrity of care provided to individuals;
 - c. The Department shall have complete access to, including but not limited to authorization to examine and reproduce, any records required to be maintained in accordance with contracts, standards, laws, rules and regulations of the Department;
 - d. The Department shall maintain the confidentiality of C & A CSU records as specified by federal and/or state law.

2. The Department shall have the authority to conduct announced or unannounced on-site reviews at its discretion at any time or as part of the investigation of complaints or incidents. The Department shall issue written findings within a reasonable period of time. Based on its findings of the review, the Department may:
 - a. Require corrective action that is approved by the Department;
 - i. When the Department finds that any licensee has violated any provision of this Chapter, the Department will prepare a written report identifying each violation and anticipated corrective action.
 - ii. The facility shall submit to the Department a written plan of correction in response to the report of violations, which includes details related to the types of anticipated corrections along with stated timeframes for completions of corrections. The facility may, in addition, offer an explanation for the violation or dispute the findings of the Department as long as an acceptable plan of correction is submitted within thirty (30) days of the facility's receipt of the written report of inspection.
 - iii. If the initial plan of correction is unacceptable to the Department, the facility will be provided with at least one (1) opportunity to revise the unacceptable plan of correction. Failure to submit an acceptable plan of correction may result in the Department initiating enforcement procedures;
 - iv. The facility shall comply with its plan of correction.
 - b. Prohibit admissions to the C & A CSU for a defined period of time;
 - c. Temporarily suspend the C & A CSU license upon findings determined to be of significant risk to health or safety of individuals; or
 - d. Revoke the license.

Rule 82-4-1-.27. Enforcement.

The Department shall have the authority to impose any one or more of the sanctions enumerated in Rules [82-4-1.28](#) and [82-4-1.29](#) upon a finding that an applicant or licensee has:

1. Knowingly made any verbal or written false statement of material fact either in connection with the application for a license or on documents submitted to the Department as part of any inspection or investigation or in the falsification or alteration of facility records made or maintained by the facility;
2. Failed or refused, without legal cause, to provide the Department with access to the premises subject to regulation or information pertinent to the initial and continued licensing of the facility;
3. Failed to comply with any licensing requirements of this state; or
4. Failed to comply with the provisions of state law or with any provisions of these rules.

History. Original Rule entitled "Human Resources" adopted. F. Jun. 27, 2011; eff. July 17, 2011.

Repealed: New Rule entitled "Enforcement" adopted. F. Mar. 9, 2015; eff. Mar. 29, 2015.

Rule 82-4-1-.28. Sanctions and Penalties.

1. Sanctions against Licensees. When the Department finds that any licensee has violated any provision of these rules and regulations, the Department, subject to notice and opportunity for a hearing, may impose any one or more of the sanctions in subparagraphs (a) through (e) below:
 - a. Administer a Public Reprimand. If the sanction of public reprimand is finally imposed, as defined by a final adverse finding, the public reprimand shall consist of a notice prepared by the Department that the C & A CSU has been reprimanded; such notice shall include a written report of the Department's findings along with the C & A CSU's response and corrective action plan;
 - b. Suspend any License. The Department may suspend any license for a definite period or for an indefinite period in connection with any condition which may be attached to the restoration of said license;
 - c. Prohibit Persons in Management or Control. The Department may prohibit a licensee from allowing a person who previously was involved in the management or control of any C & A CSU which has had its license revoked or application denied within the past twelve (12) months to be involved in the management or control of such C & A CSU. Any such person found by the Department to have acted diligently and in good faith to ensure correction of violations in a C & A CSU which has had its license revoked or denied; however, shall not be subject to this prohibition if that person became involved in the management or control of the C & A CSU after the C & A CSU was notified by the Department of violations of licensing requirements giving rise to a revocation or denial action. This subparagraph shall not be construed

to require the Department to obtain any information that is not readily available to it regarding any person's involvement with a C & A CSU. For the purpose of this Rule, the twelve (12) month period will begin to run from the date of any final adverse finding or the date that any stay of enforcement ceased, whichever occurs first;

- d. Revoke any License. The Department may revoke any license. If the sanction of license revocation is finally imposed, as defined by a final adverse finding, the Department shall effectuate it by requiring the C & A CSU to return its license to the Department;
 - e. Limit or Restrict any License. The Department may limit or restrict any license as the Department deems necessary for the protection of the public (a provisional or temporary time limited license granted by the Department shall not be considered to be a limited or restricted license).
2. Sanctions against Applicants. When the Department finds that any applicant for a license has violated any provision of Rule 83-3-1.27, Enforcement, the Department, subject to notice and opportunity for a hearing, may impose any one or more of the following sanctions in subparagraphs (a) through (c) below:
- a. Refuse to Grant License. The Department may refuse to grant (deny) a license and that the Department may do so without first holding a hearing prior to taking such action:
 - i. The Department may deny an application for a license where the C & A CSU has failed to demonstrate compliance with licensing requirements. Additionally, the Department may deny an application for a license where the applicant or alter ego of the applicant has had a license denied, revoked, or suspended within one (1) year of the date of an application, or where the applicant has transferred ownership or governing authority of a C & A CSU within one (1) year of the date of a new application when such transfer was made in order to avert denial, revocation, or suspension of a license;
 - ii. For the purpose of determining the one (1) year denial period, the period shall begin to run from the date of the final adverse finding, or the date any stay of enforcement ceased, whichever occurs first. In further determining whether to grant or deny a license, the Department may consider the applicant's overall record of compliance with licensing requirements;
 - b. Prohibit Persons in Management or Control. The Department may prohibit an applicant from allowing a person who previously was involved in the management or control of any C & A CSU which has had its license revoked or application denied within the past twelve (12) months to be involved in the management or control of such C & A CSU. Any such person found by the Department to have acted diligently and in good faith to ensure correction of violations in a C & A CSU which has had its license revoked or denied, however, shall not be subject to this

prohibition if that person became involved in the management or control of the C & A CSU after the C & A CSU was notified by the Department of violations of licensing requirements giving rise to denial action. This subparagraph shall not be construed to require the Department to obtain any information that is not readily available to it regarding any person's involvement with a C & A CSU. For the purpose of this rule, the twelve (12) month period will begin to run from the date of any final adverse finding or the date that any stay of enforcement ceased, whichever occurs first;

- c. Limit or Restrict any License. The Department may limit or restrict any license as it deems necessary for the protection of the public (a provisional or temporary time-limited license granted by the Department shall not be considered to be a limited or restricted license).
3. Standards for Taking Sanctions. In taking any of the actions pursuant to this rule, the Department shall consider the seriousness of the violation or violations, including the circumstances, extent, and gravity of the prohibited act or acts or failure to act, and the hazard or potential hazard created to the physical or emotional health and safety of the public including the individuals served within the C & A CSU.
4. Non-Compliance with Sanctions. Failure on the part of any C & A CSU to abide by any sanction, which is finally imposed against it, shall constitute grounds for the imposition of additional sanctions, including revocation.
5. Settlements. With regard to any contested case instituted by the Department pursuant to this Chapter or other provisions of law or regulation which may now or hereafter authorize remedial or disciplinary grounds and action, the Department may, in its discretion, dispose of the action so instituted by settlement. In such cases, the Department, the C & A CSU, and those persons deemed by the Department to be successors in interest to any settlement agreement, shall be bound by the terms specified therein. Violation thereof by any applicant or licensee, their agents, employees, or others acting on their behalf, shall constitute grounds for the imposition of any sanctions enumerated in this Chapter, including revocation.

Rule 82-4-1-.29. Extraordinary Sanctions Where Imminent and Substantial Danger.

Where the commissioner of the Department determines that individuals in the care of C & A CSU subject to licensure are subject to an imminent and substantial danger, the commissioner

may order any of the extraordinary sanctions listed in any part of this rule to take effect immediately unless otherwise specified in the order, without notice and opportunity for hearing prior to the order taking effect:

1. Content of the Order. The order shall contain the following:
 - a. The scope of the order;
 - b. Reasons for the issuance of the order;
 - c. Effective date of the order if other than the date the order is issued;
 - d. Person to whom questions concerning the order are to be addressed; and
 - e. Notice of the right to obtain a preliminary hearing and an administrative hearing after the issuance of the order regarding the emergency order as a contested case.
2. Emergency Relocation. The commissioner may order emergency relocation of the individual of any C & A CSU subject to licensure to the nearest appropriate facility. Prior to issuing an emergency order, the commissioner may consult with persons knowledgeable in the field of psychiatric care and a representative of the C & A CSU to determine if there is a potential for greater adverse effects on the individual or the individual's care as a result of the proposed issuance of an emergency order. The commissioner shall provide notice to the individual, his or her legal guardian, and his or her physician of the emergency relocation and the reasons therefore; relocation to the nearest appropriate C & A CSU designed to ensure the welfare and, when possible, the desires of the individual;
3. Emergency Placement of Monitor. The commissioner may order the emergency placement of a monitor in a C & A CSU subject to licensure when conditions at the C & A CSU require immediate oversight for the safety of the individual;
4. Emergency Prohibition of Admissions. The commissioner may order the emergency prohibition of admissions to a C & A CSU when such C & A CSU has failed to correct a violation of Departmental permit rules within a reasonable period of time, as specified in the Department's corrective order, and the violation could either jeopardize the health and safety of any individuals if allowed to remain uncorrected or is a repeat violation over a twelve (12) month period, which is intentional or due to gross negligence;
5. Emergency Suspension of Admissions. The commissioner may order admissions to a C & A CSU suspended until the Department has determined that the violation has been corrected or until the Department has determined that the C & A CSU has undertaken the action necessary to effect correction of the violation;
6. Preliminary Hearing. The C & A CSU affected by the commissioner's emergency order may request that the Department hold a preliminary hearing within the Department on the validity of the order and the need for its continuation. Such hearing shall occur within ten (10) days following the request;

7. Cumulative Remedy. The Department shall not be limited to a single emergency action under these rules, nor is the Department precluded from other actions permitted by other law or regulations during the time an emergency order is in force.

Rule 82-4-1-.30. Waivers and Variances.

The Department may, in its discretion, grant waivers and variances of specific rules upon application or petition being filed on forms provided by the department. The Department may establish conditions which must be met by the program in order to operate under the waiver or variance granted. Waivers and variances may be granted in accordance with the following considerations:

1. Variance. A variance may be granted by the Department upon a showing by the applicant or petitioner that the particular rule or regulation that is the subject of the variance request should not be applied as written because strict application of the rule would cause undue hardship. The applicant or petitioner must also show that adequate standards affording protection for the health, safety and care of individuals exist and will be met in lieu of the exact requirements of the rule or regulations in question;
2. Waiver. The Department may dispense entirely with the enforcement of a rule or regulation by granting a waiver upon a showing by the applicant or petitioner that the purpose of the rule or regulation is met through equivalent standards affording equivalent protection for the health, safety and care of individuals;
3. Experimental Variance or Waiver. The Department may grant waivers and variances to allow experimentation and demonstration of new and innovative approaches to delivery of services upon a showing by the applicant or petitioner that the intended protections afforded by the rule or regulation which is the subject of the request are met and that the innovative approach has the potential to improve service delivery.

Rule 82-4-1-.31. Severability.

In the event that a rule, sentence, clause or phrase of any of these rules and regulations may be construed by any court of competent jurisdiction to be invalid, illegal, unconstitutional or otherwise unenforceable, such determination or adjudication shall in no manner affect the remaining rules or portions thereof. The remaining rules or portions thereof shall remain in full force and effect, as if such rule or portions thereof so determined, declared or adjudged invalid or unconstitutional were not originally a part of these rules.

History. Original Rule entitled "Legal Authority" adopted. F. Dec. 15, 2021; eff. Jan. 4, 2022.

Rule 82-5-1-.02. Purpose, Implementation, and Definitions.

- (1) **Purpose.** The Purpose of these regulations is to safeguard the rights of persons treated pursuant to the Official Code of Georgia Annotated (O.C.G.A.) Chapters 37-3, 37-4 and 37-7.
- (2) **Applicability.** These regulations set forth rights of individuals served in hospitals and intermediate care facilities for individuals with intellectual disabilities that are owned and operated by the Department.
 - (a) When the individual is a minor or an adult with a legally appointed guardian, the regulations are applicable to that person with certain exceptions as specifically stated in various parts of the regulations. These variations are noted in the text of the regulations.
 - (b) For persons being served by virtue of a court order related to a criminal matter, the regulations are applicable to the extent that they do not violate or conflict with the provisions of the order or the need to provide for the safety of the individual or of others.
- (3) **Implementation.** Each facility shall instruct each staff member in the contents of these regulations. Each facility also, at the beginning of each individual's treatment, shall notify the individual or the individual's parent or guardian, if applicable, of the rights and remedies contained in these regulations and of their applicability to the individual. Notifications shall be done in a manner commensurate with the individual's abilities and capabilities of comprehension and understanding.
- (4) **Definitions.** Unless a different meaning is required by the context, the following terms used in these regulations shall have the meanings hereinafter set forth:
 - (a) "Chief Medical Officer" means the physician designated by the chief administrative officer of the facility with overall responsibility for individual treatment at any facility receiving individuals pursuant to O.C.G.A. Chapters 37-3 or 37-7, or their designee. Where individuals are receiving treatment under the provisions of O.C.G.A. Chapter 37-4, this term shall include the term "Regional Hospital Administrator" when applicable.
 - (b) "Court," with the exception of references in these regulations to courts presiding over criminal cases in which an individual has been found incompetent to stand trial or not guilty by reason of insanity, means, in the case of an individual who is 17 years of age or older, the probate court for the county of residence of the individual or the county in which such individual is found. In the case of an

individual who is under the age 17 years, it means the juvenile court for the county of residence of the individual or the county in which such individual is found.

- (c) "Department" means the Georgia Department of Behavioral Health and Developmental Disabilities and includes its duly authorized agents and designees.
- (d) "Facility" means any State-owned or State-operated Hospital and any State-owned or State-operated Intermediate Care Facility for Individuals with Intellectual Disabilities (ICF/IID).
- (e) "Guardian" means a person appointed by a Court under O.C.G.A. Title 29 to act on behalf of an individual who has been judicially determined to lack sufficient capacity to make or communicate significant responsible decisions concerning his or her health or safety.
- (f) "Individual" means any person with mental illness who receives treatment in a facility pursuant to O.C.G.A. Chapter 37-3 and any person with a substance use disorder who receives treatment in a facility pursuant to O.C.G.A. Chapter 37-7. It also includes any person with an intellectual or developmental disability who receives habilitation in a facility pursuant to O.C.G.A. Chapter 37-4. "Individual" also includes a person for whom treatment or habilitation is sought. "Individual" also includes those who receive such services pursuant to a Court Order in a criminal case, including persons who are committed to a facility after having been found incompetent to stand trial or not guilty by reason of insanity.
- (g) "Individualized service plan" (ISP; also referred to as "Individual Recovery Plan" or IRP) means a plan that is developed during an individual's stay in a facility, and that includes specific elements based on the reason for the individual's stay, as follows:
 - 1. If the individual's stay in the facility is pursuant to O.C.G.A. Chapter 37-3 (i.e. related to mental illness as contemplated by that Chapter) or Chapter 37-7 (i.e. related to substance use as contemplated by that Chapter), the ISP must be specifically tailored to the individual's treatment needs, and shall clearly include the following:
 - (i) A statement of treatment goals or objectives, based upon and related to a proper evaluation, which can be reasonably achieved within a designated time interval;
 - (ii) Treatment methods and procedures to be used to obtain these goals, which methods and procedures are related to these goals and which include a specific prognosis for achieving these goals;
 - (iii) Identification of the types of professional personnel who will carry out the treatment and procedures, including appropriate medical or

other professional involvement by a physician or other health professional properly qualified to fulfill legal requirements mandated under State and Federal law;

- (iv) Documentation of the individual's involvement and, if applicable, the individual's acceptance of and/or adherence to the service plan; and
- (v) A statement attesting that the chief medical officer or Regional Hospital Administrator, or that person's designee if such designee is a physician appointed in writing, has made a reasonable effort to meet the plan's individualized treatment goals in the least restrictive available environment possible, closest to the individual's home community.

2. The ISP also includes the corresponding individualized program plan for an individual's stay in a facility pursuant to O.C.G.A. Chapter 37-4 (i.e. related to habilitation for intellectual/developmental disabilities as contemplated by that Chapter). Such an ISP shall be updated on a continuing basis, and shall include, at a minimum, the following elements:

- (i) A statement of the nature of the specific problems and the specific needs of the individual;
- (ii) A statement of the least restrictive setting available and conditions necessary to achieve the purposes of habilitation based upon the needs of the individual;
- (iii) A description of intermediate and long-range goals with the projected timetable for their attainment;
- (iv) A description of the proposed program, facility, or department(s) responsible for involvement with the individual to attain these goals;
- (v) An explanation of criteria for acceptance or rejection of other alternative settings for habilitation; and
- (vi) Proposed criteria for release to less restrictive settings for habilitation.

(h) "Intermediate Care Facility for Individuals with Intellectual Disabilities" means a facility in which only individuals served pursuant to O.C.G.A. Chapter 37-4 are served.

- (i) "Physician" means any person duly authorized to practice medicine in this State pursuant to O.C.G.A. Chapter 43-34 and, unless otherwise noted in these regulations, an Advanced Practice Registered Nurse or Physician Assistant practicing under the direction or supervision of a practicing Physician.
- (j) "Regional Hospital Administrator" means the chief administrative officer who has overall management responsibility at any facility receiving individuals pursuant to O.C.G.A. Chapters 37-3, 37-4, and 37-7, or an individual appointed as the designee of such Regional Hospital Administrator.
- (k) "Representative" means the person appointed pursuant to O.C.G.A. Title 37, Chapters 37-3, 37-4, or 37-7 to receive notices and perform other actions authorized by O.C.G.A. Title 37, Chapters 3, 4, and 7.
- (l) "Staff member" or "staff" means any person who is an employee, independent contractor, or other agent of the Department or of a facility. The use of "staff member" in these regulations for such persons shall in no way alter the legal relationship between such persons and the Department or subject the Department to any liability to which it is not otherwise subject.
- (m) "Treatment" means care; diagnostic services; therapeutic services, including the administration of medications; and any other service for the treatment or habilitation of an individual. It includes such services, as well as social service care, vocational rehabilitation, and career counseling. It also includes habilitation of an individual pursuant to O.C.G.A. Chapter 37-4.

History. Original Rule entitled "Purpose, Implementation and Definitions" adopted. F. Dec. 15, 2021; eff. Jan. 4, 2022.

Rule 82-5-1-.03. Treatment.

(1) Appropriateness.

- (a) General. Each individual shall receive care and treatment that is suited to the individual's needs in the least restrictive environment available offering appropriate care and treatment.
- (b) Individual Service Plans.
 - 1. The examination of individuals shall be governed as follows:

- (i) For individuals being treated pursuant to O.C.G.A. Chapters 37-7 and 37-3, each individual shall be assessed by the staff as soon as possible after admission, but within the time limits contained within O.C.G.A. Chapters 37-7 and 37-3, or 48 hours, whichever comes first;
 - (ii) Admissions to facilities may no longer take place under O.C.G.A. Chapter 37-4.
- 2. The development of an individualized service plan shall be governed as follows:
 - (i) For persons being treated in a hospital pursuant to O.C.G.A. Chapters 37-7 and 37-3, staff shall develop an individualized service plan for each individual as soon after the initial assessment as practicable, but within the time limits contained within O.C.G.A. Chapters 37-7 and 37-3 or 10 days, whichever comes first;
 - (ii) Admissions to facilities may no longer take place under O.C.G.A. Chapter 37-4.
- 3. Each individualized service plan shall be reviewed at regular intervals to determine the individual's progress toward the stated goals and objectives of the plan and to determine whether the plan should be modified because of the individual's present condition. These reviews should be based upon relevant progress notes in the individual's clinical record and upon other related information. Information from the individual and other sources, including family members, should be obtained and utilized where feasible. Reviews should be conducted as required by applicable standards such as those required by Medicare, Medicaid, and the Joint Commission.

(c) Physical Restraints, and Seclusion.

- 1. Seclusion may not be used with individuals who are served by a DBHDD ICF/IID facility. Use of physical restraints in a DBHDD ICF/IID must comply with the requirements of the State Operations Manual of the Centers for Medicare and Medicaid Services, Appendix J; relevant federal regulations; and O.C.G.A. § [37-4-124](#).
- 2. Other use of seclusion or restraint under these regulations shall only be accomplished in a manner that complies with the requirements of the State Operations Manual of the Centers for Medicare and Medicaid Services, Appendix A; relevant federal regulations; O.C.G.A. § [37-3-165](#); and O.C.G.A. § [37-7-165](#).

3. "Time-out" means a situation in which an individual is placed in a room from which egress is prevented. This definition applies only for an individual admitted pursuant to Chapter 37-4. A time-out is permitted only if all of the following conditions are met:
 - (i) the placement is a part of an approved systematic time-out (emergency placement of an individual into a time-out room is not allowed under these regulations); and
 - (ii) the individual is under the direct, constant visual supervision of designated staff; and
 - (iii) the door to the room is held shut by staff, or by a mechanism requiring constant physical pressure from a staff member to keep the mechanism engaged.
4. The Department shall establish and maintain policies that set forth the manner in which Department staff will comply with these requirements.

(2) Participation of Individual.

- (a) Access to information. Each individual and the individual's guardian (if applicable and not prohibited by law), or in the case of a minor individual the individual and the individual's parent(s) (unless prohibited by law), shall:
 1. have the right to review the individual's own medical records subject to conditions in § [82-5-1-.06\(3\)](#) of these regulations, the right to be told their diagnosis, and the right to be consulted and informed about the treatment recommendation and any risk involved;
 2. have the right to be fully informed about the individual's medication, including its side effects and available treatment alternatives; such disclosures shall be made unless the disclosure to the individual is determined by the chief medical officer, the Regional Hospital Administrator, or the individual's treating physician to be detrimental to the individual's physical or mental health and unless a notation to that effect is made part of the individual's record; and
 3. have the right to be so informed about matters related to the individual's treatment or habilitation, as required or allowed under these regulations, to the fullest extent possible in a manner that is commensurate with the individual's, guardian's, and/or parent's abilities of comprehension and understanding; such information shall not be withheld from a guardian or parent of a minor child in cases in which disclosure is to be made to that person.

(b) Consent to Medical Treatment and Involuntary Administration of Psychotropic Medication. The Department shall recognize the personal physical integrity of all individuals and their rights to consent to or refuse medical treatment.

1. No treatment of any kind shall be administered by the Department to an individual if that individual refuses the treatment prior to the treatment, except that:

(i) Psychotropic medication may be administered without the consent of the individual or other person where a physician determines that refusal would be unsafe to the individual or others. If the individual continues to refuse medication after such initial emergency treatment, a concurring opinion from a second physician must be obtained before medication can be continued without the individual's consent. Additionally:

(I) All psychotropic medications shall be used solely for the purposes of providing effective treatment and protecting the safety of the individual and other persons and shall not be used as punishment or for the convenience of staff; and

(II) The Department shall establish and maintain policies that set forth the manner in which Department staff may administer psychotropic medication in compliance with state and federal law in cases where and individual does not consent to administration of such medication.

(ii) For an adult individual who has been judicially determined to be incompetent to give consent or make decisions of a similar nature, consent for treatment shall be obtained from the individual's guardian with capacity to make such decisions, provided the individual does not refuse to consent to medical treatment; however, nothing in this subsection should be construed as to abridge any rights of an individual 18 years of age or over to refuse to consent to medical treatment as to his own person. If the individual is a minor, consent shall be obtained from the minor's parent or guardian.

(iii) In the absence of a guardian of an adult, if there is a determination in the medical record by a licensed physician after the physician has personally examined an adult that the adult lacks sufficient understanding or capacity to make significant responsible decisions regarding his or her medical treatment or the ability to communicate by any means such decisions, consent shall be obtained from a surrogate who is authorized under Georgia law to consent to such treatment.

- (iv) When treatment is being provided by an outside provider, the responsibility for determining capacity of the individual to consent, and subsequently obtaining consent, lies with the outside provider.
- (v) When the treatment for which consent is sought is not standard psychiatric treatment, the consent obtained from the persons listed in this section shall not be sufficient to authorize the treatment unless court approval is also obtained after a hearing. Standard psychiatric treatment shall not include insulin coma or psychosurgery.
- (vi) In cases of grave emergency where the medical staff of the facility determines that immediate surgical or other intervention is necessary to prevent serious physical consequences or death, and where delay in obtaining consent would create a grave danger to the physical health of the individual as determined by at least two physicians, then essential surgery or other intervention may be administered without the consent of the individual or other person. In such cases, a record of the determination of the physicians shall be entered into the medical records of the individual and this will be the prior consent for such surgery or other intervention. Such consent shall be valid notwithstanding the type of admission of the individual, and it shall also be valid whether the individual has been adjudicated incapacitated pursuant to O.C.G.A Title 29. Actual notice of any action taken pursuant to this section shall be given to the individual and the spouse, next of kin, attorney, guardian, or representative of the individual as soon as practicable.

(3) Participation of Representative.

- (a) Two representatives shall be appointed for each individual whose rights are the subject of these regulations. If two representatives cannot be located, a guardian ad litem shall be requested from the Court by the relevant facility. Appointments shall be made in accordance with Rule [.07](#) of this Chapter.
- (b) The Department shall establish and maintain policies that set forth the rights and responsibilities of representatives and of individuals with regard to their representatives in a manner that complies with O.C.G.A. Title 37, Chapters 3, 4, and 7.

(4) Private Physician.

- (a) If an individual is able to secure the services of a private physician who is not on the medical staff of the facility, the individual shall have the right to have that physician visit the individual at the inpatient facility. The individual or the

individual's guardian, parent, or other surrogate, if applicable, shall sign a written form indicating the name, telephone, and address of the private physician and requesting that the physician be allowed to make such visits. Thereafter, the private physician shall be allowed to visit the individual at the inpatient facility at any reasonable time, and subject only to other reasonable regulations. The staff shall require the private physician to produce proper identification and proof of current certification as a physician upon the initial visit and thereafter as necessary. The private physician shall be provided a private area in which to examine and consult with the individual. Upon the individual's written authorization, the private physician shall be allowed to examine the individual's clinical record.

- (b) As such an examination by a private clinician is required by law, a private clinician who examines an individual in a facility of the Department under this provision is not required to be credentialed by the facility where the examination takes place.

Authority: O.C.G.A. §§ [37-1-23](#), [37-1-40](#), [37-1-41](#), [37-3-2](#), [37-4-3](#), [37-7-2](#), [37-3-43](#), [37-7-43](#), [37-3-85](#), [37-4-44](#), [37-7-85](#), [37-4-124](#), [37-3-165](#), [37-7-165](#), [37-3-162](#), [37-4-122](#), [37-7-162](#), [37-3-167](#), [37-4-126](#), [37-7-167](#), [37-3-163](#), [37-4-123](#), [37-7-163](#), [31-9-1](#) et seq., [37-3-147](#), [37-4-107](#), [37-7-147](#).

History. Original Rule entitled "Treatment" adopted. F. Dec. 15, 2021; eff. Jan. 4, 2022.

Rule 82-5-1-.04. Treatment Environment.

(1) General.

- (a) The dignity of each individual shall be respected at all times and upon all occasions, including any occasion on which the individual is taken into custody, detained, or transported. Except where required under conditions of extreme urgency, those procedures, facilities, vehicles and restraining devices normally used for criminals or those accused of crime shall not be used in connection with individual, to the extent that this is under the Department's control.

(2) Abuse, Neglect, and Sexual Activity.

- (a) Abuse or neglect of any individual is prohibited. A staff member may use only such force as is necessary to restrain and secure an individual threatening imminent harm, or committing harm, to himself or others, and may use only such force as is necessary to prevent an involuntary individual from leaving a facility. Such necessary force shall not constitute abuse. For the purpose of this section, an involuntary individual is one who is being treated involuntarily, or who is being examined or evaluated to determine the need for involuntary treatment, or who is the subject of a petition and certificate seeking involuntary treatment.

- (b) No staff member shall engage in any sort of sexual activity with any individual.
- (c) The Department shall establish and maintain policies requiring incident management. All incidents are to be immediately reported in accordance with Department policy by staff who witness an incident of abuse or sexual activity. A staff member who fails to comply with the applicable requirements of this Section shall be subject to adverse action in accordance with personnel procedures of the Department or the governing authority.

(3) Personal Effects.

- (a) An individual's right to the individual's personal effects shall be respected. Each individual admitted to or treated in a facility must be provided with individual storage space for the individual's belongings as space permits. An individual's right to retain the individual's personal property may be restricted for the following reasons:
 - 1. To protect the health or safety of the individual or others;
 - 2. To prevent the individual from using an item that would interfere with the orderly operation of the facility;
 - 3. To protect the individual's valuable property when there is substantial risk that it will be lost or stolen; or
 - 4. Where the property constitutes contraband.
- (b) Each facility shall encourage and assist each individual to provide for the safekeeping of the individual's money in bank accounts, and the safekeeping of the individual's other valuables in safe places maintained by the facility.
- (c) Whenever an individual's personal property is retained by the facility, a detailed notation listing the items retained by the facility shall be made in the individual's record. In addition, the individual shall be provided with a receipt if the individual so requests.
- (d) At the time an individual is discharged, or as agreed to by the facility and the individual, all money and personal effects placed in the facility's custody shall be returned, except where possession of a certain item by an individual would be illegal.
- (e) No staff member shall be responsible for the loss of or damage to an individual's property where reasonable efforts to assure the safety of that property have been made.

- (f) An individual's personal effects may not be examined or searched after the individual's admission unless the individual (or the individual's guardian or parent, if applicable) consents to the search, or unless the chief medical officer or Regional Hospital Administrator, upon personal knowledge or information provided by staff members or other reliable persons, determines there is reasonable cause for believing the individual has an item or items that may be dangerous or whose possession is illegal. If a search is deemed necessary, the reasons for it must be recorded in the individual's record along with the date, time, and result of the search. The individual has a right to be present at any search and told the reason for the search, except when such search is deemed urgent for safety reasons and the individual or resident is not immediately available. Nothing in this section shall prevent the facility from making an inventory of items in the individual's possession at the time of their admission or from assisting the individual, as required by the individual's condition, in the care and upkeep of the individual's belongings. This section does not apply to locations in a facility where there is no reasonable expectation of privacy or upon return of an individual to a facility or to a unit of a facility.

(4) Communications and Visits.

- (a) Mail. Receiving and sending mail shall be governed as follows for individuals being treated on an inpatient basis in a hospital pursuant to O.C.G.A. Chapters 37-7, 37-3 and 37-4.
1. Each individual shall be allowed to receive and send sealed, unopened correspondence, and no individual's correspondence shall be opened, delayed, held or censored by the facility, except under the following conditions:
 - (i) If there are reasonable grounds to believe that incoming mail contains items or substances which may be dangerous to the individual or others, the chief medical officer or Regional Hospital Administrator may direct reasonable examination of such mail and disposal of items or substances found therein. All writings must be presented to the individual within 24 hours of inspection. A requirement that an individual open a package or letter in the presence of staff does not, where staff do not read any writings contained in the package or letter, constitute an examination for purposes of this regulation.
 - (ii) The Chief Medical Officer or Regional Hospital Administrator may apply to the court for a temporary order to restrict outgoing mail. The court, upon a showing of probable cause that such mail is dangerous to the individual or others, may grant a temporary restriction of the individual's mail privileges, provided that within 5 days after the issuance of such temporary order, the court holds a

hearing to determine whether an order of restriction for an extended time shall issue.

- (I) In no event shall mail be restricted pursuant to such temporary order for more than 5 days.
 - (II) If the court determines the individual's outgoing mail is dangerous to the individual or others, it may order the mail restricted for a period not to exceed 30 days.
 - (III) The court order may be renewed as necessary for periods not to exceed 30 days, with a new hearing to take place each time.
 - (IV) The chief medical officer or Regional Hospital Administrator of the facility shall restrict communication as provided in the court order.
- (iii) Any restriction of incoming or outgoing mail under this section shall not exceed a period of 5 days, except that such restriction may be renewed by the chief medical officer or Regional Hospital Administrator for a period not to exceed 5 days, provided that such renewal periods in the aggregate shall not exceed the period specified in the court order when outgoing mail is restricted pursuant to such order. Prior to a renewal, the chief medical officer or Regional Hospital Administrator shall make a new determination that such mail continues to be dangerous to the individual or others.
- (iv) Correspondence of the individual with the individual's attorney shall not be restricted under this Section, nor shall correspondence to an individual from a public official be restricted under this section.
- (v) Each time an individual's incoming or outgoing mail is examined, written notice of the examination, and notice of the right to a full and fair hearing within 5 days after a temporary court order, shall be served on the individual and the individual's representatives as provided in § [82-5-1-.07](#) of these regulations. An individual (other than an individual whose status is involuntary) may waive in writing such notice to the individual's representatives. In addition, the circumstances surrounding the examination of any mail shall be recorded in the individual's clinical record. Each facility shall maintain policies that encourage the individuals' exercise of the individual's communication rights, including supply to indigent individuals of writing materials and postage in reasonable amounts.

(b) Telephone calls.

1. Each individual has the right to make reasonable use of telephones. To assure this right, each facility shall:
 - (i) Maintain locations for calling (including pay telephones where feasible) which allow for privacy;
 - (ii) Supply indigent individuals with funds or access to telephones for making a reasonable number of calls; and
 - (iii) Prohibit any monitoring of individual calls without consent from the individual except pursuant to a court order. A requirement that staff dial a particular number for an individual does not constitute monitoring of an individual's calls for purposes of this regulation.
2. The facility may place reasonable restrictions, such as those relating to the distance, time, length, and frequency of calls, upon the use of telephones by all individuals generally. In addition, reasonable restrictions may be placed upon an individual's use of telephones under the following conditions:
 - (i) The restriction must be required by the type of seriousness of the individual's mental condition and must be ordered by the individual's attending physician;
 - (ii) The type and extent of the restriction, along with the specific reason for the restriction must be stated in the order; and
 - (iii) The order shall expire automatically 24 hours after it is given, unless it is terminated sooner, but additional 24-hour orders may be given according to the same procedure as that required for the original order.
3. The individual may consent in writing to restrictions to the use of the telephones.
4. Telephone communication of an individual with their attorney or private physician shall not be restricted in accordance with §§ [82-5-1-.04\(4\)\(b\)2\(i\), \(iii\)](#).

(c) Visitation. Visitation shall be governed as follows for individuals being treated on an individual basis in a hospital pursuant to O.C.G.A. Chapters 37-7, 37-3, and 37-4.

1. Each individual admitted to a facility has the right to receive visitors daily or to refuse in writing to receive any visitors or particular visitors. Privacy, to the extent that it is possible, should be provided.
2. The facility may place reasonable restrictions, such as those relating to time and place, upon visitation by persons outside the facility for all individuals generally. Visiting hours shall be set for at least 4 hours daily, 2 hours of which shall be after 6 p.m. In addition, reasonable restrictions may be placed upon an individual's right of visitation under the following conditions:
 - (i) The restriction must be required by the type of seriousness of the individual's mental or physical condition and must be ordered by the individual's attending physician;
 - (ii) The type and extent of the restriction, along with the specific reasons for the restriction, must be stated in the order; and
 - (iii) The order shall expire automatically 24 hours after it is given, unless it is terminated sooner, but additional 24-hour orders may be given according to the same procedure as that required for the original order.
3. The individual may consent in writing to restrictions on visitation.
4. Visitation by an individual's attorney or private physician shall not be restricted in accordance with §§ [82-5-1-.04\(4\)\(c\)2\(i\)](#), [\(iii\)](#).
5. The right to visitation does not establish the right to a visit by a person whose presence at the facility has been prohibited by the facility.

(d) Other.

1. Each individual admitted to a facility shall have the right to regular social interaction with others, including persons of the opposite sex, subject only to the provisions of § [82-5-1-.03\(1\)\(c\)](#) of these regulations (seclusion) and to other reasonable regulations, such as those relating to time and place.
2. Each individual admitted to a facility shall have the right to attend religious services, but no individual may be compelled to attend such services. The individual should be assisted in the observance of the individual's religion to the extent possible.

Authority: O.C.G.A. §§ [37-1-23](#), [37-1-40](#), [37-1-41](#), [37-3-2](#), [37-4-3](#), [37-7-2](#), [37-3-162](#), [37-4-122](#), [37-7-162](#), [37-3-160](#), [37-4-120](#), [37-7-160](#), [37-3-165](#), [37-4-124](#), [37-7-165](#), [37-3-143](#), [37-4-103](#), [37-7-143](#), [37-3-142](#), [37-4-102](#), [37-7-](#)

Rule 82-5-1-.05. Personal Affairs.

- (1) **General.** No individual, whether voluntary or involuntary, shall be deprived of any civil, political, personal, or property rights or be considered legally incompetent for any purpose without due process of law. Hospital staff may exercise clinically-informed discretion in deciding whether to assist an individual in exercising these rights. These rights include, but are not limited to:
 - (a) The right to dispose of property;
 - (b) The right to execute legal instruments;
 - (c) The right to make purchases;
 - (d) The right to enter into contractual relationships;
 - (e) The right to register and vote;
 - (f) The right to marry and to obtain a separation, divorce, or annulment;
 - (g) The right to hold a driver's license; and
 - (h) The right to make a will.
- (2) **Legal Counsel.**
 - (a) Each individual admitted to a facility has the right to secure legal counsel to represent the individual in the individual's personal affairs during the individual's hospitalization. The individual should be assisted by staff members to the extent possible in securing legal counsel.
 1. If the individual can afford legal counsel, the individual may secure counsel at the individual's own expense.
 2. If the individual needs legal counsel for the individual's personal affairs but cannot afford such counsel, the individual may contact the local legal aid service for assistance.
 3. Each facility shall post on every treatment unit the name, address, and telephone number of local lawyer referral services and local agencies which provide legal services to indigent persons.

- (b) The securing of legal counsel for an individual at hearings concerning the individual's committal or treatment is not governed by these regulations.
- (c) Each individual admitted to a facility shall have the right to have the individual's legal counsel visit the individual at the facility. The individual (or the individual's guardian or parent, if applicable) or the attorney shall provide the facility with the attorney's name, telephone number, and address. The staff shall require the attorney to produce proper identification and proof of current certification as an attorney upon the initial visit and thereafter as necessary. The attorney shall be allowed to visit the individual at the facility at any reasonable time, and subject to other reasonable regulations. The attorney shall be provided a private area in which to consult with the individual.
- (d) Upon the individual's written authorization, the attorney shall be allowed to examine the individual's clinical record and shall also be allowed to interview staff who have treated the individual. However, an attorney for matters relating to the individual's presence at the facility by virtue of Title 37 or by virtue of a Court Order in a criminal case may view the individual's record during the period of the attorney's representation of the individual on such matters.

(3) Voting.

- (a) Each individual admitted to a facility who is entitled to vote shall be given the right to vote in primary, special, and general elections and in referenda.
- (b) The Regional Hospital Administrator of each facility, or their designee, shall:
 - 1. At least 30 days prior to a national or statewide election, post notice of the election in each hospital treatment unit;
 - 2. Notify individuals 18 years old and over of their right to register to vote, to obtain absentee ballots, and to cast ballots; and the notification shall be conducted to allow sufficient time for voter registration and acquisition of absentee ballots;
 - 3. When clinically suitable and if staffing of the facility permits, allow residents to leave the premises to exercise voting privileges or to register to vote, and require personnel, where available, to accompany residents; otherwise voting by absentee ballot is sufficient;
 - 4. Make arrangements with state and local officials to provide for voter registration and casting of ballots by interested individuals; and
 - 5. Assist election officials in determining an individual's place of residence for voting purposes.

(4) Employment Outside Facility.

- (a) Each facility shall encourage and assist an individual in securing suitable employment outside the facility, if the individual wishes to be so employed and if such employment will aid in the individual's treatment. The training of individuals for gainful employment shall also be encouraged through appropriate resources and referrals.
- (b) All wages and benefits earned by employment outside the facility shall belong solely to the individual.

(5) Attorney's Access.

- (a) An attorney representing an individual in a matter relating to the individual's hospitalization shall have the right to visit and consult with the individual at the facility in accordance with § [82-5-1-.05\(2\)\(c\)](#) of these regulations.
- (b) At reasonable times, and subject to the notification and identification provisions of § [82-5-1-.05\(2\)\(c\)](#) of these regulations, the individual's attorney for hospitalization matters shall have the right to interview the physician and staff members who attended or are now attending the individual, and the right to have the individual's records interpreted by them.
- (c) The chief medical officer or Regional Hospital Administrator of each facility shall establish reasonable policies to make available to the individual's attorney all information not otherwise privileged in the possession of the facility which the attorney requires to advise and represent the individual concerning matters relating to the individual's presence at the facility by virtue of O.C.G.A. Title 37 or by virtue of a court order in a criminal case.

History. Original Rule entitled "Personal Affairs" adopted. F. Dec. 15, 2021; eff. Jan. 4, 2022.

[Rule 82-5-1-.06. Clinical Records.](#)

(1) **Contents.**

- (a) A clinical record shall be maintained at each facility for each individual treated at that facility, containing protected health information of the individual. The record shall contain information on all matters relating to the admission, care, treatment, discharge, and legal status of the individual, and shall include all medical and legal documents relating to the individual. The record shall not contain peer review or

administrative documents such as incident reports and investigations of incidents or complaints. The record specifically shall contain at least the following: progress notes; documents describing or arising from the individual's history; the results of all psychiatric, psychological, and physical examinations; individualized service plans; evaluations other than evaluations developed at the direction of a court that is assessing an individual's competence or responsibility under O.C.G.A. Title 17, Chapter 7, which are not to be maintained in the medical record; orders for treatment; orders for physical restraints, seclusion, and other restrictions permitted by these regulations or other applicable law; clinical documentation of accidents and incidents and of follow-up care provided; court orders establishing guardianship of the individual if applicable; advance directives of the individual if possible; and court orders and other court documents received by the facility. When clinical records or parts of clinical records are released as provided in this section, copies of the clinical record should be released. If the record is electronic, a tangible copy may be produced as legally sufficient for purposes of disclosures, except as otherwise provided in this section. The name(s) or other identifying information of other individuals who are receiving or formerly received treatment or services may not be recorded in an individual's clinical record. The initials of another individual may be recorded if necessary.

(2) Confidentiality.

- (a) The Department shall create and enact policies that implement the rules relating to confidentiality contained in HIPAA and in federal substance abuse confidentiality laws and regulations. Staff shall comply with applicable confidentiality provisions established by Georgia law.

(3) Examination by individual.

- (a) Every individual currently or formerly admitted to a facility shall have the right to examine all clinical records kept in that individual's name by the Department or the facility where the individual is or was hospitalized or treated; provided, however, that if the individual is currently admitted to the facility, the individual shall not have the right to examine such clinical records if:
 - 1. The disclosure of such records to the individual is determined, by the chief medical officer or Regional Hospital Administrator or the individual's attending physician or psychologist, to be detrimental to the individual's physical or mental health; and
 - 2. A notation to that effect is made in the individual's record.
- (b) Each facility shall assist individuals in reviewing their own records but may establish reasonable limitations, such as those relating to time, place, and frequency, upon such review.

(4) Correction by individual.

- (a) Every individual currently or formerly admitted to a facility shall have the right to request that any inaccurate information found in the individual's clinical record be corrected. A request from an individual currently admitted to a facility shall be made in writing to the person in charge of records at the facility or to another person designated by the superintendent. That person will consult the appropriate staff at the facility if needed. If the request is made orally to a staff member, that staff member will assist the individual in making the request to the appropriate person.
- (b) Upon receipt of a request for correction of the record of an individual currently or formerly admitted to the facility, the person in charge of records at the facility or the person so designated shall within 5 days:
 - 1. Make the requested correction, and provide the individual with a copy of the corrected record; or
 - 2. Notify the individual, in writing, of the inability to obtain amendment of the record and the reason therefore, and notify the individual that he may file a complaint regarding this refusal in accordance with § [82-5-1-.08\(1\)](#) of these regulations; such notification shall be complete upon mailing.
- (c) If amendments are made to the records of an individual currently or formerly admitted to a facility, they should be added to the record and the original record should be preserved.

(5) Copies.

- (a) It is the policy of the Department to provide routine information to the general public in compliance with the Georgia Open Records Act or DBHDD policy regarding medical records.
- (b) Fees charged for copying services in State facilities shall comply with policies set by the Department.
- (c) Waiver or reduction of fees may be granted where such action is in the public interest or when based on an individual's ability to pay.
- (d) Staff members shall assist the individual in the selection of records for copying purposes. A policy of full disclosure and assistance shall be followed, while waste in copying practices is to be discouraged.

History. Original Rule entitled "Clinical Records" adopted. F. Dec. 15, 2021; eff. Jan. 4, 2022.

Rule 82-5-1-.07. Notice; Representatives and Guardians Ad Litem.

(1) Notice.

- (a) To individual: Any time that notice is required to be given to an individual by these regulations or other applicable law, the date on which the notice is given shall be entered in the individual's clinical record. If the individual is unable to read or comprehend a notice sufficiently, a reasonable effort shall be made to explain the notice to them.
- (b) To representatives: At any time that notice is required to be given to an individual's representatives, the notice shall be served on those persons designated in accordance with § [82-5-1-.07\(2\)](#) of these regulations. The individual's guardian ad litem shall likewise be served. Unless otherwise provided, notice may be served in person or by first class mail. When notice is served by mail, a record shall be made of the date of mailing and shall be placed in the individual's clinical record. Service shall be complete upon mailing to the last known mailing address.
- (c) Judicial orders. At any time a court enters an order affecting an individual pursuant to these regulations or other applicable law and serves said order on the Department, a copy of that order shall be served on the individual and the individual's representative as provided in subparagraphs (a) and (b) of this subsection, unless the order contains an accompanying certificate that such service has already been made.

(2) Representatives and Guardians Ad Litem.

- (a) Selection. At the time an individual is admitted to a facility, the names and addresses of at least two representatives shall be entered in the individual's clinical record. The individual has the right to designate one representative.
 - 1. If the individual designates one representative, the facility shall designate the second, who shall be selected from the following persons in the order of listing: the individual's legal guardian, spouse, an adult child, parent, attorney, adult next of kin, or adult friend.
 - 2. If the individual does not exercise the individual's right to designate one representative, the facility shall designate both of the individual's representatives, in accordance with the following rules.
 - (i) One of the representatives shall be selected from the following persons in the order of listing: the individual's legal guardian, spouse, an adult child, parent, attorney, adult next of kin, or adult friend.
 - (ii) The second representative shall be selected from the same list without regard to the order of listing, but shall not be the person who

signed the petition allowed under the provisions of O.C.G.A. Chapters 37-3, 37-4, and 37-7.

3. If the facility is unable to secure at least two representatives after diligent search, or if an agency or agent of the State of Georgia is the guardian of the individual, that fact shall be entered in the individual's record and the facility shall apply to the court in the county of the individual's residence for the appointment of a guardian ad litem, which shall not be the Department.
4. On application of any person or on its own motion, the court may also appoint a guardian ad litem for an individual for whom representatives have been named whenever the appointment of a guardian ad litem is deemed necessary for protection of the individual's rights. Such guardian ad litem shall act as the representative of the individual on whom notice is to be served under the applicable provision of law and shall have the powers granted to representatives by those provisions.

(b) Powers.

1. Representatives shall have the power to receive the notices required to be sent to them by these regulations and other applicable law, and the power to consult with the facility staff to the extent allowed by law and policy.
2. Guardians ad litem shall have the power to receive the notices required to be sent to them by these regulations or other applicable law. The guardian ad litem's power shall accord with the limited purpose stated in the order of the court, and the guardian ad litem's appointment shall expire automatically after 90 days or after a lesser time stated in the order. The responsibility of the guardian ad litem shall not extend beyond the specific purpose of the appointment, and the authority of the guardian ad litem will not generally extend to acting on behalf of the individual with regard to matters such as consent for placement or medical treatment.

Rule 82-5-1-.08. Remedies for Violations.

(1) Complaint Procedures.

Any individual (or the individual's guardian or parent of a minor individual, if applicable) or the individual's representative or any staff member may file a complaint alleging that an individual's rights under these regulations or other applicable law have been violated by staff members or persons under their control. A person who considers filing such a complaint is encouraged to resolve the matter informally by discussing it first with the staff members or other persons involved, with the Personal Advocate, with a member of the Human Rights Committee, or similar mechanism. Such complaints, when arising, shall be governed by policy established and maintained by the Department in a manner that is consistent with the standards set forth in this section. Such policy shall establish procedures consistent with the following:

- (a) The Department shall establish and maintain policies that set forth procedures by which individuals may file complaints relating to individuals' rights. The Department shall establish and maintain multiple means by which all individuals are notified of the ways they may file a complaint.
 - 1. Each facility that is subject to these regulations shall appoint a Personal Advocate whose responsibilities will include involvement with the Complaint process as set forth in these regulations and as set forth in Department policy.
 - 2. Each facility that is subject to these regulations shall establish and maintain a Human Rights Committee, at least two members of which shall not be employees of the facility. The responsibilities of the Human Rights Committee shall include review of the manner in which the facility addresses complaints that are the subject of this regulation.
- (b) The Department shall establish policies that set forth the manner and timeframe in which a disinterested staff member, designated by position, investigates each unresolved complaint, as well as timeframes in which each complaint investigation must be completed and the manner in which the conclusion of the investigator is delivered to the individual.
- (c) The Department shall establish policies that set forth the manner and timeframe in which an individual may appeal the conclusion of the investigator. Any such appeal must be reviewed by a disinterested staff member, appointed by the Regional Hospital Administrator, who is qualified by training and experience to review such an appeal. Policy shall set forth timeframes during which evaluation of any such appeal must be completed and the manner in which the conclusion of the reviewer will be delivered to the individual. The Regional Hospital Administrator must approve the resolution of the appeal before it is provided to the individual.

- (d) The Department shall establish policies that set forth the manner and timeframe in which an individual may appeal to the Commissioner the resolution an initial appeal. Any such appeal must be reviewed by a disinterested DBHDD staff member appointed by the Commissioner who is qualified by training and experience to review such an appeal. Policy shall set forth timeframes during which evaluation of any such appeal must be completed and the manner in which the conclusion of the staff member who has reviewed the appeal will be delivered to the individual. The Commissioner or the Commissioner's designee must approve the resolution of the appeal to the Commissioner before the resolution is provided to the individual.
- (e) No appeal under this regulation is subject to judicial review.
- (f) The individual is not required to use the procedure established by this section in lieu of other available legal remedies.

(2) General Provisions.

- (a) Whenever the Human Rights Committee or the Personal Advocate becomes aware of a situation that appears to require immediate action to protect the welfare and safety of any individual, the Committee or the Personal Advocate shall immediately notify the nearest available staff member with authority to correct the situation. In any situation that requires immediate action to protect an individual's welfare or safety, the Regional Hospital Administrator may be notified instead. If adequate corrective action is not taken by that staff member, the Committee or the Personal Advocate shall immediately notify the Regional Hospital Administrator, or if necessary, the Director or the Commissioner of the Department.
- (b) No person shall be subject to any form of discipline or reprisal solely because they sought a remedy through, or participated in, the procedures established by this section.
- (c) Obstruction of the investigation or disposition of a complaint by any person shall be reported to the Regional Hospital Administrator, who shall take action to eliminate the obstruction. Staff members are subject to adverse action in accordance with personnel procedures of the Department for engaging in such obstruction.
- (d) This complaint procedure does not replace or invalidate any other Department policy or procedure pertaining to reporting requirements, disciplinary matters, or the like.
- (e) Staff members who are involved in a complaint shall not be involved in processing that complaint.

(3) Judicial Supervision.

- (a) Any individual (or the individual's guardian or parent of a minor individual, if applicable) or the individual's representative may file a petition in the appropriate court alleging that:
 - 1. The individual is being unjustly denied a right or privilege granted by these regulations or other applicable law; or
 - 2. A procedure authorized by these regulations or other applicable law is being abused; or
 - 3. The individual objects to the treatment being administered to the individual.
 - (b) Upon the filing of such a petition, the court shall have the authority to conduct a judicial inquiry and to issue appropriate orders to correct any abuse of these regulations or other applicable law. The individual, the individual's representatives, or the individual's attorney may appeal any such order of the probate court or of the court's hearing officer to the superior court of the county in which the proceeding was held, and may appeal any such order of the Juvenile Court to the Court of Appeals and to the Supreme Court.
 - (c) At any time and without notice, a person detained by a facility, or a relative or friend on behalf of such person, may petition as provided by law for a writ of habeas corpus to question the cause and legality of detention and to request any court of competent jurisdiction on its own initiative to issue a writ of release. In the case of any such petition for the release of a person detained in a facility pursuant to a court order under O.C.G.A. § [17-7-130](#) or O.C.G.A. § [17-7-131](#), a copy of the petition, along with proper certificate of service, shall also be served upon the presiding judge of the court ordering such detention and the prosecuting attorney for such court; service may be made by certified mail, return receipt requested.
- (4) Medication Prior to Hearings. The individual has a right to appear and testify at hearings free from any side effects or adverse effects of medication as is reasonably possible. The individual's attorney, if any, should be informed of any medication the individual is receiving at the time of the hearing.

Rule 82-7-1-.04. Definitions.

- (1) Unless a different meaning is required by the context, the following terms as used in these regulations shall have the meanings hereinafter set forth:
- (a) "Assessment" means a determination by the Department of the amount payable by the persons liable for cost of care for services rendered to an individual; such amount shall be either the full cost of care or, if applicable, the amount payable toward cost of care, determined in accordance with the requirements of O.C.G.A. § [37-9-5](#). There shall be a rebuttable presumption that the full cost of care be imposed. This presumption shall prevail until testimony, documentation, or evidence is provided pursuant to other provisions of O.C.G.A. Title 37, Chapter 9.
 - (b) "Commissioner" means the Commissioner of the Georgia Department of Behavioral Health and Developmental Disabilities, or the Commissioner's designee.
 - (c) "Cost of care" means the costs incurred for the support, care, and treatment of each individual, or the per patient average of such costs as determined by the Department on the basis of the estimated current operating costs of the hospital or an identifiable part or section thereof providing such services.
 - (d) "Department" means the Georgia Department of Behavioral Health and Developmental Disabilities and includes its duly authorized agents and designees.
 - (e) "Hospital Chief Financial Officer" means that person appointed by DBHDD's Chief Financial Officer or their designee to manage the administration of the Patient Cost of Care Program.
 - (f) "Income," except for individuals who are residents of other states, means that amount determined by adding to the gross income as now or hereafter defined in Georgia income tax laws, minus deductions and personal exemptions as authorized by such income tax laws, in addition to the items listed in this paragraph, if such items are not already included in gross income as defined above. For an individual who is a resident of another state, "income" means the same as above except no deductions will be made for any deductions or personal exemptions as authorized by Georgia income tax laws. The following items are to be added, respectively:
 - 1. Any amounts received by or on behalf of the person liable for cost of care from accident insurance or workers' compensation for total or partial incapacity to work, plus the amount of any damages received by or on behalf of the person liable for cost of care, whether by suit or agreement, on account of such injuries or sickness;

2. The net income from property acquired by gift, bequest, devise, or descent;
 3. Interest upon obligations of the United States government or of this state or of a political subdivision thereof;
 4. The net income from individual holdings of stock in banks and trust companies incorporated under the banking laws of this state or of the United States;
 5. Retirement income, social security benefits, veterans' benefits, and any other benefits that could be applied for the support of the individual served;
 6. The net income from any other assets, including but not limited to personal property, real property, mixed property, and any other property or estate wherever located and in whatever form, inclusive of any assets sold or transferred within a period of ninety (90) days prior to the date services were first rendered to the individual by a hospital.
- (g) "Individual" (formerly referred to as client, consumer, and/or patient) means any person who is admitted to or who receives services from a state hospital, including any person who is admitted to or receives services from a facility operated by a state hospital.
- (h) "Persons liable for cost of care" means:
1. The individual served or their estate;
 2. The individual's spouse;
 3. The parent or parents of any individual under eighteen (18) years of age who is served;
 4. Any fiduciary or representative payee holding assets for the individual or on their behalf, including, in such person's representative capacity, the guardian, trustee, executor, or administrator of any trust, estate, inheritance, or fund in which an individual has a legal or beneficial interest;
 5. Any person, if not otherwise liable, listed as the insured member of a contract, plan, or benefit to the extent that such contract, plan, or benefit provides payment of hospitalization, medical expenses, and other health care services for the individual as a covered beneficiary or dependent;
 6. A stepparent or any other person residing with and providing support of an individual under eighteen (18) years of age who has not been legally adopted by such stepparent or other person, with maximum liability limited

to the amount such stepparent or other individual is authorized by Georgia income tax laws to claim as a standard deduction and personal exemption for the individual receiving services; provided, however, that this limitation shall not apply to liability pursuant to other provisions of this chapter regarding hospital, health, and other medical insurance, program, or plan benefits or subrogation rights.

- (i) "State hospital" means any state hospital which now or hereafter comes under the control of the Department and any facility operated in conjunction therewith. This includes facilities operated by state hospitals that are not located on state hospital grounds and that also provide care or services to individuals.

Rule 82-7-1-.07. Responsibility for Cost of Care.

- (1) Each individual receiving services from a state hospital shall be legally responsible for and shall pay to the Department of Behavioral Health and Developmental Disabilities, the cost of their care received from a state hospital. Payments for cost of care shall be payable following the receipt of services in accordance with standards and procedures established by the Department. In the event the Department is unable to collect the assessment from the individual served, or in the event the individual's assessment is less than the full cost of care for such individual, all other persons liable for the cost of care for such individual shall pay to the Department their respective assessments as provided by O.C.G.A. § [37-9-5](#).
- (2) The Department shall develop procedures by which it shall determine all persons who are liable for the cost of care of an individual and by which it shall notify such persons of their joint and several liability and of their assessment. Such notice shall offer opportunity for any person so notified to be heard to show cause, if there be any, why such person should not be liable for payment of the assessment, as provided by O.C.G.A. § [37-9-5](#).

Rule 82-7-1-.08. Requirements for Procedures to Determine and Allocate Cost of Care.

- (1) The Department shall establish:
 - (a) A method for determining cost of care;
 - (b) A method for assessing the portion of cost of care owed by each individual;
 - (c) A method for determining other persons liable for cost of care for each individual;
 - (d) A method for notifying each individual (including any representative of that individual designated in accordance with GA COMP. R. & REGS § [82-5-1.07\(2\)](#)) and/or persons liable for cost of care of the responsibility for assisting the Department in assessing cost of care, the assessment of the individual's cost of care, and the right to contest and appeal the assessment of the cost of care for which that person is liable.
- (2) The Department's procedures shall meet the following requirements:
 - (a) The procedures shall comply with the Patient Cost of Care Act, O.C.G.A. Title 37, Chapter 9.
 - (b) The procedures shall ensure each individual receives appropriate care and treatment regardless of any issue related to cost of care.

- (c) The procedures shall ensure that each assessment of an individual's responsibility for cost of care will be based upon:
 - 1. a determination that each individual has exhausted his or her eligibility and receipt of benefits under all other existing or future private, public, local, state, or federal programs or plans and;
 - 2. upon a process by which the Department assesses and recovers the cost of an individual's care from the individual and from or any other persons or entities who may be liable for such patient's cost of care if such patient is eligible for benefits under any other program or plan.

Rule 82-7-1-.09. Standards for Assessments.

- (1) Standards for determining assessments are based on the income, assets, insurance, and other third-party coverage or entitlements, and other circumstances of persons liable for cost of care.
- (2) The Department hereby establishes the assessment for cost of care for any individual covered by a contract of insurance or other third-party reimbursement contract or entitlement as:
 - (a) the total amount payable under such contract or entitlement up to the total cost of care, or that portion of cost of care payable under such contract or entitlement; provided, however, that if benefits payable under such contract or entitlement are less than the total cost of care, the amounts payable by all persons liable for cost of care toward any remaining balance shall be determined by application of the standards prescribed in paragraphs (3) and (4), below; further provided, however, that:
 - 1. amounts payable toward any remaining balance for an individual eligible under any insurance contract, plan, or benefit shall be determined in accordance with any provisions for payment stipulated by the insurance contract, plan, or benefit as a requirement for participation in the insurance, plan, or benefit;
 - 2. amounts payable toward any remaining balance for 93an individual eligible under the Medical Assistance Program (Title XIX of the Social Security

Act) shall be determined in accordance with the provisions of the Georgia State Plan for Medical Assistance; and

3. amounts payable toward any remaining balance for a person eligible under the Medicare Program (Title XVIII of the Social Security Act) shall be determined in accordance with the regulations and policies of the Social Security Administration; or,

- (b) the total amount payable under such contract or entitlement which exceeds total cost of care if paid in accordance with the provisions or regulations of such contract or entitlement.

- (3) The Department shall develop a standard scale for determining assessments for cost of care for all individuals and other persons liable for cost of care, except as provided in paragraph (2) above, or further provided in paragraph (3) below, derived by application of the following factors:

- (a) for all individuals except as provided in paragraphs (b) or (c) below:

1. poverty income guidelines published by the federal government, effective upon issuance by the Department; but effective not later than sixty (60) days following the publication date of the revised guidelines in the Federal Register;
2. total of deductions and personal exemptions allowable under Georgia Income Tax laws and regulations; except (1) no deductions or personal exemptions will be allowed to persons residing in another state, and (2) no deductions or personal exemptions will be allowed more than once in calculating assessments of the individual and other responsible parties for each individual served;
3. a graduated range of income levels in excess of the sum of (3)(a)1. and (3)(a)2. above;
4. the number of dependents as defined by Georgia Income Tax Laws and regulations, except that no dependent is to be reflected more than once in calculating assessment(s) for any one individual served;
5. a base and graduated percentage charge associated with each income level;
6. a charge in conjunction with the initial and any subsequent annual assessment associated with assets that are not exempt from Medicaid or Social Security calculations equal to five percent (5%) of accumulated non-exempt assets; except, effective January 1, 1993, for individuals hospitalized six (6) continuous months and having assets accumulated from government

benefit payments, a charge associated with assets will be made as provided in paragraph (c) below;

- (b) for individuals remaining in inpatient care in State Hospitals longer than three (3) continuous months but fewer than six (6) continuous months, who receive monthly benefits or funds:
 - 1. on earned income and other income which is not paid or otherwise available to be paid on a regular monthly basis, the same factors as (3)(a)1.-5.;
 - 2. on benefits or other funds paid or available to be paid on a regular monthly basis, even though actual payments may occur at a different interval of time:
 - (i.) total of benefits and funds received or available to be received on a monthly basis;
 - (ii.) a deduction equal to the amount of the personal needs allowance allowed individuals in state operated hospitals or state operated facilities, in accordance with the State Medical Assistance Plan;
 - (iii.) any other deduction that the Department clearly defines by published policy prior to allowing such deduction;
 - (iv.) a charge in conjunction with the initial and any subsequent annual assessment associated with assets that are not exempt from Medicaid or Social Security calculations equal to five percent (5%) of accumulated non-exempt assets; except, effective January 1, 1993, for individuals hospitalized for six (6) continuous months and having assets accumulated from government benefit payments, a charge associated with assets will be made as provided in paragraph (c) below.
 - (c) for patients hospitalized six (6) or more continuous months and remaining in inpatient status, who have accumulated assets from government benefit payments, effective January 1, 1993:
 - 1. a charge for full cost of care against the individual's accumulated assets which are in excess of allowed limits as those for establishing eligibility for institutionalization benefits under the State Medical Assistance Plan and which are not otherwise exempt and counted as resources of the individual under the State Medical Assistance Plan.
- (4) The Department prescribes the same standard scale referenced in Paragraph (3), above, for a stepparent or other person residing with and providing support of an individual under eighteen (18) years of age who has not been legally adopted by such stepparent or

other person; except, after application of the factors in paragraphs (3)(b)-(c) to derive an assessment for such individual, liability will be capped at the total amount such individual is authorized by Georgia income tax laws to claim as a standard deduction and personal exemption for the individual.

1. This provision of limited liability does not apply to hospital, health, and other medical insurance, program, or plan benefits payable toward cost of care; any benefits or funds or other entitlements for which the individual is eligible; or to any subrogation rights as provided by law.
2. The resultant standard scale shall be published in a uniform table and is hereby incorporated into these rules, and by reference, made a part thereof. Copies of the standard scale shall be available on request at each Hospital Patient Accounts Office.

Authority: O.C.G.A. §§ [37-9-2](#), [37-9-5](#), [37-9-6](#), [37-9-7](#), [37-9-8](#), [37-9-9](#).

History. Original Rule entitled "Standards for Assessments" adopted. F. Dec. 15, 2021; eff. Jan. 4, 2022.

Rule 82-7-1-.10. Reassessments/Redeterminations.

- (1) The Department shall reexamine the individual's assessment periodically and adjust such assessment as hereinafter provided in accordance with changes in the ability to pay of the person liable for cost of care and in a manner that complies with the Patient Cost of Care Act. If the Department determines that the economic circumstances of a person liable for cost of care have improved to an extent justifying an increase in the assessment, any such increase shall apply only to cost of care for services rendered for the individual after the effective date of the increase in assessment. No such increase shall cause the assessment to exceed the total cost of care. The Department may not increase an assessment without affording the person liable for cost of care an opportunity for a hearing on the increase in the assessment. A person liable for cost of care may apply to the Department for a change in the assessment when the person's economic circumstances have changed sufficiently to adversely affect their future ability to pay. If an assessment for services previously rendered for an individual is being paid in accordance with a scheduled plan of payments approved by the Department, then a reduction in assessment because of a change in the economic circumstances affecting the ability to pay of the person liable for cost of care may apply to that portion of the assessment which remains unpaid as of the date of the reduction, as well as to the assessment for cost of services rendered after the date of the reduction. However, no such reduction shall require the refund of any payments made on an assessment prior to the date of the reduction. After investigation and hearing, the Department shall act upon the application made by the person liable for cost of care. Any redetermination of the assessment pursuant to this subsection shall be subject to the requirements of O.C.G.A. § [37-9-6](#). Notwithstanding any reexamination or corresponding adjustment of an assessment which might be afforded, each assessment shall be valid for

a period of twelve (12) months from the date of the initial assessment or any reassessment thereafter. No reduction, increase, or opportunity for hearing shall be allowed after the assessment period.

- (2) All assessments determined under the provisions of the Patient Cost of Care Act, and in accordance with the standards prescribed in Rule [82-7-1-.09](#) above, shall be subject to redetermination under any of the following circumstances:
 - (a) On request of any person who has been notified of liability for payment of cost of care in either their personal or representative capacity;
 - (b) On discovery by the Department of error, omission, or false statements which were relied upon by the Hospital Chief Financial Officer in determining assessments for cost of care;
 - (c) On discovery by the Department of changes in economic circumstances of any person liable for cost of care assessments; and
 - (d) At the end of a period not to exceed twelve (12) months from the date an assessment was originally made.
- (3) Except as determined under the provisions of paragraph (2) above, no redetermination shall increase the assessment for cost of care for services received prior to such redetermination. Such redetermination may decrease assessments for care previously received if a change in economic or other circumstances so dictates. However, no such reduction shall require the refund of any payments made on an assessment prior to the date of the reduction of the assessment.
- (4) The Department may accept payment for full cost of care if any person liable for cost of care offers such payment in lieu of declaring financial circumstances and having an assessment determined by hearing.
- (5) The Department shall adopt and comply with procedures to inform adequately individuals served and other persons liable for the cost of care of their right to hearings and of their right to request reassessments.

History. Original Rule entitled "Reassessments/Redeterminations" adopted. F. Dec. 15, 2021; eff. Jan. 4, 2022.

Rule 82-7-1-.11. Investigation of Income and Assets of Persons Liable for Cost of Care.

- (1) As provided in O.C.G.A. § [37-9-7](#), the Department, through its duly authorized agents, has the authority to investigate or otherwise determine the income and assets of the

individual served or their estate and, when necessary, the income and assets of all other persons liable for the cost of care of such individual to determine ability to pay cost of care. Furthermore, all persons liable for cost of care must provide signed consent forms to authorize an investigation to determine the income and assets of such persons to determine ability to pay cost of care. The Department shall further have the authority to contract with any person, firm, or corporation it finds necessary to provide the information appropriate for carrying out its duties under this chapter.

- (2) The Department requires declarations to be filed by the individual served or other persons liable for cost of care necessary to determine the assessments required by this regulation and shall prescribe the form and content thereof. All such declarations are to be regarded as essential to carrying out the public policy of this state; any person who knowingly falsifies such declarations may be referred to law enforcement. If an individual served or other person liable for cost of care fails to provide information required by such declarations or provide signature of consent for the Department to conduct an investigation authorized by subsection (1) of this section, that failure shall create a rebuttable presumption that the individual or other persons liable for cost of care consent to and agree with the assessment of the full cost of care, and the declaration shall contain on its face, conspicuously and in clear language, a statement to that effect.
- (3) As provided in O.C.G.A. § [37-9-7](#), the Department, through its duly authorized agents, has access to Georgia income tax records for the purpose of obtaining necessary information to enforce this regulation. Upon the request of the Department or its duly authorized agents, the state revenue commissioner and their agents or employees shall disclose such income tax information contained in any report or return required under Georgia law as may be necessary to enforce the provisions of this chapter. Any tax information secured from the federal government by the Department of Revenue, pursuant to express provisions of § 6103 of the Internal Revenue Code, may not be disclosed by the Department of Revenue pursuant to this subsection. Any person receiving any tax information or tax returns under the authority of this subsection shall be considered either an officer or employee as those terms are used in O.C.G.A. § [48-7-60\(a\)](#); accordingly, any person receiving any tax information or returns under the authority of this subsection shall be subject to O.C.G.A. § [48-7-61](#).
- (4) Any evidence, records, or other information obtained by the Department or its duly authorized agents pursuant to the authority of this section is confidential and shall be used by the Department or its agents only for the purposes of enforcing this regulation and shall not be released for any purpose other than a hearing provided for by this regulation.
- (5) Persons with no other documentation or evidence may sign an affidavit attesting to their indigent financial status.
- (6) In addition to the use of income for determining assessments for the payment of cost of care, any other assets of a person liable for cost of care, except as provided in this regulation, shall be considered in determining an assessment and is liable to be assessed for the payment thereof. Such assets include any tangible or intangible property or any

combination thereof and also include the net proceeds derived from the disposition of any such property, including any disposition of any such property which took place ninety (90) days or less prior to the date services were first rendered to the individual by a hospital. When the income of a person liable for cost of care is sufficient to determine that an assessment should be made for the total cost of care, it shall not be necessary for the Department to investigate and determine the other assets of such person; but such investigation and determination may be made by the Department if necessary to collect the assessment from the person liable for cost of care.

- (7) The following assets of a person liable for cost of care shall be exempt from subsection (6) of this section:
 - (a) Real property which qualifies for a homestead exemption from ad valorem taxation; and
 - (b) Any other real property which constitutes the principal residence of the person liable for cost of care, but which does not qualify for a homestead exemption under this subsection.
- (8) Notwithstanding any other provisions of this section, as of January 1, 1993, following six (6) months of continuous inpatient hospitalization, the Department is expressly authorized to levy an assessment for the full cost of care against the assets of all individuals having assets accumulated from government benefit payments in excess of amounts allowed by the eligibility resource limit for institutionalized residents established by Title XIX of the Social Security Act of 1935, as amended, and regulations promulgated pursuant thereto, until said assets are reduced to a level which would establish resource eligibility under such program for the individual served; provided, however, that the assets listed in [§ 82-7-1-.09](#) shall be exempt from such assessment if said assets would also be an excluded resource under eligibility criteria of Title XIX of the federal Social Security Act. Following April 13, 1992, the Department shall provide notice regarding the provisions of this subsection to individuals and family members or other appropriate persons who may be affected by the provisions of this subsection.
- (9) Nothing in this regulation shall be construed to supersede the provisions of the Revised Georgia Trust Code of 2010, O.C.G.A Title 53, Chapter 12.

Rule 82-7-1-.12. Sources of Payment of Cost of Care.

- (1) Notwithstanding any other provisions of law, the Department is not required to expend public funds for the purpose of providing support, care, and treatment covered under this

regulation to any individual until such individual has exhausted the individual's eligibility and receipt of benefits under all other existing or future private, public, local, state, or federal programs or plans.

- (2) Before the Department expends public funds for an individual's cost of care, the Department may assess and recover the cost of an individual's care from the individual served or other persons liable for such individual's cost of care if such individual is eligible for benefits under any other program or plan.

Rule 82-7-1-.13. Administrative Hearing Procedures.

- (1) Hearings shall be conducted by the Office of State Administrative Hearings ("OSAH") after referral of any request for a hearing to OSAH.
- (2) On request of a party affected by an assessment for cost of care to challenge the assessment, the Hospital receiving such a request will forward the request to the department's legal office so that an OSAH Form 1 may be filed.
- (3) DBHDD Legal Services may attempt to resolve the issue with the person requesting a hearing prior to forwarding an OSAH Form 1 to OSAH. The department shall develop policies and procedures that set forth the manner such a request is handled. If the matter is not resolved informally, the department's legal office will file the OSAH Form 1 with OSAH.

Rule 82-7-1-.14. Actions for Collection.

The Department shall bill persons liable for cost of care for the amount due on their assessments in the same manner as other debts and accounts. No bill shall be payable unless it contains the dates of service for which the costs billed therein were incurred. The Department is authorized to maintain in the name of the Department and the State of Georgia any action at law or equity in any court of this state or any other state which may be necessary to collect such sums.

Rule 82-8-1-.02. Definitions.

- (1) Unless a different meaning is required by the context, the following terms as used in this Rule shall have the meaning hereinafter ascribed to them:
 - (a) The term "private facility" means any hospital facility that is a proprietary hospital or a hospital operated by a nonprofit corporation or association approved for the purposes of Chapter 3 or Chapter 7 of Title 37 of the Official Code of Georgia Annotated, as provided herein, or any hospital facility operated by a hospital authority created pursuant to the "Hospital Authorities Law," Article 4 of Chapter 7 of Title 31. DBHDD's approval or designation of a private facility for such purposes does not make the facility a "state owned" or "state operated" facility within the meaning of Title 37 or of this Chapter of regulations.

- (b) The term "Crisis Stabilization Unit" (CSU) means a short-term residential program operated for the purpose of providing psychiatric stabilization and detoxification services that complies with applicable department standards and that provides brief, intensive crisis services 24 hours a day, seven days a week (these standards also apply to Behavioral Health Crisis Centers (BHCCs)) which complies with applicable DBHDD Provider Manuals. CSUs are not "state owned" or "state operated" facilities by reason of Title 37 or of this Chapter of regulations.
- (c) The term "department" means the Department of Behavioral Health and Developmental Disabilities of the State of Georgia.
- (d) The term "emergency receiving facility" means a facility designated by the department to receive patients under emergency conditions as provided in Part 1 of Article 3 of Chapter 3, or Part 1 of Article 3 of Chapter 7, of Title 37.
- (e) The term "evaluating facility" means a facility designated by the department to receive patients for evaluation as provided in Part 2 of Article 3 of Chapter 3, or Part 2 of Article 3 of Chapter 7, of Title 37.
- (f) The term "treatment facility" means a facility designated by the department to receive patients for treatment as provided in Part 3 of Article 3 of Chapter 3, or Part 3 of Article 3 of Chapter 7, of Title 37.
- (g) The term "Psychiatrist" means any physician certified as a Diplomat in Psychiatry by the American Board of Psychiatry and Neurology, or who has completed three years of approved residency training program in psychiatry and has had two years of full-time practice in this specialty.
- (h) The term "VA" means the United States Department of Veterans Affairs.

History. Original Rule entitled "Definitions" adopted, F. Dec. 15, 2021; eff. Jan. 4, 2022.

Rule 82-8-1-.03. Designation as Emergency Receiving, Evaluating and Treatment Facilities.

The department may designate as an Emergency Receiving, Evaluating, and/or Treatment Facility any private facility or any such portion of a community mental health and substance abuse program which complies with the standards for a CSU within the State of Georgia at the request of or with the consent of the governing officers of such facility.

- (1) A VA hospital may lawfully act as an emergency receiving facility, evaluating facility, or treatment facility pursuant to O.C.G.A. § [37-3-102\(a\)](#) without having been designated as such by the department.
- (2) Any private facility or any CSU requesting approval and designation as an Emergency Receiving, Evaluating, or Treatment Facility will make application on forms approved by the department.
- (3) Any Crisis Stabilization Unit (CSU), to be eligible for designation, shall be a part of a comprehensive community mental health and substance abuse program which comprehensive program has been certified by DBHDD, to be in compliance with applicable DBHDD Provider Manuals.
- (4) Any private facility seeking designation by the department must attest that it is compliant with, and must maintain compliance with, the requirements pertaining to emergency receiving, evaluation, and treatment facilities set forth in State of Georgia Rules and Regulations for Hospitals (Georgia Comp. R. & Regs § [111-8-40-.37](#)) and Guidelines for the Design and Construction of Hospitals and Healthcare Facilities. The private facility must submit its attestation of compliance annually.
- (5) The facility designated will provide only those emergency receiving, evaluation and/or treatment services for which it has received prior approval from DBHDD.
- (6) If a facility already designated as an Emergency Receiving Facility, an Evaluating Facility, and/or a Treatment Facility wishes to add an additional designation, such additional designation requires approval from DBHDD. (For example, if a facility designated only as an Emergency Receiving Facility wishes also to be designated as an Evaluating Facility, DBHDD must approve and confer such designation.)
- (7) If a facility moves to a different location, the facility must submit a new application to DBHDD, which will follow its procedure in designating the new facility location as an Emergency Receiving, Evaluating, and/or Treatment Facility. A facility's designation is not transferrable to another location.
- (8) The facility must remain in compliance with the CMS regulations and accrediting body standards.
 - (a) When the Center for Medicare and Medicaid Services (CMS) or any accrediting body makes any findings related to a designated facility's Emergency Receiving, Evaluation, and/or Treatment services, the facility must provide DBHDD with those findings within 30 days of the date on which the findings are communicated to the facility.
 - (b) Additionally, a copy of any corrective action plan (including any amended corrective action plan or in-process corrective action plan) developed by the facility in response to such findings must be forwarded to DBHDD by the facility

within 30 days of the date on which the facility communicates the corrective action plan to CMS or the accrediting body.

- (9) If a designated facility is notified that it will lose or has lost any license, or will incur or has incurred a restriction or suspension of any license, the designated facility must notify DBHDD within 24 hours of its receipt of such notice.
- (10) If a designated facility wishes to remove one or more of its own designations, the facility shall give written notice to DBHDD at least 30 days in advance of the date on which it intends to cease operating under that designation.
- (11) As the department is the best suited entity to determine which facility will be the nearest of its available facilities to which an individual needing admission may be admitted, and as O.C.G.A. § [37-3-100\(a\)](#) and O.C.G.A. § [37-7-100\(a\)](#) provide the department with discretion to designate the state-owned or state-operated facility to which an individual will be admitted for emergency receiving, evaluation, and/or treatment, the department shall establish, maintain, and make publicly available procedures by which a determination is made to which state-owned or state-operated facility an individual will be admitted in the event that the individual is not admitted to a private facility. The department shall make every effort to encourage any person or entity responsible for transporting or for directing transport of an individual to a facility under the terms of Title 37, Chapter 3 and Chapter 7, to make use of these procedures.
- (12) As O.C.G.A. § [37-3-100\(a\)](#) and O.C.G.A. § [37-7-100\(a\)](#) provide that the department may designate a private facility as the facility to which an individual is to be admitted for emergency receiving, evaluation, and/or treatment if the department has obtained prior agreement of the private facility, a private facility may decline admission to an individual or limit admission to a class of individuals where such declination is otherwise lawful. Private facilities are reminded that they may be required to comply with the Emergency Medical Treatment and Labor Act (EMTALA), the Americans with Disabilities Act (ADA), and other applicable federal laws.
- (13) The department possesses the discretion, under O.C.G.A. § [37-3-100\(d\)](#) and O.C.G.A. § [37-7-100\(d\)](#), to transfer an individual from one state-owned or state-operated facility to another state-owned or state-operated facility.
 - (a) Such a transfer may be directed to accomplish efficient utilization of a facility as determined by the facility and the department.
 - (b) Individuals in voluntary legal status may only be transferred with their consent.
 - (c) Notice of any such transfer shall be provided to the individual and the individual's representatives, and the individual shall be informed in writing as to the reasons for the transfer.

- (14) If a private facility or an individual requests a transfer of an individual who has been admitted to a private facility under Title 37, Chapter 3 or Chapter 7, from the private facility to a state-owned or state-operated facility, and the individual meets criteria for admission to the department's facility, the department is required to accept admission of the individual to the state-owned or state-operated facility that the department determines is the most appropriate.
- (15) If an individual hospitalized in a state-owned or state-operated facility under Title 37, Chapter 3 or Chapter 7, requests transfer to a private facility, the department shall transfer the individual to the facility if (i) the individual can pay for the individual's treatment at the private facility and (ii) the private facility agrees to accept the individual.
- (16) As set forth in O.C.G.A. § [37-3-101](#) and O.C.G.A. § [37-7-101](#), the governing body of the county of residence of the individual involved is required, subject to Court direction, to arrange for emergency transport to an emergency receiving facility. The governing body of the county of residence of the individual involved further bears responsibility for all required transportation for mental health purposes subsequent to the initial transport.
- (a) When an individual is in the care of a facility, the facility may determine the manner of non-emergency transport required for purposes of treatment of an individual. It may request the appropriate county governing body to provide such transportation. If the facility arranges on its own for such transportation to be accomplished by a party other than the Sheriff of the appropriate county, the county shall not be billed, and the facility may bill the individual.
 - (b) In non-emergency situations, no female shall be transported without another female being in attendance unless the person transporting the female is the female's husband, father, adult brother, or adult son, as required by O.C.G.A. § [37-3-101](#) and O.C.G.A. § [37-7-101](#).
- (17) The department shall by December 31, 2021, develop and maintain policies that set forth the manner and frequency in which de-identified, aggregated data is reported to the department pursuant to O.C.G.A. § [37-3-40](#) and O.C.G.A. § [37-7-40](#).
- (18) Failure to submit the information required by O.C.G.A. § [37-3-40](#) and O.C.G.A. § [37-7-40](#) shall result in the suspension of a facility's designation as an emergency receiving facility until the required reports are submitted to the department.

Rule 82-8-1-.04. Emergency Receiving Facility.

- (1) A private facility which has been designated as an emergency receiving facility shall comply with the regulations for hospitals set forth in Georgia Comp. R. & Regs. Chapter 111-8-40, as they now exist or as may be amended.
- (2) The private facility shall arrange for the availability of a physician who will examine the patient as soon as possible, but in any event within 48 hours of admission.
- (3) The private facility shall provide at least one seclusion room that conforms with the requirements of Georgia Comp. R. & Regs § [111-8-40-.37\(5\)](#). Every seclusion area shall be equipped with shatterproof windows and a locked door that can be opened from the outside, to accommodate individuals with reasonable safety, even if such equipment is not otherwise required by § [111-8-40-.37\(5\)](#). The facility must maintain the privacy of any individual in the seclusion room by minimizing that individual's visibility to other individuals being served.
- (4) Every Crisis Stabilization Unit (CSU) shall follow the applicable DBHDD policies and applicable DBHDD Provider Manuals.
- (5) Every private facility designated as an emergency receiving, evaluating, and/or treatment facility, and every CSU, shall follow generally accepted standards and consider best practices related to discharge planning.

Rule 82-8-1-.05. Evaluating Facility.

- (1) A private facility which has been designated as an evaluating facility shall comply with the regulations for hospitals set forth in Georgia Comp. R. & Regs. Chapter 111-8-40, as they now exist or as may be amended.
- (2) The active medical staff of the private facility or the CSU shall include a physician who has completed at least one year of approved psychiatric residency. Additionally, the facility shall make available consultation by a psychiatrist as defined in Rule -.02 of this Chapter.
- (3) The private facility or the CSU shall provide at least one seclusion room that conforms with the requirements of Georgia Comp. R. & Regs § [111-8-40-.37\(5\)](#). Every seclusion area shall be equipped with shatterproof windows and a locked door that can be opened from the outside, to accommodate individuals with reasonable safety, even if such equipment is not otherwise required by § [111-8-40-.37\(5\)](#). The facility must maintain the privacy of any individual in the seclusion room by minimizing that individual's visibility to other individuals being served.

- (4) The private facility or the CSU shall utilize available resources in the community to provide psychological tests and social work services if such services are needed for the patients and do not exist within the facility. In utilizing such resources, the private facility or the CSU shall comply with the requirements of Georgia Comp. R. & Regs § [111-8-40-.37](#); and, if that regulation or any other applicable law or regulation does not permit the utilization of such resource, then this paragraph shall not be construed as authorizing its utilization.
- (5) Every Crisis Stabilization Unit (CSU) shall follow the applicable DBHDD policies and applicable DBHDD Provider Manuals.
- (6) The private facility or the CSU shall follow generally accepted standards and consider best practices related to discharge planning.

Rule 82-8-1-.06. Treatment Facility.

- (1) A private facility which has been designated as a treatment facility shall comply with the regulations for hospitals set forth in Georgia Comp. R. & Regs. Chapter 111-8-40, as they now exist or as may be amended.
- (2) The private facility shall have an identifiable program specifically designed for individuals with behavioral health challenges.
- (3) The program described at (2) immediately above shall be directed by a psychiatrist employed or contracted by the private facility.
- (4) The services provided by a private facility shall include, at a minimum, psychological services, social services, activity therapies, and rehabilitation services.
- (5) The private facility shall follow generally accepted standards and consider best practices related to discharge planning.

Rule 82-8-1-.07. Enforcement.

- (1) The administration and enforcement of these rules and regulations shall be as prescribed in Chapter 1, Chapter 3, and Chapter 7 of Title 37 of the Official Code of Georgia Annotated.
- (2) If DBHDD determines that a facility has violated one or more of the regulations in this Chapter, or has failed to comply with one or more DBHDD standards applicable to the facility, or has failed to comply with the terms of any contract or agreement the facility has with DBHDD, then, in addition to any other remedies available by law, DBHDD may enforce the regulations, standards, or contract or agreement by actions which may include:
 - (a) issuing a time-limited designation or designations to the facility;
 - (b) temporarily suspending a designation or designations of the facility;
 - (c) removing a designation or designations of the facility.
- (3) DBHDD shall give written notice of any of the actions specified at paragraph (B) above to the facility. Such notice shall clearly state the action being taken, the reason for the action, the duration of the action (provided, however, that the removal of a designation shall be understood to be permanent unless otherwise expressly stated in the notice). Such notice shall also contain information sufficient to allow a facility to exercise its rights under this Rule.
- (4) If DBHDD gives written notice as described in paragraph (C) of this Rule, and if the facility has not consented to the action described in the notice, then such action shall be subject to the provisions of Chapter 13 of Title 50 of the Official Code of Georgia Annotated, the Georgia Administrative Procedure Act. Any request for a hearing in response to such action shall be in writing and must be submitted to DBHDD no later than 10 calendar days from the date of receipt of the written notice from DBHDD. If DBHDD transmits the written notice via electronic mail (e-mail), the written notice shall be deemed received by its addressee on the date on which it was sent. The written notice from DBHDD to impose an enforcement action upon any Emergency Receiving, Evaluating, or Treatment Facility shall include the address to which a request for a hearing must be directed.
- (5) Any request for a hearing submitted pursuant to paragraph D shall comply with the following:
 - (a) If DBHDD's written notice states that the revocation or suspension is based on one or more specific findings that the facility violated a state or federal law, these regulations, and/or DBHDD policies and standards, then the request for hearing shall state each finding that the facility wishes to contest at the hearing; and shall also state whether the facility disputes (i) the factual basis of the finding; (ii) DBHDD's determination that the facility violated the law, regulation, or policy or standard; or (iii) both.

- (b) If, pursuant to subparagraph (a) immediately above, the facility disputes the factual basis of a finding, then the hearing request shall include a statement explaining why the facility believes the factual basis is untrue.
- (c) The hearing request must be sent to DBHDD at the address listed in the written notice to impose an enforcement action.
- (d) When DBHDD receives a hearing request in accordance with this regulation, DBHDD shall transmit the hearing request to the Office of State Administrative Hearings in accordance with the Georgia Administrative Procedures Act and shall otherwise comply with that Act.
