(3) Referees and Judges.

(a) General Provisions for referees.

1. The referee is the chief official of the contest and has general supervision over the bout.
2. Before the contest, the referee shall ask the name of each contestant's chief second and shall hold that chief second responsible for the conduct of the contestant during the contest.
3. Before each bout the referee shall call the contestants and their chief second together for final instructions. Referees must then instruct boxing contestants that wrestling and rough tactics will not be tolerated, and instruct the boxers to protect themselves at all times. The contestants, after receiving final instructions, shall shake hands and retire to their corners.

(b) Referee's Power.

1. The referee is the only person empowered to stop a fight during or between rounds.

2. The referee may stop a bout by disqualifying both contestants if he or she reasonably believes the contestants are not boxing in earnest.

(c) **Referee's duties.**

1. **Pre-show Instructions.** Referees shall meet with the contestants and with each chief second appointed by the contestants prior to the beginning of the show and during that meeting shall inform each party of the rules applicable to each fight as well as the in-ring conduct expected from each contestant and second assisting in the corner of each contestant.
2. **Pre-Bout Confirmation of Officials and Physician.** Prior to calling for the sounding of the bell to begin each bout, the referee in the ring will confirm that the ringside physician as well as each judge assigned to the bout is in place at ringside.
3. **Touching Contestants.** The referee shall not touch the competing boxers except when one or both contestants fails to obey the break command.
4. **Count: How to Proceed.** The referee's count is the official count. When a contestant is knocked down, the referee shall order the opponent to retire to the furthest corner of the ring, pointing to that corner. Once the opponent has so retired to the farthest neutral corner the referee will immediately pick up the timekeeper's count. The referee shall then audibly announce the passing of each second, accompanying the count upward with motions of his or her arm, indicating the count with visual finger counts at the end of each second. The referee may cease counting if the opponent fails to remain in the neutral corner until the count is complete. No contestant who is knocked down shall be allowed to resume boxing until the referee has finished counting eight. The contestant may take the count either on the floor or standing.
5. **Count: Continue for Dazed Contestant.** Should a contestant who is down rise before the count of 10 and again go down without being struck then the referee shall resume the count where he or she stopped.
6. **Saved by the Bell.** A boxer cannot be saved by the bell in any round including the final round of any boxing contest.
 - (i) When any round ends before a contestant who was knocked down rises, the bell shall not ring and count shall continue. If the contestant rises before the count of ten, the bell shall ring ending the round.
 - (ii) The one-minute rest period, delayed by the count in (i) above, shall not begin until the bell has sounded ending the round.

- (iii) A knockdown will not be awarded or scored if the blow was struck after the bell ending the round has sounded.

7. Boxers knocked out of the ring.

- (i) Any boxer knocked out of the ring shall receive a twenty (20) second count.
- (ii) During the time that any such boxer is outside the ring, he or she shall not be assisted by any member of their corner and such assistance, if offered shall end the match with that boxer losing by a technical knockout.
- (iii) As a general precaution, to protect the safety of the boxer and to prevent any potential injury, a boxer knocked out of the ring may have her or her fall stopped or slowed by any person without penalty, provided that such assistance shall only be to prevent injury from the fall and not to assist the boxer in returning to the ring.

8. Standing Eight Count. There shall be no standing eight count.

9. Knock-Out. If the contestant fails to rise before the count of 10 the referee shall declare said contestant the loser by a knockout.

10. Failure to Answer Bell. A contestant shall not leave the ring during any 1 minute rest period between rounds. If any contestant fails or refuses to resume boxing when the bell sounds signaling the commencement of the next round, the referee shall award a decision of technical knockout to his opponent as of the round which has last been finished.

- (i) If the circumstances indicate to the referee the need for investigation or punitive action, the referee may withhold giving a decision and may recommend the purse or purses of either or both boxers should be withheld pending a commission hearing.

11. The referee shall have the authority to stop a contest at any time if one of the boxers is unable or no longer able to defend himself.

- (4) **Fouls.** In general a referee has wide discretion in how to punish an offending boxer who fouls his or her opponent. If the referee determines that a foul is unintentional, he or she may simply caution the offending boxer to be attentive to rules concerning fouls. If the foul is determined to be intentional, the referee may issue a warning to the offending boxer, or may deduct one or more points from the offending boxer. **The referee may also disqualify any boxer who intentionally fouls his or her opponent.**

(a) Fouls, whether intentional or unintentional, are defined as follows:

1. Hitting below the belt;
2. Holding an opponent with one hand while hitting said opponent with the other hand, injuring the opponent;
3. Hitting an opponent who is "down" or who is getting up after being "down";
4. Holding an opponent or deliberately maintaining a clinch;
5. Butting with the head or shoulder or using the knee, injuring the opponent;
6. Hitting with the inside or butt of the hands, the wrists, or the elbows, injuring the opponent;
7. Hitting or "flicking" with open gloves;
8. Wrestling or roughing at the ropes;

13. Rabbit punches (hitting the back of the head or neck);
14. Failure to obey the referee;
15. Any physical action which may injure a contestant other than sportsmanlike boxing.

(b) **Intentional Foul.** At the referee's discretion, any foul defined in subparagraph (a) may be called "intentional."

1. Upon the first occurrence of such intentional foul and during the same round as such intentional foul occurs, the referee may, at his or her discretion and without previous warning, disqualify the offending boxer or deduct one (1) point from the offending boxer.
2. Upon the second occurrence of such intentional foul, the referee may, at his or her discretion and without previous warning disqualify the offending boxer or deduct two (2) points from the offending boxer.

3. If an intentional foul causes an injury and the injury is severe enough to terminate the bout immediately, the boxing causing the injury shall lose by disqualification.
 4. If an intentional foul causes an injury and the bout is allowed to continue, the referee will immediately notify the judges of the foul and the injury, and deduct two (2) points from the boxer who caused the foul. **Point deduction for an intentional foul that causes injury to a boxer is mandatory.**
 5. If a intentional foul causes an injury and the injury results in the bout being stopped later in the round, the injured boxer;
 - (i) If ahead on the score cards, will win by Technical Decision (TW), or
 - (ii) If behind or even on the score cards, the bout will be judges a Technical Draw (TD).
- (c) **Unintentional Foul.** Except as provided below, no point will be deducted from the score or other disciplinary action taken against either boxer for an unintentional foul unless a previous warning has been given to the offending boxer. For the purposes of this subparagraph, unintentional fouls are actions as described by sub-paragraph (a) above, which in the judgment of the referee were not intentionally caused.
1. If an unintentional foul causes an injury severe enough for the referee to stop the bout immediately, the bout result will be announced in accordance with the Uniform Championship Rules in effect at the time of the bout.

(Editor's Note: Currently the Uniform Championship Rules state that a bout stopped before four completed rounds will be reported as a "No Contest.")
 2. If an unintentional foul causes an injury severe enough for the referee to stop the bout after four (4) rounds have been completed, the bout will result in a Technical Decision (TW), awarded to the boxer who is ahead on the score cards at the time the bout is stopped.
 - (i) Partial or incomplete rounds will be scored. If no action has occurred, the round shall be scored as an even round.
- (d) **Cuts and Lacerations:** A cut or laceration caused by either an intentional or an unintentional foul may only be treated during the one-minute break between rounds, provided however that the referee may a call a brief time-out and request a physician's evaluation of the cut to determine if the bout shall be allowed to

continue. During such time-out, the cure may not be treated by the physician or any other person.

(5) Scoring.

(a) **Contestant: When Considered Knocked Down.** A contestant shall be deemed down when, after a scoring blow was struck and:

2. He or she is hanging over the ropes in a defenseless manner (a referee can count the boxer out either on the ropes or on the floor);

(b) A knockdown shall not be scored when:

1. The referee indicated that the boxer fell after slipping or being tripped.
2. The referee or the commission supervisor determines that the blow was struck after the bell sounded ending the round.

(c) **Deducting Points for Fouls.**

1. A judge shall be careful to correctly deduct any point or points from the scorecard as commanded by the referee.
2. When one or more points is to be deducted from a boxer's score, the judge shall first record his or her actual score for the round (gross points before any points are deducted) and shall then deduct the appropriate number of points from that score to arrive at a net score for the round. Notwithstanding the provisions in (d) below [10 Point Must System], the net-score for the round, after points are deducted, may result in neither boxer receiving a 10-point score.

(d) **The 10 Point Must System.**

1. The 10 Point Must system shall be used as the standard scoring of a bout.

(6) Low Blows: Intentional or Unintentional.

(a) **Recuperation Time.** Any contestant struck by a low blow may, at the discretion and after consultation with the ring physician, be given up to five (5) minutes to recuperate.

1. During such recuperation the injured boxer may sit on a stool inside the ring, or in a neutral corner, but may not rest in his assigned corner.

2. Only the referee is allowed to assist the injured boxer during the five minute rest period.
 3. The uninjured fighter, during any such rest period, may not be assisted and shall remain in the neutral corner furthest from the boxer.
- (b) **Bout Stopped by Low Blow: Decision.** Except as provided in sub-paragraph (4)(a)15. [unsportsmanlike conduct] of this rule, no contestant injured by a low blow may be awarded the contest.

- (c) **Announcement Responsibilities.**
1. The gong shall be sounded at the beginning and at the end of each round. Except as provided in (d) below [emergency suspension of round], the time keeper shall not sound the gong during the process of the round.
 - (i) Regardless of the sounding of the gong, the referee in the ring is the sole authority to announce when the round begins. Each boxer will remain in their assigned corner. The referee, once he or she is satisfied that each boxer is prepared to begin and that no condition exists which may present a medical hazard to either boxer, will announce "FIGHT."
 - (ii) The timekeeper will immediately start the clock at the referee's command of "FIGHT."
 2. Timekeepers shall alert the referee by striking the table 10 seconds prior to the end of each round.

3. Timekeepers shall blow their whistle 10 seconds prior to the end of each one minute rest period.
 - (d) **Countdown Responsibilities.** When a boxer is down, the timekeeper shall rise and start his or her count, counting one for each second until 10 is reached. After the referee has taken control of the count, the timekeeper shall be seated and cease counting.
 - (e) **Emergency Suspension of Round: Responsibility to Announce.** If the referee is absent from the ring or temporarily incapacitated the timekeeper shall immediately sound the gong for temporary discontinuance of the contest.

(85-1) Imperative Statement of Rules

- 1) **Temporary tattoos and other body colorizations** are a violation of the commission's rule prohibiting the use of cosmetics by any boxer, and as such will not be tolerated. Any boxer displaying a temporary tattoo will, prior to entering the ring, be given the opportunity to wash the tattoo or colorization off or otherwise have it removed. Failure to remove the tattoo or colorization will constitute a violation of the commission's rules, and will result in the offending boxer being disqualified from participating in the match. The match will be scored as a loss by disqualification (LDSQ) for the offending boxer. **Rule 8, (1)(i)8.**
- 2) **Each round begins with the referee's announcement "FIGHT,"** not with the sound of the gong. The time-keeper will start the clock with the announcement "FIGHT," then and only then beginning the three or two minutes of action. Each round ends with the sounding of the gong and any blow struck after the sound of the gong may result in a penalty against the offending boxer. **Rule 7, (7) (c)**
- 3) **A boxer cannot be saved by the bell in any round.** If a boxer is down at the sound of the gong, the referee will continue his or her count until the boxer rises or until the count of ten is sounded. If the boxer rises prior to the count of ten the referee will proceed with his or her duty to ensure that it is safe for a boxer to continue the match. During this time, the

standing boxer will remain in a neutral corner. Once the referee determines that it should be safe for the match to continue he or she will face the timekeeper and sound "STOP" at which time the timekeeper will sound the gong a second time and will begin the one-minute rest period. A boxer who does not stand prior to the count of ten will lose the bout by knockout (KOB) "at the end of round ____." A boxer who does stand prior to the count of ten, but is unable to continue the bout will lose the bout by a technical knockout (TKO) "at the end of round ____." **Rule 7, (3)**

- 4) **A cut may not be treated during the action portion of any round.** A brief time-out may be called by the referee if a cut appears severe and the referee believes that it should be checked by the physician. During such a time-out the physician may only check the cut (to advise the referee if the bout should be stopped). Neither the physician nor any corner person may treat the cut (to advise the referee if the bout should be stopped). Neither the physician nor any corner person may treat the cut during any called time-out. If a corner worker attempts to stop the bleeding or treat the cut, the injured boxer will lose by disqualification (LDSQ). If the bout is stopped and no disqualification was called by the referee, and the cut was caused by a head-butt, the appropriate foul rule will be invoked. **Rule 7, (4)**

Rule 85-3-.13. Judging.

- (a) All bouts will be evaluated and scored by three judges.
- (b) The 10-Point Must System will be the standard system of scoring a bout. Under the 10-Point Must Scoring System, 10 points must be awarded to the winner of the round and nine points or less must be awarded to the loser, except for a rare even round, which is scored (10-10).
- (c) Judges shall evaluate mixed martial arts techniques, such as effective striking, effective grappling, control of the fighting area, effective aggressiveness and defense.
- (d) Evaluations shall be made in the order in which the techniques appear in (c) above, giving the most weight in scoring to effective striking, effective grappling, control of the fighting area and effective aggressiveness and defense.
- (e) Effective striking is judged by determining the total number of legal heavy strikes landed by a contestant.
- (f) Effective grappling is judged by considering the amount of successful executions of a legal takedown and reversals. Examples of factors to consider are take downs from standing position to mount position, passing the guard to mount position, and bottom position fighters using an active, threatening guard.
- (g) Fighting area control is judged by determining who is dictating the pace, location and position of the bout. Examples of factors to consider are countering a grappler's attempt at takedown by remaining standing and legally striking; taking down an opponent to force a ground fight; creating threatening submission attempts, passing the guard to achieve mount, and creating striking opportunities.
- (h) Effective aggressiveness means moving forward and landing a legal strike.
- (i) Effective defense means avoiding being struck, taken down or reversed while countering with offensive attacks.
- (j) The following objective scoring criteria shall be utilized by the judges when scoring a round:

1. A round is to be scored as a 10-10 Round when both contestants appear to be fighting evenly and neither contestant shows clear dominance in a round;
 2. A round is to be scored as a 10-9 Round when a contestant wins by a close margin, landing the greater number of effective legal strikes, grappling and other maneuvers;
 3. A round is to be scored as a 10-8 Round when a contestant overwhelmingly dominates by striking or grappling in a round.
 4. A round is to be scored as a 10-7 Round when a contestant totally dominates by striking or grappling in a round.
- (k) Judges shall use a sliding scale and recognize the length of time the fighters are either standing or on the ground, as follows:
1. If the mixed martial artists spent a majority of a round on the canvas, then:
 - i. Effective grappling is weighed first; and
 - ii. Effective striking is then weighed
 2. If the mixed martial artists spent a majority of a round standing, then:
 - i. Effective striking is weighed first; and
 - ii. Effective grappling is then weighed
 3. If a round ends with a relatively even amount of standing and canvas fighting, striking and grappling are weighed equally.

- (e) A fouled fighter has up to five minutes to recuperate.
- (f) If a foul is committed, the referee shall:

- (d) If an injury sustained during competition as a result of an intentional foul cause the injured contestant to be unable to continue at a subsequent point in the contest, the injured contestant shall win by technical decision, if he or she is ahead on the score cards. If the injured contestant is even or behind on the score cards at the time of stoppage, the outcome of the bout shall be declared a technical draw.
- (e) If a contestant injures himself or herself while attempting to foul his or her opponent, the referee shall not take any action in his or her favor, and the injury shall be treated in the same manner as an injury produced by a fair blow.

- (g) If an injury sustained during competition as a result of an accidental foul is severe enough for the referee to stop the bout immediately, the bout shall result in a technical decision awarded to the contestant who is ahead on the score cards at the time the bout is stopped only when the bout is stopped after two rounds of a three round bout, or three rounds of a five round bout have been completed.
- (h) There will be no scoring of an incomplete round. However, if the referee penalizes either contestant, then the appropriate points shall be deducted when the scorekeeper calculates the final score.

passing of each one-second interval, indicating its passage with a downward motion of the arm.

- (2) Any time a contestant is knocked down, the referee shall automatically begin a mandatory eight-count and then, if the contestant appears able to continue, will allow the bout to resume. The timekeeper, through effective signaling, shall give the referee the correct one-second intervals for the count. The referee's count is the only official count.

- (4) Should a contestant who is down rise before the count of ten is reached and then go down immediately without being struck, the referee shall resume the count where it was left off.
- (5) If the contestant taking the count is still down when the referee calls the count of ten, the referee shall wave both arms to indicate that the contestant has been knocked out and will signal that the contestant's opponent is the winner.
- (6) A round's ending before the referee reached the count of ten will have no bearing on the count. The contestant must still rise before the count of ten to avert a knockout.
- (7) Should both contestants go down at the same time, the referee shall continue to count as long as one of the contestants is down. If both contestants remain down until the count of ten, the contest will be stopped and the referee shall declare the bout to be a technical draw. However, if one contestant rises before the count of ten and the other contestant remains down, the first contestant to rise shall be declared the winner by knockout. Should both contestants rise before the count of ten, the round will continue.

Should the contestant stall for time outside the ropes, the referee shall start the count without waiting for the contestant to re-enter the ring.
- (2) Once a fallen contestant re-enters the ring, the referee may either resume the contest or start the round from the moment that the contestant is back in the ring.
- (3) Whenever a contestant falls through the ropes, the contestant's opponent must retire to the farthest corner, as directed by the referee and remain there until ordered to resume the contest.
- (4) A contestant who deliberately wrestles or throws an opponent from the ring, or who hits an opponent who is partly out of the ring and thus prevented by the ropes from assuming a position of defense, may be penalized.

Rule 85-4-.30. Scoring.

- (1) The judges shall score all contests and determine the winner through the use of the 10-Point Must System. In this system the winner of each round receives ten points and the opponent receives a proportionately smaller number. But in no circumstances shall a judge award the loser of each round fewer than seven points. If a round is judged even, each contestant shall receive ten points. No fraction of points may be given.
- (2) Judges should base their scores on the relative effectiveness of each contestant in a given round.
- (3) Generally, sweeps should not be given the same weight as an official knockdown. Judges should watch for the technique's effectiveness in slowing down a contestant.
- (4) Further, a contestant who aggressively presses an opponent throughout a round, but cannot land a threatening kick or punch, should not be judged as favorably as the contestant who back-pedals throughout the round but counter-attacks with visible impact.
- (5) More specifically, the judges shall award points to contestants on the basis of round-by-round outcomes and in accordance with the following scores:
 - (a) 10 points to 10 points whenever neither contestant dominates the other with superiority in effectiveness.

- (b) 10 points to 9 points whenever the winning contestant dominates the losing contestant with a marginal superiority in effectiveness.
 - (c) 10 points to 8 points whenever the winning contestant dominates the losing contestant with exceptional above-the-belt kicking technique, or whenever the winning contestant dominates the losing contestant with a significant superiority in effectiveness as might be indicated by one knockdown.
 - (d) 10 points to 7 points whenever the winning contestant dominates the losing contestant with an overwhelming superiority in effectiveness as must be indicated by more than one knockdown.
 - 1. Following each round and at the termination of the contest, the referee shall pick up the ballots of the judges. The referee shall then deliver the ballots to the scorekeeper who shall tally all scores, subtract all penalties and deliver the totals to the Commission representative assigned to verify them. The majority opinion of the three judges, less penalty points, shall be conclusive. If there is no majority opinion, then the decision shall be a draw.
- (6) When the Commission representative has completed verifying and totaling the scores, the announcer then in turn shall inform the audience of the decision over the public address system. The referee shall raise the winner's hand.
