directions

COOTIE CATCHER (page 2)

The classic kids' game remade for Thanksgiving fun. Instead of a fortune, you land on a question or suggestion.

Make Print and trim into square. Design side up, fold diagonally so opposite corners meet (Pumpkin to Turkey, then Leaves to Pie), opening after each fold. Turn print side down. Fold corners to center, creating smaller square. Turn over again, fold corners to center again, creating even smaller square. Fold in half, creating rectangle. Pinch under flaps with thumbs and index fingers.

Play Pick a picture. Close and open cootie catcher once for each letter in word, alternating directions with each pinch. Pick a number. Count off as you alternate pinches. Pick a number. Open flap and follow the instruction.
