Important information

Arbitration, Jury Trial Waiver & Litigation Class Action Waiver

The Bank Services Agreement (“BSA”) referred to throughout this agreement governing Truist deposit accounts contains separate Arbitration, Jury Trial Waiver and Litigation Class Action Waiver provisions which govern how disputes and claims between you and Truist are resolved. Similar provisions are also included within the credit card agreement applicable to your account. Please carefully review these provisions included within your credit card account agreement and in the enclosed Bank Services Agreement.

Direct Deposits and Automatic Drafts

Your checking, savings, and money market account number(s) and routing number won’t change. This means that if you currently receive direct deposits or automatic drafts (ACH transactions), Truist will continue to accept transactions that have valid information from your SunTrust account(s).

Direct deposit allows you to have your paycheck, Social Security, pension or almost any other type of regular payment deposited automatically into your Truist checking or savings account. To enroll in direct deposit, visit online banking or your Truist branch.

Truist Overdraft Protection

It can happen to all of us—you thought your checking or money market account balance was higher, and you used your debit card or ATM card for more than your account balance. It’s easy to avoid the hassles and some of the costs of an overdraft. Simply designate any of the following Truist accounts as your source of Overdraft Protection:

- Savings account
- Another checking account
- Money Market account
- Credit card¹
- Personal Line of Credit¹
- Truist Ready Now Credit Line¹
- Home Equity Line of Credit²
- Wealth/Premier Secured Line of Credit
- Wealth/Premier Personal Line of Credit
- If you're using a Truist credit card or other Truist loan or line of credit as your protector account, additional fees may be charged for using that account. Be sure to review your credit card or loan agreement before selecting a loan account as your protector account.
- If your credit card is linked as overdraft protection, advances for overdraft protection will no longer be transferred in \$100 increments; instead, Truist will transfer the exact dollar amount needed to cover the overdraft transaction(s).
- Your current Overdraft Protection election will continue with your new Truist account.
- If you have both Overdraft Protection and Overdraft Coverage, Truist will use your Overdraft Protection first. If you have neither, everyday debit card and ATM transactions that exceed your account balance will be declined.
- Additional information is available at Truist.com/thefacts.
- Truist may charge a \$12.50 transfer fee, per linked protected account, each day an automatic transfer is required. There's no fee for transfers less than \$5. You can avoid a fee if you transfer or deposit funds (and no hold is placed on the deposit) to cover the overdraft transaction(s) by the daily cutoff time, on the same business day.

¹ Subject to credit approval.

² Home Equity Lines of Credit are not eligible for Overdraft Protection in Texas.

Truist Overdraft Coverage

Please review the Truist Overdraft Decision Notice on page 37 for information about our Overdraft Coverage service.

Overdraft Coverage allows Truist, at its discretion, to authorize and pay transactions on ATM and everyday debit card purchases (also known as one-time debit card transactions) when you don't have enough money in your account. You have the right to decide if you want to participate (opt in), or not to participate (opt out), in Overdraft Coverage. Your decision to opt in or opt out of Overdraft Coverage will be effective the next business day. Truist pays overdrafts at its discretion, which means that we do not guarantee that we will always authorize and pay any type of transaction. If we don't authorize and pay an overdraft, your transaction will be declined or returned. Under Truist's Overdraft Coverage service:

- Truist may charge you an overdraft fee of \$36 each time we pay an overdraft on your behalf.
- Truist may charge you a Negative Account Balance fee of \$36 if your account balance remains negative for seven consecutive calendar days.
- Truist limits the total number of combined overdraft and returned item fees to six per day.
- Truist will waive overdraft/returned item fees for transactions that are less than \$5.
- You can avoid a fee if you transfer or deposit funds (and no hold is placed on the deposit) to cover the overdraft transaction(s) by the daily cutoff time, on the same business day.
- Please use one of the channels listed on the Overdraft Decision Notice if you would like to change your Overdraft Coverage decision.
- If you have both Overdraft Protection and Overdraft Coverage, Truist will use your Overdraft Protection first. If you have neither, everyday debit card and ATM transactions that exceed your account balance will be declined.
- Additional information is available at Truist.com/thefacts.

How we process your deposits and withdrawals

The ways Truist posts transactions to your account are described in the enclosed Bank Services Agreement under the Withdrawals and Debits section. Below is a description of the usual order for the most common transactions that post to an account during nightly processing.

Transactions are processed at the end of each banking day (Monday through Friday except federal holidays) during what is known as nightly processing. Once your transactions are processed, the results are posted to your account.

Truist will post items to your account based on your available balance which can be impacted by pending transactions, such as debit card transactions that we have authorized but not yet paid. Once the available balance is determined, prior day credits and debits will post before current day credits and debits. Once prior day credits and debits are determined, transactions will be sorted into groups and prioritized by Group (items in Group 1 would post before items in Group 2 and items in Group 2 would post before items in Group 3, etc.). Within each group, items will be posted by time authorized (e.g., when you got gas with your debit card), performed (e.g., when you took money out at the ATM), received (e.g., when your gym debited your monthly membership fee) or processed by the bank. When items are received at the same time, we will post those in "low to high," or ascending, dollar amount order. Items sent by merchants for authorization prior to being submitted for final payment will post according to the date and the time of the authorization request.

Group Priority Order	Description
1	(+) Deposits and Credits will be posted to your account first. This includes cash and check deposits and incoming transfers, received before the cutoff time at the location the deposit or transfer was made.
2	(-) Bank-initiated transactions such as corrections and Deposited Item Returned Checks
3	(-) Client-initiated withdrawals and debits such as debit card purchases, ATM withdrawals, account transfers, and teller-cashed checks. If we receive more than one of these transactions for payment from your account, we will generally sort and pay them based on the date and time you made the transactions.
4	(-) Client-initiated withdrawals and debits such as ACH (automated payments) for bills you pay by authorizing a third party to withdraw funds directly from your account. If there is more than one of these types of transactions, they will be sorted by the date and time that they are received. Multiple transactions that have the same time will be sorted and paid from lowest to highest serial number.
5	(-) Client-initiated Checks will be posted and sorted in sequential order.
6	(-) Bank Fees such as monthly maintenance fees will post to your account last. Please note that some fees will be posted to your account at the time they are incurred and others, like maintenance fees, will post last.

Deposit Statements

You should receive your last SunTrust statement(s) in February 2022, and your first Truist statement(s) will be mailed during your next scheduled statement cycle after February 20, 2022. We may automatically combine your BB&T and SunTrust checking, savings, and overdraft protection account information into one statement. However, if you already have combined statements, they may not be combined after the conversion of your accounts in February. To request your combined statement(s), please visit your Truist branch after February 22, 2022.

Online Statements

If you receive SunTrust statements electronically you can continue to sign in to online banking to access your statements. PLEASE NOTE: If you have already elected to receive electronic statements, this will continue with Truist. This also means that you'll receive electronic notices related to overdrafts or insufficient funds. If you currently receive your statements through U.S. mail, you will continue to receive them by mail unless you set online-only delivery for your statements from online banking at Truist.

To turn off mailed statements for Truist, sign into Truist online banking and change your statement delivery options. You can set email or text alerts to notify you when your statement and other account communications are available online.

Image Statements

Truist offers the option to receive images of checks and other debit items in monthly statements; however, images of deposit tickets or other credits are not provided. Check images with statement displays front and back, five per page. Enhanced Check Images with statement displays front and back, three per page. Additional fees may apply for image statements. Please see the Fee Schedule on page 32. Check images and deposit tickets are available free of charge through online banking.

Checks

Your bank routing number and personal account numbers are not changing, so you can continue to use your current SunTrust checks and deposit slips as you normally would until you run out. Whenever you need to order new checks you can do so at Truist.com or at any Truist branch. Your new checks will have the Truist name and logo, using the same routing and account numbers.

FDIC Insurance

Your deposits at Truist will continue to be insured by the FDIC up to the maximum amount allowed by law. Any deposits you held separately at SunTrust and at BB&T, prior to the merger date of December 6, 2019, were insured separately for a period of six months from the merger date. Any deposit made to any account you opened on December 6, 2019, or thereafter, in either a SunTrust location or a BB&T location, is a Truist deposit for FDIC insurance purposes.

Certificates of Deposit are insured separately for six months from the merger date or until maturity, whichever is later. In addition, if you have a Certificate of Deposit that is renewed for the same term and amount during this six-month transition period, the Certificate of Deposit will continue to be insured separately until the next renewal date.

After the six-month transition period, your deposits at SunTrust and at BB&T were added together for the purpose of determining the amount of your FDIC coverage. Your total deposits at Truist that are in the same ownership rights and capacity will be insured up to \$250,000. If you have more than \$250,000 in total deposits at the combined banks, you may call the FDIC directly at 877-275-3342 for more information on how your funds may be insured at Truist.

If a credit is subsequently given for a transaction, it will be decreased by up to three percent (3%). If the credit has a different transaction processing date, then the exchange rate of the credit can be greater/less than that of the original transaction. The currency conversion rate on the day before the transaction processing date may differ from the rate in effect at the time of the transaction or on the date the transaction is posted on the account. Wealth Checking accounts are exempt from the 3% fee. AMA Checking accounts are subject to the 3% fee. The converted amount shall be provided in U.S. dollars. Plus and Interlink are VISA[®] network brands and transactions processed on these networks are also subject to rates detailed above.

Delta SkyMiles[®] Debit Card Annual Fee

The Delta SkyMiles[®] Debit Card annual fee is charged 45 days after the open date of the card. For Truist Dimension Checking accounts, the initial annual fee will be based on the sum of highest monthly average ledger balance of your combined eligible Truist consumer deposit balances on that date. Eligible Truist consumer deposit balances includes all checking, savings, Certificate of Deposit, Individual Retirement Account and/or all consumer investments through Truist Investment Services, Inc. titled in the owner or the co-owner's name. Thereafter, for Truist Dimension and Signature Advantage Checking (no longer offered), we will use the highest average monthly ledger balance of the 3 most previous months to determine your annual fee. Annual fee tiers are defined as follows: a) highest 3-month average ledger balance of less than \$25,000 is charged an annual fee of \$95 b) highest 3-month average ledger balance of \$25,000 and less than \$100,000 is charged an annual fee of \$75 and c) highest 3-month average ledger balance of \$100,000 or more is charged an annual fee of \$25. Annual fee will be calculated at the end of the month prior to the annual fee being charged. For Truist Wealth and Truist Asset Management Checking account clients, the annual fee will be discounted to \$0. For Delta SkyMiles[®] cards opened before July 15, 2015, and not associated with a Truist Dimension Checking or Signature Advantage Checking Account, the annual fee is \$95. For clients whose relationship segment changes, the annual fee will be adjusted upon the next annual fee billing date. Truist Overdraft Decision Notice

This Notice is only applicable for consumer deposit accounts

What you need to know about overdrafts and overdraft fees

An overdraft occurs when you do not have enough money (available balance¹) in your account to cover a transaction, but the bank pays it as a courtesy. Truist can cover your overdrafts in two different ways:

1. We have standard overdraft practices that come with your account.
2. We also offer Overdraft Protection plans, such as a link to a savings, money market, or another checking account, line of credit, or credit card, which may be less expensive than our standard overdraft practices.

The remainder of this notice explains our standard overdraft practices.

What are the standard overdraft practices that come with my account?

Unless you request this specific Overdraft Coverage service, Truist will not be allowed to pay overdrafts and assess a fee for:

- **ATM Transactions**
- **Everyday debit card transactions² (also known as one-time debit card transactions)**

Your request allows Truist to consider paying the overdraft for which you will incur a fee. This is your choice. If you do not request this service, or if Truist chooses not to authorize the overdraft, your transaction will be declined.

The following types of transactions are not affected by your request. We may authorize and pay overdrafts on these transactions and fees may be incurred.

- **Checks and other transactions made using your checking account number**
- **Automatic bill payments**

Truist pays overdrafts at its discretion, which means that we do not guarantee that we will always authorize and pay any type of transaction. If we do not authorize and pay an overdraft, your transaction will be declined or returned.

What fees will I be charged if Truist pays my overdraft?

Under Truist's Overdraft Coverage service:

- Truist will charge you an overdraft fee of \$36 each time we pay an overdraft on your behalf.
- Truist will charge you a negative account balance fee of \$36 if your account remains negative for seven consecutive calendar days.
- Truist limits the total number of combined overdraft and returned item³ fees to 6 per day.
- **Truist will waive overdraft/returned item fees for transactions that are less than \$5.**

How do I change my decision for Overdraft Coverage?

To change your Overdraft Coverage decision at any time, you may submit a request in one of the following ways:

- Visit our website at Truist.com/overdraft
- Log in to online banking at Truist.com
- Call 844-4TRUIST
- Visit any Truist branch
- Access a Truist ATM (ATMs owned / operated by Truist)

Your decision will be effective the next business day. Your decision will be effective until you make another decision for this account. If you do not request Overdraft Coverage, we will automatically decline all of your ATM transactions and everyday debit card transactions that would overdraft your account.

¹ Your available balance is the money in your checking or savings account that is currently available to you to make purchases, withdrawals, etc. It reflects any processed and pending transactions, as well as any holds. For more information about how your available balance is calculated and when/how overdraft fees may be assessed, please visit Truist.com/the facts.

² We rely on transaction coding sent to us by the merchant or other third-party to determine whether your debit card transaction is one-time or recurring, which affects whether or not we would authorize these transactions at our discretion and whether fees may be assessed.

³ Returned Item fee is a fee that is incurred when a check or ACH item is returned unpaid due to not having a sufficient available balance.
